F. Dominguez, Local Attorney, Believed Dying

Frank Dominguez, widely known Los Angeles attorney, was so crit-ically ill at his home last night that little hope was held for his recovery.

Mr. Dominguez, who lives at 320 North Arden Boulevard, has been in ill health for almost a year. Of late his condition has been serious and he has been fail-ing rapidly. Yesterday he suffered a sinking spell that gave rise to doubt that he could recover. His illness was precipitated by grief over the loss of his wife, who died a year ago last February.

Japanese Town Badly Damaged by Earthquake

[BY CABLE AND ASSOCIATED PRESS]

OSAKA (Japan) May 23.—A severe earthquake occurred at 11:08 this morning. It centered in the Tajima district, eighty miles northwest of Osaka. The town of Toyooka is reported badly dam-aged. There was no damage in Osaka. Tokio and Yokohama were not affected.

Field Marshal Earl French

KING ALBERT MAY DISMISS PARLIAMENT

Great Difficulty Faced in Replacing of Cabinet Overthrown in Chamber

[BY CABLE AND ASSOCIATED PRESS]

BRUSSELS, May 22.—Dissolu-tion of Parliament, new elec-tions, a Cabinet formed outside the political parties or a ministry re-cruited from the Catholics, Lib-erals and Socialists were the al-ternatives facing King Albert this evening, after his acceptance of the resignation of Premier Aloys Van de Vyvere, whose ministry was overthrown in the Chamber of Deputies today on a vote of lack of confidence.

King Albert is reported, in view of the difficulties that have been encountered in the formation of a stable Cabinet, as favoring disso-lution of Parliament. Burgomas-ter Max of Brussels, leader of the Liberals, is being severely criti-cized in certain nationalist quar-ters for his failure to support M. Van de Vyvere. In these quarters tonight it was said that the pop-ularity of the Burgomaster, which he achieved during the World War through his stubborn resistance to the Germans and his subsequent exile, is waning.

BRITISH WAR CHIEF DIES

Marshal French Passes

End Comes to Hero of Ypres With Controversy Raging Over His Strategy

Leader of First Expedition Against Germans in 1914 Had Striking Career

[BY CABLE AND ASSOCIATED PRESS]

DEAL (Eng.) May 22. — The death here today of the Earl of Ypres, who as Field Marshal French was a British World War figure, came at a time when his great reputation was somewhat under a cloud, while controversy raged over his military strategy in France.

The Earl, who was 73 years of age, had been ill since March 19, when he underwent an operation for appendicitis in a private hospi-tal in London.

The controversy concerning the Earl of Ypres has been before the British public particularly since he published his book on the war entitled "1914," which contained much outspoken and adverse criti-cism of his subordinates and some French generals, and which did not except Lord Kitchener. The argu-ment has been especially bitter concerning the battle of Lecateau and Gen. Smith-Dorrien's part in that battle.

Just at the time of the opera-tion on the Earl, Smith-Dorrien had published a book making a spirited defense against the Earl of Ypres's attacks on him in con-nection with the battle.

It is considered a coincidence that a week ago in a public speech, Lord Oxford, formerly Herbert H. Asquith, paid a tribute to the five great men of the war, Lords Haig, Jellicoe, Kitchener, Gen. Sir John Cowans, and ex-Prime Minister David Lloyd George, but made no mention of the Earl of Ypres. This significant omission was much com-mented upon at the time.

LED FIRST EXPEDITION

The Earl of Ypres's command of the Old Contemptibles, as Great Britain's first small expeditionary force to France became known, will, however, always be remem-bered with gratitude by his coun-trymen who will desire to honor him in his death. There is also the memory of his long and great services to his country in many fields of public endeavor, including his service as Lord Lieutenant of Ireland during the troublesome times after the end of the war un-til the creation of the Irish Free State. It was during this period that an attempt was made to as-sassinate him. His death has oc-curred very soon after that of an-other British World War figure, Lord Rawlinson, who died while serving as commander-in-chief of the British forces in India.

The Earl of Ypres never fully recovered after an operation for appendicitis he underwent in a London nursing home in March. His condition had improved by the end of April, but about a fort-night ago he had a relapse and he was taken to his home in Deal last Sunday. He was said to have stood the journey well and this gave rise to renewed hope of re-covery, but it now appears the doctors concealed his real condi-tion and he was only taken home to die.

CALLED LUCKIEST IN ARMY

Rising to the highest places and honors in British military circles, the Earl of Ypres often was char-acterized as "the luckiest man in the army" and French's luck be-came almost proverbial among the British soldiers. Later events, how-ever, caused a difference of opin-ion as to whether the luck had been on the soldier's side or on that of the British army and the British Empire.

Perhaps the most important event of his career which had to do with these two ideas was the historic battle of Ypres in the World War, the winning of which barred the channel ports from the Germans and saved England from probable invasion. It was at Ypres that the Germans first resorted to their deadly gas attacks.

What was termed the Earl's big-gest piece of sheer luck occurred in 1895 when the British military authorities decided to revise the cavalry drill book as a prelude to reorganization of the mounted arm. At that time he was Col. French, on the retired list at half pay and had been for two years, having been shelved at the age of 41 to give younger men a chance for promotion. His career appar-ently was ended.

OUT OF RETIREMENT

It happened that the inspector-general of cavalry was Sir George Luck, under whom French had served in India, where he per-formed brilliantly in bringing cav-alry commands up to a high point of efficiency. Sir George had not forgotten that service and brought Col. French out of retirement to write the new cavalry book. The result was characterized as "a masterpiece of lucid explanation and terse precision." Then the question arose as to who was to carry out the alterations called for in the book. Some answered "the one who suggested them." French was made assistant adju-tant-general of cavalry and pro-ceeded to climb upward to the command of the first 100,000 Brit-ish soldiers who met the first ter-rific onslaughts of the Germans in the World War.

The Boer War was to French only another opportunity to show the ability which the British mili-tary authorities had shelved seven years before. He was given the chief cavalry command and in

The Only Backing He Needs!

TIMIDITY OF BUSINESS MEN ATTACKED BY JUDGE GARY

Steel King Calls for Confidence in Future; British Envoy Bids for American Markets

[BY A. P. NIGHT WIRE]

NEW YORK, May 22.—Elbert H. Gary, president of the American Iron and Steel Institute, today told more than 1000 leaders in that industry at their annual meeting that while business conditions in the United States are good, they are not entirely satisfactory.

Discussing the diseases of busi-ness, he listed as most serious im-pediments, high taxation, war con-ditions, political interference, the timidity of manufacturers and self-ishness.

"Possibly the worst disease that afflicts the business structure of the United States, at least," he said, "is the abnormal, uncertain, tim-id and ill-poised mental attitude of the managers themselves, in-cluding ourselves.

TAXES ARE BURDEN

"High taxes have brought a ter-ribly heavy burden in the United States. Business generally sorely needs and therefore respectfully demand lower rates of taxation."

While business men are grateful for the relief already granted them and for the vigorous approach of the problem by President Coolidge and his Cabinet, there is still great need for additional relief to pro-tect industry, he said. The steel business in the future should be good, and reasonably profitable, he said, adding that the industry is not receiving as much return on capital invested as before the war.

Industrial awakening of China was predicted by Dr. Cheng-Ting Wang, High Commissioner to Rus-sia in the present Chinese govern-ment, who said that the China of the future would be industrial rather than agricultural as at present.

PLEA FOR CHINESE

"It is a credit to the genius and resourcefulness of the Chinese people," he said, "that despite treaty restrictions, lack of official encouragement and such paralyz-ing agencies as civil wars, floods, famines and other calamities, the country has been able to register sufficient industrial progress to enable her foreign trade in im-ports and exports to jump from $2,000,000 silver dollars to $2,000,-000000 silver dollars in less than fifty years."

While expressing gratitude to the various powers at the Disarma-ment Conference for adopting a policy of assistance toward China, Dr. Wang said:

"It is regrettable that the Wash-ington Disarmament Conference did not do more for the Chinese people. If the maximum amount of co-operation had been rendered there cannot be the slightest ques-tion of China forging ahead in every line of national development in what would be acclaimed as record time."

Mr. Gary, who has been presi-dent of the institute since its incep-tion in 1914, was re-elected.

BRITISH NEEDS TOLD

Great Britain must increase her markets in the United States if she is to meet her indebtedness to the American government and maintain her position as this nation's prin-cipal purchaser, Ambassador Sir Esme Howard tonight told the in-stitute, adding that unless En-gland's unfavorable trade balance with the United States is greatly reduced they will have to buy else-where.

Equalization of British imports and exports, the Ambassador as-serted, will tend to restore the nor-mal flow of world commerce and would be a great step toward the return of the world to normal.

Although the United States and Great Britain are each other's best customers, he pointed out, the lat-ter imports twice as much from America as she exports to this country.

He drew a gloomy picture of

(Continued on Page 2, Column 5)

HURRY! CONTEST TO END TODAY AT 5 O'CLOCK P.M.

The "pied line" contest for the best solutions of Jack Boyle's "Daggers of Jade" mystery will close this afternoon at 5 o'clock. Mailed entries will be accepted if postmarked before that hour, or manuscripts may be left in the contest box on the first floor of The Times Building at First and Broadway. If mailed, entries should be ad-dressed to Story Contest Editor.

Some entrants have written The Times that they may not be able to complete their solutions before the closing hour. All contestants are urged to send in their manu-scripts, even if not entirely finished. There are likely to be others in the same boat so that, even if your solution is not perfect, it may win a prize.

Remember there is $555 in cash to be distributed to the winners. Even if you feel that you haven't a chance, send in your manuscript anyway. You never can tell.

HUGE BONES ASSEMBLED IN MUSEUM

Twenty-five Ton Dinosaurs Being Reconstructed from Fossilized Skeletons

[EXCLUSIVE DISPATCH]

CHICAGO, May 22.—Monsters weighing twenty-five tons each, which roamed the earth 10,000,000 years ago, are being reconstructed in the paleantological rooms of the Field Museum by experts, who are assembling the fossils recently brought from South America by Prof. Riggs.

Steel pulleys and chains were necessary to haul into upright posi-tion two thigh bones of dinosaurs, one of which is six feet, seven inches long and weighs 930 pounds. The other was slightly smaller. The shin bone of another dinosaur is fully half as long as the aver-age human figure.

The bones, fossilized by the ages until they are so hard that a steel drill hardly scratches them, were brought from the San Ber-nardo Hills of Chubut, Argentina, by Capt. Marshall Field's expedi-tion, led by Prof. Riggs. This ex-pendition covered 5000 miles on the southern continent in the last two and a half years. The larg-est dinosaur must have been fully ninety feet long.

This fossil is the fourth largest in the world of its kind. A mu-seum expedition found one in Colorado which is six feet, eight inches long, but not so heavy. This is the remnant of the thigh bone alone and from it the entire size of the dinosaur may be conjec-tured.

COLONEL IS ONLY RAIDER TO BE FOUND

Search for Men Who Rode With Morgan Shows Time Has Depleted Ranks

[EXCLUSIVE DISPATCH]

LEXINGTON (Ky.) May 22.—As striking evidence of what time has done to quench the fire of the "Johnny Rebs," who rode with Morgan, Confederate cavalry lead-er, on his memorable raids dur-ing the Civil War, but one of them can be found today who is able to ride a horse to re-enact the role which distinguished them in military annals, Col. R. M. Redd of this city is believed to be the sole survivor who can still fill the role.

Col. Redd was recently commis-sioned by the general committee, which has charge of the sesqui-centennial celebration to be held here the first week in June in honor of the founding of Lexing-ton and the visit of Gen Lafay-ette, to gather a group of Con-federate veterans who belonged to Morgan's cavalry for presenting one of their raids as an episode of the historical program.

After a canvass, Col. Redd was forced to report inability to find any veteran able to aid him to "cut the pigeon wing."

WOODCRAFT PARLEY OPENS

[BY A. P. NIGHT WIRE]

EUREKA, May 22.—The Neigh-bors of Woodcraft of California opened a three-day convention here today. About 150 delegates were present.

HEAT SETS NEW MARK

Chicago Records Are Broken

Midwest Swelters as Mercury Rises to High Point for May 22

Phenomenal Jumps Reported from Various Points; Parks Crowded

[EXCLUSIVE DISPATCH]

CHICAGO, May 22.—Today was the hottest May 22 in the fifty-four years the local Weather Bu-reau has been keeping records. It was the third hottest May day ever registered here. The height was reached at 3:30 o'clock this after-noon when the official thermometer reading was 93 deg.

Chicago and the entire Missis-sippi Valley sweltered under a sud-den blanket of heat that in this city leaped from a temperature of 52 at 7 o'clock in the morning to a point 41 deg. higher at 3:30 when the records were shattered.

One death was reported as due to the midwestern heat. In Lin-coln, Neb., a railroad section hand dropped dead. But climatic condi-tions today and last night caused a total of six other deaths. A storm of almost cyclonic volume swept over Southern Illinois and left three dead in its wake. A similar storm took a toll of three lives in Colorado.

IOWA TOWN HOTTEST

Today's May 22 mark is only ex-ceeded in Chicago Weather Bu-reau history by two marks of 94.2 deg. made on May 25 and 26, 1911.

The highest temperature report-ed in the Mid West today was 101 deg., registered at Boone, Iowa. Dodge City, Kan., was close behind with 100 deg. No city reported lower than 90 deg.

Here are some of the tempera-tures reported:

Rockford, Ill., 93; Galesburg, 91; Aurora, 92; Springfield, 94; Lin-coln, Ill., 95; Cairo, 94; St. Louis, Mo., 90; St. Paul, Minn., 90; Omaha, Neb., 93; Oklahoma City, 93; Wichita, Kan., 93; Huron, S. D., 94; Grand Haven, Kan., 96; Des Moines, 96; Davenport, 92, and Milwaukee, 81.

The wildest heat story came from Milwaukee, where official readings showed that the temperature jumped 28 deg. in twenty minutes.

In Michigan, the grape crop had suffered a loss of about 50 per cent of average because of the cold spell which froze the tender blooms. And the Michigan straw-berry farmers had been hit for a $2,000,000 loss for the same rea-son.

The warm weather of the last few days, however, coupled with the hot breath of July weather of today, has brought out a second growth of blooms and a bumper crop is now looked for.

All field crops, dormant because of the lingering cold, will gain from today's heat, it was said, un-less it should be too long continued.

MAD-DOG SCARE

Chicago had its first mad-dog scare of the season. The dog dashed into the St. Agnes School and frightened scores of children. A teacher beat it into a closet and a policeman came and lassooed it, then took the animal to the pound.

At 11 o'clock this morning the temperature here was at 75 degrees and the citizenry began to realize that something was brewing. When the thermometer climbed seven points in the next hour, when the luncheon gongs struck at 12 o'clock there was a general trek to the nearest hattery. Almost in a twinkling the streets bloomed with straw hats.

The bathing girl made her ap-

(Continued on Page 2, Column 3)

NORTH POLE ATTAINED?

Lack of News is Held Favorable

Failure of Amundsen Planes to Return to Base Seen as Sign of Success

Excellent Weather Bolsters Faith That Air Pioneers Have Reached Goal

BY JAMES B. WHARTON

[BY CABLE—EXCLUSIVE DISPATCH]

[Copyright, 1925, in United States and Canada, by North American Newspaper Alliance.]

KING'S BAY (Spitzbergen) May 22.—(By Radio from Steamer Farm.)—There is no lessening of confidence here today in the success of the polar flight, although a full twenty-four-hour period has passed without news.

It was agreed that this delay merely indicated that the two planes had probably, according to plan, made a landing at the pole. For if they had been unable to land, they should have been back at King's Bay within fifteen or six-teen hours.

Our leaders were not alarmed at the delay. They said they did not expect the return of Amundsen and Ellsworth before midnight to-night, being certain that a polar landing place had been found and that the desired program of ob-servations and ceremonies would be carried out deliberately and without unnecessary haste.

The weather, which holds the lives of the flyers in its willful caprice, was apparently in a mood of constancy today. Wind and temperature were gorgeously clear and mild. The water around Dane's Island was almost ice-free, and our meteorologists said that the atmospheric conditions which existed around us probably stretched unchanged all the way to the pole. With such atmos-pheric clarity as surrounded the Farm this afternoon, it was obvious that the flyers could pick up the jagged peaks of Spitsbergen from a point almost half way to the pole.

TEMPERATURE ABOVE ZERO

The thermometer today averaged 17 deg. above zero, Fahrenheit, at Dane's Island, and was probably 10 deg. above zero at the pole. The meteorologists awaited eagerly their daily telegrams giving weather conditions in Russia Si-beria, for that is the zone from which the only possible unfavor-able developments might come.

All day long everybody aboard the two mother ships watched and listened. Eyes and ears were focused on the great snow-mantled mountain range which stood between us and the northern horizon, hoping at any mo-ment to see the graceful, stalwart planes coming sailing home from their perilous venture into the vast white stillness of the Arctic.

The Farm took up her position this morning in a narrow strip of open water between the mainland of Spitzbergen and Dane's Island. Our other ship, the Hobby, was still further northward, patrolling the sea beyond the tip of Am-sterdam Island. Each vessel was awaiting the call of any emer-gency, equipped with ample sup-plies of reserve gasoline and re-pair quipment for the planes. But nobody expected that emer-gency to arise. The confidence of everyone here in the complete success of the expedition might per-haps surprise many people in more southern latitudes. But two months familiarity with every phase of the preparations has given ample basis for confidence.

WAIT ANOTHER DAY

For at least another twenty-four hours, it was agreed, we would re-

(Continued on Page 2, Column 1)

OREGONIAN WINS CONTEST

Jack P. McGuire Will Represent Coast Colleges in National Oratorical Finals Here June 5

[EXCLUSIVE DISPATCH]

STANFORD UNIVERSITY, May 22.—Defeating six other cham-pions of Pacific Coast colleges, Jack P. McGuire of the University of Oregon, tonight won by his ringing oratory the right to represent the Pacific Coast in the national intercollegiate oratorical contest which will be conducted in Los Angeles June 5.

Tonight's tryout for the honor of representing the Pacific Coast in the contest was held in the Stanford University assembly hall before an enthusiastic audience.

The contest was sponsored by the Better America Federation and this organization has posted $5000 prizes for the collegiate orators winning places in the nation-wide competition.

Second to McGuire in the Pa-cific Coast contest was Miss Dor-othy Thomas George of the Uni-versity of Washington, in the opinion of the three judges. She will be an alternate in case Mc-Guire should not be able to com-pete.

In compliance with the Better America Federation rules, the sub-ject for all the addresses was "The Constitution of the United States."

After sketching the making of the Constitution, McGuire stressed the important part played by George Washington in its making. McGuire repeated a portion of a speech given by Washington be-fore the revolutionary conven-tion that drew up and ratified the document that is the basis of the American government.

"The test of a government," de-clared McGuire, "is measured by the way in which it has solved problems in the past. The Con-stitution of the United States, which stands for our government, has stood the acid test. The Con-stitution will grow and develop, but we must contribute undying devotion and unswerving loyalty if we may hope that it will endure forever."

In deciding McGuire the master

(Continued on Page 2, Column 3)

S·Y·M·B·O·L·S

What is signified by the Goddess of Justice?

Justice, personified in art as a god-dess (the Ro-man "Justi-tia") was one of the car-dinal virtues of the an-cient Greeks and Romans. The earliest use of the symbol to typify administration of law is obscure. The familiar figure rep-resents the prin-ciple of just dealing of men with each other, her decisions being determined by the balance and her eyes bandaged in token of impartiality.

Fair dealing is an integral part of Times Want Ads, too. Out of the countless transactions generated day by day through its columns it is a noteworthy result that both buyer and seller are pleased.

YOUTH RULES IN SHEPHERD JURY

Defendant Accepts Young Men of Venire

Crowd Dwindles as Interest in Panel Dies

Investigator Denies Story of Jury Approach

[BY A. P. NIGHT WIRE]

CHICAGO, May 22.—Youth will be asked to judge age for the asserted slaying of youth in the Shepherd trial if the first panel of four jurors sworn in today is any criterion.

The three youths now classed as jurors received the approval of 50-year-old William Darling Shepherd, who is accused of feeding typhoid germs to his foster-son, William N. McClintock, as readily as he nodded assent to the selection of one man of approximately his age.

In keeping with his expressed intention to accept the first twelve men tendered in order to stop talk of jury-fixing, William Scott Stewart, defense attorney, asked only a few perfunctory questions of the veniremen.

One other venireman was passed as temporarily acceptable to the State and another was questioned briefly.

Possibility of the panel being broken tomorrow, loomed tonight, however. Judge Thomas G. Lynch received a report that Juror Sedgwick's wife had suffered a nervous breakdown, and sent a physician to examine her. The judge said if his report indicated the necessity of Sedgwick's presence, he will be released.

The usual throng which has crowded the courtroom for chance phrases of the dull examination of veniremen carried on in ordinary conversational tones, thinned out until only a handful of veteran court-goers was left.

Grand jury investigation of asserted jury tampering and the search for Robert White, missing witness, produced no thrills today, but the finding of the name of a man who confessed he was "fixed" in a previous trial, did.

Suddenly Robert E. Crowe, State's Attorney, stood up and whispered to Judge Lynch, who beckoned to Stewart of defense counsel, seized his judicial robes in his hands and hastened into the chambers at the head of a line of attorneys and newspaper men.

It developed that Henry J. Smith, who was fined $1000 after he confessed he accepted a bribe of $1000 several years ago, as a member of a jury, which returned a verdict of acquittal in a labor conspiracy trial, had been drawn in the special venire for the Shepherd trial. Smith readily admitted his identity to Judge Lynch and was dismissed immediately without having been called into the jury box.

James Callan, who, Phillip J. Barry, venireman, said had approached him and made statements indicating that he was employed by the defense and wished to influence Barry, if the latter were selected for jury service, was arrested tonight. He will be taken before Judge Lynch, trial Judge, in the morning charged with contempt of court.

Callan, who was under indictment a few years ago in connection with a murder case, admitted that he had been retained by defense attorneys as an investigator and that he had met Barry in the Criminal Courts Building and had asked him if he were on the jury roll, but denied that he had attempted to influence Barry.

SEE SUCCESS OF FLIGHT TO POLE

(Continued from First Page)

fuse to permit ourselves to harbor any gloomy fears for the safety of the six men who only yesterday were our intimate companions.

During the afternoon we were completely out of touch with the Hobby, which is not equipped with wireless. Our captain issued orders to push northward during the evening in order to communicate with the sister ship.

Amundsen and his companions, during their flight, are dependent for sustenance upon sweet chocolate and liquid in thermos flasks. Omdahl, mechanic of No. 24, chose coffee and hot milk for his drink, while the other five flasks were filled with hot chocolate.

The airplane mechanics who remain behind are very proud of the behavior of their two machines at yesterday's take-off. They pointed out today that although the planes were built to carry only 4400 pounds, they nevertheless left the ice with a burden of more than 6700 pounds. The ability of the planes to rise easily from the weak ice was emphasized as evidence of perfect construction and superb handling. Ellsworth's machine stopped dead on the ice at one point, breaking completely through the ice. But the airplane pulled itself out of the water hole onto the ice again under the power of its engines alone and without any aid from momentum.

"Those machines were lifted from the ice as gently and lightly as a woman's hand raises a delicate porcelain from the table," said one of the mechanics proudly.

ASYLUM URGED FOR INCENDIARY FIREMAN

[BY A. P. NIGHT WIRE]

PORTLAND (Or.) May 22.—Chester C. Buchtel, former city fireman, who confessed starting eighty-one fires while he was a member of the fire department, is suffering from dementia praecox, said a report submitted today to Presiding Circuit Judge Morrow by a commission of alienists who have examined him since his arrest about two months ago. The commission recommended that he be placed in an asylum for life.

CHICAGO-NEW YORK AIRLINE IS PLANNED

[BY A. P. NIGHT WIRE]

CHICAGO, May 22.—A second night-flying air line between Chicago and New York is planned by Charles Dickson, aerial pioneer and president of the Aero Club of Illinois. Mr. Dickson expected to get his line into operation ahead of others and plans the first flight for within four to eight weeks. Another $10,000,000 corporation for flights was announced.

AUSTRALIAN INDUSTRIAL BOOM TOLD

Island Continent's Steel Industry Makes Immense Strides in Ten Years

Development of the country's large resources of iron ore has been followed by a large increase in Australia's industrial activities, according to R. H. Menzies of Sydney, a director of Bradford Hendall, Ltd., manufacturing electrical steel castings in that city.

Menzies, who arrived at the Biltmore yesterday, is in America on his first visit. He plans to spend some time in California and will then tour the East, later going to Europe and returning home by way of the Suez Canal.

"I find that but few people here know that Australia has developed a steel industry of considerable proportions," said Menzies. "The project was first launched in a small way about ten years ago by Broken Hill Proprietary, Ltd., which now has steel plants representing an investment of more than $15,000,000 near Sydney, and employs 4000 men.

"The ore is obtained at Iron Knob in the southern part of Australia, and is shipped by water to the plant. The iron deposits, which are owned by the company, are sufficient to supply all of Australia with steel and iron for a great many years.

"All steel rails used in railroad construction, as well as all building steel is now manufactured at home. The production of steel has also attracted a number of outside manufacturing companies, mainly English, who have established factories in and near Sydney for the manufacture of many commodities utilizing steel. Our own company is one of these.

CONTEST IS WON BY OREGONIAN

(Continued from First Page)

of the orators in the contest the three judges, Archie F. Cloud, assistant superintendent of schools of San Francisco; Prof. M. R. Kirkwood, dean of the Stanford law school, and Prof. William H. Davis, dean of Stanford publications, complimented him for sincerity, originality and research into his subject.

The other contestants for Pacific Coast honors were Kathleen Campbell, University of Southern California; Merril Brininstool, Redlands University; Redmund P. Becher, University of Idaho, Eleanor R. Evans, University of California, and P. M. Girard, Loyola College of Los Angeles.

Miss George, whose address won her second place, also sketched the Constitution and its making and detailed the part Benjamin Franklin had in drawing up the document.

Associate Justice John W. Shenk of the State Supreme Court was chairman of the contest and outlined the purposes of the competition as an effort to effect the revival of interest in public speaking, to re-awaken study of the Constitution, and to increase scholarship.

POINTS TO SIGNIFICANCE

Brininstool of Redlands drew interesting pictures of the significance of the Constitution and pointed out that it maintained almost a perfect balance between liberty and law.

"Under the rule of man," he said, "there has never been a perfect balance between liberty and law. Rome had too much law and not enough liberty while France had too much liberty and not enough law. America has through the examples of the old nations more nearly succeeded."

Miss Campbell of the University of Southern California was well received and her enthusiasm and clear cut statements brought frequent applause.

"Government depends more on men than men depend on government," she said. "For this reason it is the duty as well as the privilege of the citizen to understand and obey the Constitution. It is peculiarly the duty of the present generation to perpetuate the ideas of the makers of this great document of liberty."

BILL OF RIGHTS

The bill of rights was dwelt upon by Girard of Los Angeles, and he also spoke of the much controverted Eighteenth Amendment. This part of the Constitution must be heeded with the rest or the entire is placed in disrepute, Girard asserted.

"Eternal vigilance is the price we must pay for maintenance of our Constitution, which stands as the world's greatest governmental document," Girard declared.

The Pacific Coast is the Seventh Section of the United States in the divisions made for the national contest. McGuire as representative of this section will meet and try his merit against six other orators from institutions of higher learning from Maine to California.

Business men of all parts of the United States have fostered the contests to enhance interest in the Magna Charta of America.

FROM NORTHWESTERN

[EXCLUSIVE DISPATCH]

EVANSTON, (Ill.) May 22.—Wight E. Bakke of Northwestern University was selected as the Central States champion in the regional finals of the Better American Federation intercollegiate oratorical contest here tonight. The contest was participated in by students from both the Big Ten and Little Five conference universities. Mr. Bakke will leave shortly to participate in the national finals at Los Angeles on June 5.

Asks Cathedral as Memorial to Bishop Nichols

[BY A. P. NIGHT WIRE]

BERKELEY, May 22.—A memorial cathedral for the late Bishop William Ford Nichols of the diocese of California was proposed last night at a banquet meeting of the Pacific Coast synod of the Episcopal church. The proposal was made by Bishop William Moreland of the Sacramento diocese.

GOVERNOR SIGNS "THREE R'S" ACT

New Law Requires Schools to Stick to Fundamentals

Nevada Exposition Fund Gets Approval of Richardson

Numerous Other Measures Given Place in Statutes

[EXCLUSIVE DISPATCH]

SACRAMENTO, May 22.—The "three-Rs" must hereafter be emphasized in California's public schools to the exclusion, if necessary, of educational fads and frills.

Gov. Richardson today signed a Senate bill which requires that at least one-half of the time of schools shall be devoted to reading, writing, arithmetic, spelling and language study. The bill lists other subjects which may be taught during the remaining time, and limits the number of subjects outside the list which may be taught.

The Governor describes the bill as "a very progressive step in educational matters, and cuts out many of the trivial subjects which now incumber some of the school courses. This bill should result in economy in school administration and efficiency."

NEVADA FAIR AIDED

California's participation on a large scale in the Nevada Transcontinental Highway Exposition next year at Reno was insured when Gov. Richardson affixed his signature to Assembly bill 789, appropriating $100,000 for the purpose of erecting a building and maintaining an exhibit of the products of this State at the exposition.

When the bill was before the Legislature an attempt to thwart the purpose of the bill was made by a group of California and Nevada clergymen, who contended that Nevada should be compelled to "clean house" before California agreed to participate in the celebration.

In announcing his decision the Governor said: "I believe there should be the finest spirit of cooperation between the State of Nevada and the State of California. Nevada is particularly closely related to this State in its industry, its business and its social affairs."

OTHER BILLS SIGNED

Other bills signed today include:

Senate bill No. 980, aimed at slot machines.
Assembly bill No. 1396, permitting the issuance of bonds to create a fund of $70,000, the interest of which shall be used for the salary of professorship in nurses' education at the University of California.
Senate bill No. 826, giving the Director of Agriculture power to fix quarantine areas in case of foot-and-mouth diseases and to appraise the value of cattle and to destroy the same.
Assembly bill No. 45, appropriating $35,000 for vocational training in co-operation with the Federal government.
Assembly bill No. 520, correcting an error in the Irrigation District Act.
Senate bill No. 36, regarding the watchmen in the State Treasurer's office.
Assembly bill No. 394, regarding irrigation districts.
Assembly bill No. 449, regarding joint high-way districts.
Assembly bill No. 613, relating to the Civil Service Commission.
Senate bill No. 493, giving the Board of Control power to make leases.
Senate bill No. 509, relating to religious corporations.
Senate bill No. 50, regarding salaries in the Treasurer's office.
Senate bill No. 81, providing for the better protection of crabs.
Senate bill No. 485, regarding the Labor Commissioner.
Senate bill No. 146, correcting the boundary lines of the Fish and Game Districts in San Bernardino county.
Senate bill No. 660, regarding the salaries in the Secretary of State's office.
Senate bill No. 474, providing that in the case of street assessments it will only be necessary to give the areas of land instead of the descriptions.
Senate bill No. 871, simplifying the Inheritance Tax Act.
Senate bill No. 761, regarding the salaries of deputies in the Attorney-General's office.
Senate bill No. 774, clarifying the place of residence in the Civil Code.
Senate bill No. 782, appropriating $10,000 for the construction of buildings at the San Jose Teachers' College.
Senate bill No. 789, appropriating $20,000 to purchase land for the San Jose Teachers' College.
Senate bill No. 796, providing that no person shall be discharged as a juror in criminal cases because of reading circulars.
Senate bill No. 813, regarding municipal water districts.
Senate bill No. 831, giving the directors of irrigation districts power to levy assessments.
Assembly bill No. 597, validating the proceedings of school districts.
Assembly bill No. 947, relating to the care of psychopathic patients.
Assembly bill No. 953, repealing Section 628-f of the Penal Code relating to the use of Chinese shrimp nets.
Assembly bill No. 937, repealing Section 426½ of the Penal Code in regard to migratory birds.
Assembly bill No. 1122, providing that the County Assessor instead of the Auditor shall fix the value of lands sold for delinquent taxes.
Assembly bill No. 1230, extending the protection of tree squirrels to September 1, 1927.
Senate bill No. 193, appropriating $48,663.98 to pay the claim of E. E. Purington on the approval of the Industrial Accident Commission for rehabilitation claims.
Assembly bill No. 429, providing that the Railroad Commission shall have the power to fix the rates of transportation companies.
Assembly bill No. 1230, relating to stock without par value.
Senate bill No. 794, clarifying the law relating to the issuance of stock without par value by corporations.
Senate bill No. 29, prescribing the qualifications of licensed insurance adjusters.

CHICAGO HEAT SETS RECORD

(Continued from First Page)

pearance at all the beaches. Swimmers reported that the water was too cold for comfort and they found more pleasure in utilizing the combination of scanty attire, a breeze off the lake and a lounge on the sand.

Much suffering was reported in the congested districts of the south and west sides, but no deaths were reported. Thousands swarmed into every available bit of park and tossed restlessly until toward midnight when the heat mitigated enough to allow of sleep in bed.

EXTRADITION DENIED IN POLITICAL FEUD CASE

[EXCLUSIVE DISPATCH]

PHOENIX, May 22.—Gov. Hunt today refused the State of Texas possession of the person of Allen Ginn, known here as Jack Williams, wanted on a charge of manufacturing liquor. Declaration was made in a hearing before the Governor that the case was based upon a political feud and that Ginn could not get a fair trial in Texas. Evidence was presented concerning his character, and denial of the extradition was asked in a petition signed by 300 business men. The matter was held up for six months, with agreement that Ginn should reimburse his bondsmen in the sum of $1500.

MANY RECRUITS ENROLL

[BY A. P. NIGHT WIRE]

WASHINGTON, May 22.—A total of 39,004 applications for admission to citizens' military training camps this summer were received up to the 20th inst., compared to 30,881 on the same date last year. Two months remain for recruiting work.

HERO OF YPRES DIES IN BRITAIN

Field Marshal French Fails to Recover After Operation

End Comes as Controversy Rages Over His Strategy

Led First British Expedition Against Germans in 1914

(Continued from First Page)

numerous operations he proved himself both a great strategist and a superior tactician. He was mentioned in many dispatches and went back to England at the close of the war to be knighted and given the command of all the troops at Aldershot with the rank of lieutenant-general.

In 1907 French was appointed inspector-general of the forces and five years later he was made chief of the imperial general staff. He was made a field marshal in 1913 and as such went to France at the beginning of the World War, as commander-in-chief of the expeditionary forces. Here again he displayed his extraordinary ability as a military leader.

FORCES CABINET CHANGE

He was, in a way, responsible for the change in the British Cabinet resulting in the creation of the Ministry of Munitions, at the head of which former Premier Lloyd George succeeded in awakening the munitions manufacturers to the necessity of rallying to the aid of the soldiers in the field.

In the early engagements in France, French's army was outnumbered by the enemy and short of high explosives to halt the German advance. To the latter was attributed the necessity for the strategic retreat from Mons, in which he handled the sorely tried British army in masterly fashion. Later with 1,000,000 men under his command he scored his great victory at Ypres.

Reporting on his operations the field marshal wrote: "The glorious troops under my command gons valiantly to their death when a few more guns and a few more shells would have many times saved their sacrifice. And still no sufficient supplies came." Criticised at home for permitting the Germans almost impregnably to entrench themselves, French became involved in a controversy with Lord Kitchener, his former South African commander, then Secretary of State for war.

The late Lord Northcliffe made a visit to the British front and upon his return bluntly told the facts of the shell shortage. It was then that the change in the Cabinet was made with the result that the factories speeded up and turned out an immense amount of shells and other war implements.

BECOMES VISCOUNT

After sixteen months of intensive warfare in France, French relinquished command of the British forces to Field Marshal Haig and returned to England. He was created a viscount and made commander-in-chief of the troops in the United Kingdom, a post he held until 1918. Then he was made Lord Lieutenant of Ireland, and served until April 30, 1921, when the Home Rule Partition Act took effect and Viscount Fitzalan became viceroy.

Upon retirement as Lord Lieutenant of Ireland, French was created an earl by King George. His new honor was not gazetted for nearly a year afterward, when it was officially announced that he had elected to be known as the Earl of Ypres after the place of his great victory in the war. Some surprise was occasioned by his title selection, it being quite unusual to take the name of a foreign place for a title, only a few of such examples appearing in the British records.

SON OF NAVY CAPTAIN

The Earl of Ypres, John Denton Pinkstone French, was the son of a captain of the Royal Navy and was born September 28, 1852, at Ripple, Kent. He joined H.M.S. Britannia in 1866, and was a naval cadet and midshipman four years. He entered the army in 1874.

The Earl was an ardent admirer and student of Napoleon, whom he regarded as the greatest strategist the world has ever known. In following closely Napoleon's campaigns, he had covered much of the very ground in Belgium, where years later he was called upon to combat as formidable a foe as the Little Corporal ever faced. French's knowledge of Belgian soil was said to have been an enormous help to him. And this, some insisted, was another bit of French's luck.

In 1880 the Earl married Eleanora, daughter of R. W. Selby-Lowndes.

GARY ATTACKS TIMID BUSINESS

(Continued from First Page)

British industrial conditions, saying "that on the whole the outlook is certainly depressing and we cannot yet see from what side help will come.

"We intend to meet our just debts, but there many come a time when, unless the world situation changes for the better, unless we can return to something like pre-war conditions of credit and trade, it would be impossible both to make heavy purchases of raw materials from the United States and to pay the interest on our debt. It does not require a high-class mathematician to see that the purchases eventually would have to be cut down."

New German Tariff Rates Are Given Out

[BY A. P. NIGHT WIRE]

WASHINGTON, May 22.—New German tariff proposals are being put out with the informal, but official, statement of that government that the provisional rates are all subject to alteration by international bargaining.

Commerce Department officials today gave out a summary of changes proposed, which indicate that in several respects the difficulties anticipated for American producers may be less than supposed.

The new rates on foodstuffs would be practically equivalent to those maintained by the old German Empire prior to 1914. Increases on raw silk and artificial silk would be heavy.

Parachute Leap of Army Flyer Ends in Death

[EXCLUSIVE DISPATCH]

NEW YORK, May 22.—Lieut. James Rowland Kyle, Jr., naval flyer, was instantly killed at the naval air station, Lakehurst, N. J., today in leaping from an airplane, which he thought was about to crash to earth. He had gone up for a practice parachute jump. The parachute, strapped to his back, opened just as his body struck the ground in full view of a group of officers, who had gathered to watch the practice jump.

His companion in the plane opened his parachute before jumping and landed safely.

THOUSANDS ON VACATION

Rails Carry Many Large Parties for Foreign Tours; All Pledge to Return Here

(Illustration on Picture Page).

Tourists from all parts of California began their trek eastward yesterday—the opening day of the back-east summer railroad rates. Stations of the Santa Fe, the Union and Southern Pacific lines seethed the entire day with a crowd of excited voyagers—round-trip Californians bearing the message of the sun-kissed State for environs beyond the Mississippi. Railroad officials estimated yesterday that more than 4000 persons—the majority of whom carried return tickets—embarked for a summer vacation in the East.

For the next four days officials expect trains to be crowded to capacity with the exodus of back-home tourists. This departure, however, officials said, of the round-trip Californians, while larger this year than last, does not begin to compare with the influx of tourists from the East, the vanguard of which began arriving last Wednesday.

PROSPERITY SIGN

A sign of prosperity in the great Southwest was the way one official characterized the exodus yesterday.

"Fifteen trainloads of excursionists left the Santa Fe depot yesterday," James B. Duffy, general passenger agent of the Santa Fe said in commenting on the significance of the summer movement. "And practically every one on the trains held a round-trip ticket, which means they will be back by fall and bring others with them."

At the different stations brass bands initiated the start of the summer rates and Chamber of Commerce officials and tourist agencies circulated in the crowds distributing booklets and information about California for dissemination at points east.

Of the fifteen sections of the Santa Fe system which left yesterday eight sections of the California Limited departed at ten-minute intervals, the first being out at 12:01 p.m. One train carried 125 Swedish-Americans bound on their annual pilgrimage to their homeland. C. Eckdahl, former Swedish Consul here, was in charge of the party. All are returning to Los Angeles in the fall and each has pledged the bringing of a new member.

The first train of the Southern Pacific to leave the station was inspected officially by "Miss Los Angeles" of the Chamber of Commerce, who climbed into the cab of the locomotive and assisted Engineer E. E. Carlson in his work of starting the huge engine.

Ten trains left the Southern Pacific station and each was drawn by a special mountain locomotive.

Among the prominent passengers leaving over the Southern Pacific for vacations with friends and relatives were W. T. Bishop, former president of the Chamber of Commerce, and his son and daughter-in-law, Mr. and Mrs. R. P. Bishop. In another car was Elliott Wyman, president of the Union Lime Company. A. E. Smith of the Vitagraph Company was a passenger in the Golden State Limited as also was a delegation of twenty University of Southern California athletes en route to Philadelphia to compete with eastern college teams.

INVITE THE WORLD

Across one of the Long Santa Fe trains was stretched a banner in black and white which read in three-foot letters:

"Eight sections of the California Limited leaving Los Angeles for the East to invite the world to California."

The Union Pacific sent out the Los Angeles Limited in five different sections yesterday, while the Continental Limited departed with two extra-large sections. The Union Pacific will employ twenty extra trains next week, the days of the 30th, 31st inst. and June 1, to bring Shrine convention members into the city.

Among numerous parties leaving yesterday on the Union Pacific was a contingent of seventy-five Germans, active in the social and business life of Los Angeles, who are going for a visit to the fatherland. S. C. Hagen, local German Consul, was in charge of the trip.

A large party, composing the second California pilgrimage to Rome for the observance of the Holy Year of Jubilee, also departed yesterday. They expect to arrive in Rome for the beatification of Bernadette Soubirous on June 14. Stops also will be made at Lisieux and at Lourdes. The tourists also will visit many other continental cities before returning to Los Angeles. All railroad officials here have received highly encouraging reports from their eastern agents regarding traffic to California this summer, many reporting an unprecedented demand for tickets during the first four days ending last Wednesday after the rates went into effect in the East. Conservative estimates by different railroad officials as to the number of tourists arriving in California since the inauguration of summer rates range from 15,000 to 20,000.

CONDITIONS AT POLE VARIABLE

All-Day Sunshine Develops Rapidity of Change

Unsettled Air Conditions Make Flying Hazardous

Extreme Difficulties Faced by Adventurers

BY CAPT. FELIX RIESENBERG

Navigator of Walter Wellman's airship "America" in the first attempt to reach the North Pole by dirigible balloon.

[Copyright, 1925, by North America Newspaper Alliance]

NEW YORK, May 22.—With Amundsen and Ellsworth actually flying out over the unknown Polar Sea, the conditions they are encountering, both in the air and on the surface, are of great interest.

Our knowledge of polar weather and ice conditions is based very largely on guesses. Peary at the Pole in mid-April, found one set of conditions. Other explorers met entirely different circumstances. The rapidity of change, especially over polar ice, is very great, once the long night is done and the ice fields are subject to a continuous sun, only modified by clouds and fog.

SEA AWAKENS

The ice cracks rapidly, new leads open up, water spaces, salt and fresh, are formed and the whole Polar Sea becomes awakened after the long hard freeze of winter. This makes for unsettled conditions in the air, winds hardly stable for more than a few hours and sudden mists, visible and invisible.

The ice conditions, no matter what they may be, are largely shrouded in the glare of continuous light. Shadows, as important as light itself for giving contrast, are almost continuous after the polar night. This makes it extremely difficult for the explorers, should they be compelled to land. Luck, which enters into most hazardous affairs, will play a large part in the safe landing and return of the planes.

Temperatures at the Pole are fairly well established throughout the year, the Fram observations being tied up with those of the circumpolar stations. At the present time the polar temperature is not far from zero Fahr. It will vary greatly, according to winds, which may result in the penomenon of high wind on the surface, covering the ice with a fine snow dust. Snow flakes, which take beautiful shapes and are flaky in more southern latitudes, are like fine hail in the Arctic regions. The prevalence of such snow flurries would almost entirely mask the ice and sea from an airplane observer.

FACE DIFFICULTIES

These details of polar conditions are of special interest now that the planes have left their base on the great adventure. A world anxiously awaiting news of the explorers should interpret delays and the results that may be obtained in light of the extreme difficulties to be overcome.

But the Arctic is fickle. Conditions may shape themselves to the work in hand and a stretch of two or three days of perfect weather may result in one of the greatest triumphs of man, the conquest of the air above the Pole, against which the Atlantic and Pacific passages must seem tame performances.

ELLINGSON TRIAL IS SET FOR JUNE 15

Faces First-Degree Murder Charge as Matricide; is Veiled in Court

[BY A. P. NIGHT WIRE]

SAN FRANCISCO, May 22.—Trial of Dorothy Ellingson, 17-year-old confessed matricide, on a charge of first-degree murder today was set for June 15 by Superior Judge Harold Louderback. The girl is accused of shooting her mother to death in their home here on the morning of January 13, last.

The defendant's plea of not guilty, entered at the instance of her first trial, interrupted when a commission found Dorothy insane, was permitted to stand. She will go to trial denying the charge against her unless she decides to change her plea before the date of trial, her counsel said.

Attorneys Alexander Mooslin, Sylvester McAtee and Walter McGovern, who appeared for Dorothy at her former trial, will continue to represent her, she told reporters. She asked that McGovern replace Mooslin as chief counsel, Asst. Dist.-Atty. Harmon Skillen will act as chief counsel for the State.

Dorothy appeared in court with her counsel, her father, Joseph Ellingson and her brother, Earl. She wore a veil for the first time since her arrest two days after her brother returned home to find the mother dead from a bullet wound. She appeared somewhat thinner than when she was taken to Napa State Hospital for the Insane six weeks ago. She will remain in the County Jail here pending her trial.

Mexico Railway Readjustment is Given Approval

[BY CABLE—EXCLUSIVE DISPATCH]

MEXICO CITY, May 22. — The general readjustment plan for the National Railways of Mexico, which President Calles ordered drawn last February, when the railways came directly under government control, has been approved by both the railway employees and the management, it was announced today. The new plan will go into effect on June 1.

Under this plan it is estimated that operating expenditures will be reduced from 105,000,000 pesos to 78,000,000 pesos annually. It is also hoped that under this plan the income and expenditures of the railways can be so balanced as to enable the railways to begin paying off some of their old obligations next year.

RAIL CHIEF FINDS WEST ON UPGRADE

Carl Gray of Union Pacific Reports Business Sounder Than Since War

[EXCLUSIVE DISPATCH]

WASHINGTON, May 22.—Basing his observations on a three-weeks' tour of the West, Carl R. Gray, president of the Union Pacific system, declared today that general business and agricultural conditions in that section of the country are more fundamentally sound at the present time than at any period since the war. Mr. Gray spoke before the general session of the thirteenth annual meeting of the Chamber of Commerce of the United States.

Mr. Gray said that the principal elements of danger have passed and he predicted that by midsummer the business situation in that region will show a marked improvement.

Mr. Gray urged the national chamber and the business men of the country to co-operate in working out a solution of agricultural problems.

Angeleno Made Chief Ranger of Forester Lodge

[BY A. P. NIGHT WIRE]

Jaw Contacts to be Major Point at Conference

[BY A. P. NIGHT WIRE]

OAKLAND, May 22. — The Rhodesian man, who roamed the old world steppes a quarter of a million years or so ago and brought down his breakfast with a club or a well-aimed rock had just as many toothaches as many faulty molars, apparently, as his modern brother, despite his harsh diet. This wact is going to be shown at the fifty-fifth annual convention of the California State Dental Association, which opens at Oakland the 25th inst., for a four-day session.

The convention is due to upset a well-established theory that modern diet with its soft components, is the cause of much tooth decay and related dental failure. A portion of the actual skull of the Rhodesian man, showing the upper jaw with molars attached, is to be one of the exhibits of the convention. These molars show a particular abscessed condition closely akin to the modern problem, and other faults that were supposed to be peculiar to the easy-going diet of modern civilization. The skull is known to be more than 100,000 years old.

There will also be shown a portion of the skull of the Heidelberg man, said to be 500,000 years old. This shows well-formed teeth, an inch or so longer than the teeth of the modern man, but the fault of the Rhodesian specimen are not so apparent here. A third specimen will be a portion of the skull of the Piltdown man, found in England, and believed to be as old as the Heidelberg specimen. The long, well-equipped molars are just as apparent in this skull.

The oldest specimen of all, that of a skull fragment of a baby hippopotamus, shows a baby tooth being displaced by a permanent tooth. It is believed by those in charge of the exhibit that this fragment is at least 1,000,000 years old. It was found in Wyoming by a party of anthropologists, who were interested in the conclusion, after a study of the specimen, that the mamma hippopotamus of the stone age had the same trouble with her baby's teeth, as the modern human mother of today. As a study in dentition it had its greatest value, and it was therefore turned over to the California Dental Association.

The convention will occupy itself particularly with occlusion, or the jaw contacts, and a number of expert papers will be read on this subject. The dental troubles of the present "spoon fed age" as the convention terms it, will be gone into exhaustively with a view to suggesting a diet and a general mode of living intended primarily for the building up and maintenance of a lasting tooth structure. Dr. Edward J. Howard, San Francisco, president of the association, will preside.

DEVICE GUIDES PLANE

[EXCLUSIVE DISPATCH]

SAN ANTONIO (Tex.) May 22.—Having successfuly completed the 780-mile flight from McCook Field, Dayton, O., to test appliances for keeping an airplane on its path, regardless of weather conditions or light Lieut. George Polk and Navigator Bradley Jones have reached Kelly Field. The flight was guided by instruments only, to determine the worthiness of newly invented appliances for stabilizing a machine.

Special Shrine subscription offer: Seven issues of the Los Angeles Times, covering the full convention period, May 31 to June 6, including beautiful rotogravure Shrine souvenir supplement, mailed anywhere in the United States, 50c postage prepaid.

WALES NAMED SHINING SUN

Forty Thousand Natives at Umtata Cheer Prince When Honor Title is Given by Chiefs

[BY CABLE AND ASSOCIATED PRESS]

UMTATA (Union of South Africa) May 22.—Forty thousand natives gathered on the open veldt here today to witness the reception given by the native Chiefs to the Prince of Wales. It was a unique, impressive ceremony, and the Prince was attired for the occasion in one of his most imposing uniforms, the full dress of a colonel of the Welsh Guards.

The red tunic and white helmet with flashing gold spike greatly impressed the native assembly. The Prince, standing on a small temporary platform, faced a great semicircle of thousands of natives, while in fields and on sloping hills thousands on thousands of horses stood unattended, with the reins thrown over their necks, peacefully browsing.

The leading chief made a speech in honor of the Prince, saying:

"Great Chief, you are our earthly god; our life will be happy because we have seen Your Royal Highness. There is no single one who feels bad in his heart because our god has descended from heaven and is on earth. O sun, shine on us."

The conclusion of the speech was the signal for tumultuous cheering.

The head of the chiefs then bestowed on the Prince the name "Langa Likakanya," meaning Shining Sun, by which the Prince will henceforth be known throughout South Africa. The bestowal of this honor was acclaimed by the assembled chiefs and natives, and was immediately shouted from hilltop to hilltop.

HUGE RUM CARGOES SEIZED

Customs Officers Find Whisky and Ale on Ships in East; Boxes Marked as Sea Food

[BY A. P. NIGHT WIRE]

NEW YORK, May 22.—Vigilance of the country's land dry forces working in co-operation with the Coast Guard's blockade of the sea resulted in seizures of liquors from two vessels in the coastwise trade today.

The government's prize consisted of 1500 gallons of whisky and more than 57,000 bottles of imported ale, seized by raiding United States customs officials aboard the steamship Boston and the steam freighter Herman Winter, both owned by the Eastern Steamship Company. Customs officers said the seizure, with a bootleg value of between $360,000 and $400,000, was the largest ever made from vessels in coastwise commerce.

No arrests were made and little information was given out concerning the captures, which were made by thirty-seven members of the special searching squad of the Customs Service. The contraband was found in cases labeled "lobster" and "herring."

It was said that the government then had established the fact that the shipment had been made from Boston for New York by an American representative of an English liquor firm. The New York consignee, the Federal men said, was not known.

In addition to confiscation of the contraband liquor, it was announced, the ships' owners are liable to fines ranging from $50,000 to $100,000.

Since the Coast Guard's dry navy has patrolled the mid-Atlantic, broken up three one-time prosperous and thriving rum rows, and put a virtual stop to rum smuggling through Long Island, New England and New Jersey channels, the customs officials have kept a closer watch on all coastwise vessels.

SOVIET ARMS MENACE MET

France Proposes Russia's Neighbors Be Exempted for Time From Main Pact Obligations

[BY CABLE AND ASSOCIATED PRESS]

GENEVA, May 22.—The Russian menace hanging over the Arms Conference probably will be met by exempting Russia's neighbors from the main obligations of the proposed convention for a two-year period. If by that time Russia has not adhered to the convention the conference can be reconvened to examine into the situation created by this fact. This solution, emanating from the French delegation, was favorably received today by the jurists.

The fears of states like Poland and Rumania are not soothed by the decision of the conference today to eliminate Russia from the countries which must ratify the convention before it can be effective. They again declared it impossible to reveal the quantity of their own armament importations, while nothing was known of Russia's purchases abroad. M. Comnene, Rumania, summarized the situation by remarking what Rumania was reproached for overemphasizing the spectre of war, but that it was difficult to forget that her territories had been the theater of invasions for centuries.

"We would like to have faith," M. Comnene added, "but we must take precautions until this faith is universal."

Theodore E. Burton, United States, was applauded today when he joined the delegates of other big countries in sympathy for Russia's neighbors.

"We must provide for this situation," said Mr. Burton, "the fear of the powerful neighbor nation, the pacific sentiments of which one cannot be sure, will exist until that far-away golden age when the expression weak and strong nations will be banished and when universal law shall reign on earth. There is not a single country in America or Europe, which does not fully recognize the dangers expounded today."

Baron Gaston Clausel, France, declared it was only right that Russia should realize her position and understand that the "bugaboo role she now fills, is not fitting for a country pretending to base its policy on noble ideals."

DAWES TO LOOSE HAIL OF WORDS

Executive Will Keep Up His Rule Reform Fight by Speech a Month

[EXCLUSIVE DISPATCH]

CHICAGO, May 22.—A speech a month until it is time for him to follow the chaplain into the Senate chamber and open the Sixty-ninth Congress in December is the plan of Vice-President Charles G. Dawes in his campaign for reform in the rules of procedure governing the Upper House. He speaks the 27th inst. at Birmingham, Ala., has accepted tentatively an invitation to address the Chamber of Commerce of Manchester, N. H., the date to be fixed later, although the Vice-President desired the last week in June, and expects to go to Denver for a talk there in the last week of July.

Dates have not been arranged for August and September, but he has agreed to speak in Atlanta, Ga., October 15. Whether he will reach the Pacific Coast is undecided. He has been expecting to go to California some time late in the summer or in the autumn.

The theory upon which Mr. Dawes is governing his public appearances is one calculated to keep his mission of driving filibustering out of the Senate a live subject in the mind of the voting public until Congress convenes.

FROST HITS INDIAN CROP

[EXCLUSIVE DISPATCH]

FLAGSTAFF (Ariz.) May 22.—Reports from the Hopi Reservation say that frosts have ruined the peach crop, on which the Indians rely much for food.

New Electric Bulb Featured as Economical

[BY A. P. NIGHT WIRE]

NEWARK (N. J.) May 22.—An electric light bulb in which no filament is used and which its inventor claims will cut in half the cost of street and home lighting bills in addition to cutting in half the replacement cost of bulbs, was announced as perfected here today.

Conrad Schickerling, head of the corporation which developed it after three years' efforts, gave a demonstration of the bulb, pointing out that it has no filament but that light is produced on two poles, one positive and the other negative. There is no connection with the upper ends of the poles, which are heavy wires, and which radiate a powerful light.

SLEEP ALL NIGHT LIKE A CHILD!

Bladder and Kidney Troubles Banish or Money Refunded.

A prominent Los Angeles specialist developed this truly marvelous remedy in his practice. It contains, in conjunction with other remarkable ingredients, the extracts of certain glands of healthy animals. Its effect in the treatment of Kidney and Bladder troubles is almost sensational. Results are positive, sure, quick and NATURAL.

ELECTRIC MEET PLANS ARE TOLD

High Authorities in Field to Attend Parley

Issues Affecting Farm and City to Come Up

Customer Ownership to be Aired at Session

[EXCLUSIVE DISPATCH]

SAN FRANCISCO, May 22.—Issues affecting the comfort, convenience and prosperity of the American people, both on the farm and in the city, will be themes of discussion at the convention of the National Electric Light Association meeting in San Francisco June 18 to 19. All phases of the electrical industry will be represented by the highest authorities in their respective fields.

The rural West will be particularly interested in the session to be devoted to the discussion of the improvement of the farmer's condition through the application of power on the farm. Secretary of Agriculture Jardine will be one of the principal speakers on this subject. He will be followed by L. J. Tabor, master of the National Grange, Columbus, O., who will speak from the standpoint of the organized farmer. The National Electric Light Association, which has made an exhaustive study of the whole problem of power on the farm, will submit its report through E. A. White of Chicago, director of this section.

Another distinguished speaker at the convention will be Secretary of Commerce Hoover, scheduled to address the one large meeting to which the public will be specially invited. This will be held under the auspices of the committee on public policy, of which Martin J. Insull, president of the Middle West Utilities Corporation of Chicago, is chairman.

Customer ownership, one of the contributions of the West to the mutual advancement of the interests of the power utilities and the public, will also receive the convention's consideration.

The Pacific Gas and Electric Company pioneered customer ownership in 1914 by selling $12,500,000,000 preferred stock over the counter to stockholders, consumers and the outside public. The customer ownership section of the convention will be led by A. Emory Wishon, chairman, San Joaquin Light and Power Corporation.

Among the western leaders in the electrical profession who will have an important part in the convention are Franklin T. Griffith, president of the Portland Electric Power Company and president of the National Electric Light Association; W. E. Creed, president of the Pacific Gas and Electric Company; James B. Black, vice-president and general manager of the Great Western Power Company; John B. Miller, president of the Southern California Edison Company; Frank A. Leach, Jr., first vice-president and general manager of the Pacific Gas and Electric Company, and president of the Pacific Coast Electrical Association; Russell H. Ballard, general manager of the Southern California Edison Company; A. G. Wishon, managing director of the San Joaquin Light and Power Corporation, and others.

TWELVE POLICEMEN IN DENVER CONVICTED

[BY A. P. NIGHT WIRE]

DENVER, May 22. — Twelve Denver policemen, members of the bootleg squad, were found guilty of charges of bribery and graft and were discharged from the department in a decision handed down today by Manager of Safety Reuben W. Hershey. The charges came as an aftermath to the Good Friday vice and liquor raids conducted under the direction of Mayor Benjamin F. Stapleton, in which approximately 200 underworld characters were arrested.

EXCURSION fares East beginning May 22, via San Francisco by direct, through Salt Lake City and Royal Gorge, over Denver & Rio Grande Western Scenic Line. Incomparable mountain scenery. Panoramic Special and Scenic Limited daylight trains. 697 South Spring, Los Angeles. 116 West Ocean avenue, Long Beach.

NEW CHAMBER HEAD ELECTED

Chicagoan Made President of National Commerce Body

New Rules of Federal Trade Commission Are Lauded

Annoyance of Business Men by Government Attacked

[BY A. P. NIGHT WIRE]

WASHINGTON, May 22.—The new board of directors of the Chamber of Commerce of the United States, today inaugurated another chapter in the organization's annals by electing John W. O'Leary, Chicago banker, as its president, to succeed R. A. Grant of Cleveland, O., shortly after the closing gavel had fallen on its thirteenth annual convention.

Resolutions touching a variety of public questions were adopted at the concluding session of the convention, including one approving "the recent action of the Federal Trade Commission in adopting new rules of procedure which, it is expected, will make the work of that body increasingly constructive and helpful to American business."

Another resolution commended the Department of Agriculture in its efforts to bring about "voluntary constructive action" in connection with the incessant wide speculative fluctuations in prices of grain, which it declared has such a harmful effect on manufacture and merchandising of cereal crops and of foreign commerce generally "as to seem to demand prompt remedial measures by the principal grain exchanges."

RENEW COURT STAND

The convention suggested to the board of directors a referendum on the subject of the commercial treaty policy of the country, reiterated the chamber's position in favor of American adhesion to the World Court, and urged appointment of a committee to study carefully the whole field of Federal taxation. It also stated that "the government should not permit any of its bureaus to so operate as to harass and annoy business by frivolous and curious inquiry into the private affairs of business men" and asked its members to co-operate with the government in the pursuit of useful and valuable information. An increase in Federal judges' salaries also was favored.

Commending "the recent action of the Federal Reserve Bank for its effective assistance in bringing about the restoration of the gold standard in England," the chamber declared "this restoration has removed the danger of price inflation in this country; has increased the international purchasing power and will undoubtedly benefit our foreign trade."

PLEADS FOR SHIPPING

Extension of the system of protection to the shipping business would appear to be the only means of placing the American merchant marine as a whole on a sound footing, President Palmer of the Fleet Corporation declared in an address today before the chamber.

Discussing the two alternatives for placing the American operator no a parity with foreign competitors as far as his capital charges are concerned, Mr. Palmer explained that a policy of free ships would permit the American operator to buy or build ships in any part of the world without restriction and place them under the American flag. By extension of the system of protection, he added, the American operator might be compensated or reimbursed by some assistance which would cover the difference between the costs of ships built in American yards and those constructed abroad.

He said, however, that there was serious doubt whether the subsidy principle could "be rehabilitated in our country."

ROBINSON HONORED BY CHAMBER DIRECTORS

[EXCLUSIVE DISPATCH]

WASHINGTON, May 22.—Henry M. Robinson of Los Angeles was made an honorary vice-president of the United States Chamber of Commerce by the new board of directors today, the election being in recognition of his services on the Dawes commission. Owen D. Young, also a member of the commission, and Roland W. Boyden of Boston were similarly honored.

Paul Shoup of San Francisco was elected vice-president of the western division of the chamber. Dwight B. Heard of Phoenix, Ariz., was elected a director.

American Doctor on League Board Accident Victim

[BY A. P. NIGHT WIRE]

BEIRUT (Syria) May 22. — An American, Dr. Samuel T. Darling of the Rockefeller Foundation, was among three persons killed in an automobile accident, news of which has been received here. The machine, carrying members of the malaria commission of the League of Nations, went over a precipice while returning from a survey trip. His home was in Baltimore.

The other dead are: Dr. Norman Lathian of Great Britain and Mlle. Lesson, the French secretary.

Those injured are Mme. Delmas, wife of the French member of the commission, who is in a serious condition, and Dr. Swellengrabl of Holland, slightly injured.

Have you an Eastern Shrine friend who can't come to the Los Angeles convention? Send him the Los Angeles Times during the convention period. Full account of the doings, places visited, official program, news of delegates and beautiful rotogravure Shrine souvenir supplement. Special Shrine subscription offer, the seven issues of The Times, May 31 to June 6, mailed anywhere in United States, 50c postpaid.

SHRINERS HELP CRIPPLED ONES

Five Thousand Children Are Aided by Nobles

Eleven Hospitals Built and Maintained

Order of Parade Announced; Aides Named

The real "heart of the Shrine" is the one thing about the Ancient Arabic order not to be on display during the coming week of the imperial session, which opens here Monday, June 1. He who is merely an onlooker will know nothing about the one thing closest to the hearts of 500,000 men who wear the fez.

He will not know that more than 5000 children, crippled from their births, are walking erect today and remembering the Shriners in their prayers; that 500 little boys and girls are now patients in eleven hospitals built and operated by the Shrine, waiting until their crooked limbs can be straightened by skilled surgeons—and without a cent of fee for expenses.

It is now five years since the Imperial Council, then in session at Portland, Or., officially instituted the Shriners' hospitals for crippled children. W. Freeland Kendrick, now Mayor of Philadelphia and then the retiring Imperial Potentate, had dreamed for years of some such plan and succeeded in interesting his fellow-Nobles.

The movement got under way slowly, as large things do, but it was not long before the first hospital was finished at Shreveport, La., and now there are others in operation at San Francisco, Portland, Or., Minneapolis and St. Paul, St. Louis, Springfield, Mass., and Montreal, Can., costing from $300,000 to $500,000 each. Smaller units have been established at Honolulu, T. H., Spokane, Wash., Salt Lake City and Winnipeg. More are being built at Chicago and Philadelphia and the Shrine expects to keep on building until one is within reach of every crippled child in North America.

The Shrine does not pass the hat for support of its hospitals. There never has been a "drive" or a call of any sort upon the general public. Expenses are met out of a general hospital fund, replenished annually by the members.

All Shrine hospitals are built and operated by a board of trustees, which, with offices in Atlanta, Ga., was created by the Imperial Council and which itself has a representation of four members on the board. The full membership consists of Sam P. Cochran, Dallas, Tex., chairman; W. Freeland Kendrick, Philadelphia, vice-chairman; Forrest Adair, Atlanta, Ga., secretary; Arthur W. Chapman, Winnipeg, Can.; John D. McGilvray, San Francisco; Dr. C. M. Lawrence, Helena, Mont.; James R. Watt, Albany, N. Y.; James E. Chandler, Kansas City, Mo., Imperial Potentate; David W. Crosland, Montgomery, Ala., Imperial Chief Rabban; Clarence E. Dunbar, Providence, R. I., Imperial Assistant Rabban.

The board will hold several sessions at the Biltmore here and will make a report on its work to the parent body.

Gen. Robert Wankowski assumed office yesterday as grand marshal of the imperial session, with Aubrey B. Parks and Henry G. Krohn as his chief of staff and adjutant, respectively. He immediately announced the appointment of the following aides and division marshals and gave out the order of parade on Tuesday, June 2, for the escort of the Imperial Potentate:

Aides—Nobles Alfred William C. Stanley Chapman, Robert A. Heffner, Kenneth H. Gillette, James W. Jump and George J. Rush.

Marshals—Nobles George T. Cline, Charles F. Hutchins, Raymond I. Follmer, Charles E. Wright, Dean Bedillion and P. Edgar White. Division marshals are authorized to appoint their own aides.

ORDER OF PARADE

Mounted police escort, Grand Marshall, staff of Grand Marshal.

Division No. 1: Al Malaikah Temple Band, patrol, chanters and mounted patrol, Noble George T. Cline, marshal.

Division No. 2: Imperial Potentate, Imperial Divan, Imperial Council Representatives, Noble Charles F. Hutchins, marshal.

Division No. 3: Damascus Temple, Rochester, N. Y.; Syrian Temple, Cincinnati, O.; Kasbeh, Davenport, Iowa; Moslem, Detroit, Mich.; Alzaps, Boston, Mass.; Medinah, Chicago; Isiam, San Francisco; Murat, Indianapolis; Koulz, Louisville, Ky.; Osman, St. Paul, Minn.; Zuhrah, Minneapolis, Noble Charles L. Follmar, marshal.

Division No. 4: Abdallah, Leavenworth, Kan.; Isis, Salina, Kan.; Hella, Dallas, Tex.; Ballut Ayhad, Albuquerque, N. M.; Scimitar, Lincoln, Neb.; Ararat, Denver, Colo.; Ararat, Kansas City; Al Kader, Portland, Or.; Maccoc, Jacksonville, Fla.; Al Kalah, Salt Lake City, Noble Charles E. Wright, marshal.

Division No. 5: Ben Hur, Austin, Tex.; Rajah, Reading, Pa.; India, Oklahoma City; Aladdin, Columbus, O.; Darein, Rawlins, Wyo.; Oasis, Charlotte, N. C.; El Zaribah, Phoenix, Ariz.; Alee, Savannah, Ga.; Reni Kedem, Charleston, W. Va.; Aloha, Honolulu, Hawaii; Gizeh, Victoria, B. C.; Salaam, Newark, N. J.; Al Amin, Little Rock, Ark.; Aad, Duluth, Minn.; Ismailia, Khurafeh, Saginaw, Mich.; Kalif, Sheridan, Wyo.; Karek, Reno, Nev.; Mile, Seattle, Wash.; Afifah, Ashland, Or.; Midian, Wichita, Kan.; Ahmee, Oakland; Al Sihah, Macon, Ga.; Akdar, Tulsa, Okla. Noble Dean Bertillion, marshal.

Division No. 6: Al Bahr, San Diego; Ansar, Springfield, Ill.; Moslah, Fort Worth, Tex.; Arabia, Houston, Tex.; Alzafar, San Antonio, Tex.; Tehama, Hastings, Neb.; Maskat, Wichita Falls, Tex.; Khova, Amarillo, Tex.; Al Kalv, Pueblo, Colo.; Ben Ali, Sacramento; Tadmor, Akron, O.; Noble Edgar White, marshal.

TRAVEL BY WATER

Youth appreciates the restful relaxation

Travel with the wearies all left out!

When you go by Admiral Line steamer—the "Travel-by-Water" way—you have your choice of a dozen delightful diversions.

There's deck games and dancing; a "sea mile" on the broad, trim decks; the ever-changing panorama of sea and shore and sky.

Then, when you're so inclined, there's a sheltered nook on deck—a restful steamer chair, a book or late magazine—and perhaps, a friend to share the pleasure.

"This isn't travel!" our passengers say; "it's an outing at sea." And port of destination finds them rested, refreshed, and ready for work or play.

PRESBYTERIANS SIDE-STEP ISSUE

Modernist - Fundamentalist Row is Postponed

Overtures Started Through Channels of Committee

Proposal to Combine With Congregationalists Hit

[BY A. P. NIGHT WIRE]

COLUMBUS (O.) May 22.—While the general assembly of the Presbyterian Church in the United States of America today settled down to the business of the session, no headway was made on settlement of the issue involving the literal acceptance of the confession of faith.

All overtures were started through channels that will lead to their eventual disposition except those concerning the Modernist-Fundamentalist controversy.

These, including that of the Chester (Pa.) Presbytery, which asks that the New York Presbytry be exscinded for disloyalty, remained in the hands of the committee on bills and overtures. Dr. W. O. Thompson, Columbus, whom William Jennings Bryan, extreme Fundamentalist, supported for the moderatorship, is chairman of the committee.

There was no indication as to when the overtures will be reached and passed on to the judicial commission for trial.

The assembly started consideration of plans looking toward closer co-operation with other protestant denominations and, in some instances, eventual union, approved budgets for the coming year and provided for a broader program of field activities.

As an aftermath of the apparent tenseness and feeling over the election of Dr. Charles R. Erdman as moderator yesterday, whose selection was opposed from the start by militant Fundamentalists, it became known today that a movement is under way "to take politics" out of the moderator election. Efforts will be made to have either the Presbyterians or synods decide upon a candidate for moderator before commissioners leave for the assembly.

Recommendation contained in a report of the department of church co-operation and union, looking toward greter co-operation with the Congregational Church, which were to have been voted upon, were held up when opposition developed. They probably will be acted upon tomorrow.

The entire report of the department, which also contained statements indicating that union with the United Presbyterian Church is progressing, was held up as a result of the opposition to to Congregational merger.

ANGELENO'S PROTEST HEARD BY COMMITTEE

[BY A. P. NIGHT WIRE]

NASHVILLE (Tenn.) May 22.—Missionary work of the Cumberland Presbyterian Church in China, where the church has organized a foreign presbytery at Canton, is thriving and is in a promising condition, Rev. D. W. Fooke, State Clerk, told the assembly of the church here tonight.

Reviewing the social, economic, political and religious conditions in China, Secretary Fooke said that there was a menace of Bolshevism on account of the leadership of Dr. Sun Yat Sen, who Mr. Fooke asserted was "suspected of being under the influence of the soviet government in Russia."

Committees named this morning by Moderator Morrow have gotten down to work on reports, petitions and memorials before them.

The judiciary committee is particularly burdened with a mass of important business. Among the most important matters now under consideration by this committee is a complaint filed from California by Mrs. Emma Means of Los Angeles, against the recent action of the Texas synod. This synod recommended reopening the case against Rev. W. L. Williams of San Francisco who was formally left off the roll of the California synod on complaint of Mrs. Means, over a dispute involving some church property in California.

The appeal was taken to the general assembly after the action of the Texas synod, which requested the California presbyteries to call a meeting to decide among themselves whether the minister should be listed on the church rolls.

Agents Mauled in Dry Raid at Exclusive Club

[EXCLUSIVE DISPATCH]

NEW YORK, May 22.—When Federal Prohibition Agents William J. McKay and Michael Sassi, in evening clothes, early today attempted to arrest for Volstead violations a waiter and the manager of the exclusive Trocadero Club, they assert they were assaulted by employees and patrons and were successful in making arrests only after they drew their guns and threatened to shoot, anyone who interfered.

The agents arrested and locked up in the police station on charges of possession, selling, attempting to destroy evidence of liquor and assault, Frank Gallesco, 32 years of age, manager, and Albino Scaroni, 40, head waiter. The police were ordered to refuse bail for both.

SOVIET COURT DENIES SINCLAIR OIL APPEAL

[BY CABLE AND ASSOCIATED PRESS]

MOSCOW, May 22.—The soviet Supreme Court today denied the appeal of the Sinclair Oil Company from the decision of the lower court which annulled its oil concessions in Saghalien some time ago.

Your eastern Shrine friends will appreciate getting the Los Angeles Times during the big Los Angeles convention. Special subscription offer: seven issues of The Times, May 31 to June 6, including beautiful rotogravure souvenir Shrine supplement mailed anywhere in Uited States 50c postage prepaid.

NOTICIAS MUNDIALES DE ULTIMA HORA

En obsequio a nuestros numerosos amigos de habla española, y para beneficio de los lectores americanos de "The Times" que estudien esa lengua, publicamos diariamente esta columna en castellano, con un extracto de las más importantes noticias de última hora.

Buena parte del futuro progreso de Los Angeles, que es la metrópoli de los Estados Unidos que más cercana se halla a territorio latino-americano, habrá de depender de las relaciones que logremos establecer con nuestras hermanas, las repúblicas del sur. Para que lleguen a ser enteramente cordiales, no hay nada tan importante como que nuestros ciudadanos se familiaricen con la lengua castellana. Tan se dan cuenta de este hecho nuestros habitantes que hay al presente más de 25,000 personas que estudian español en Los Angeles. A ellas les conviene leer todos los días esta columna, en la que encontrarás español correcto y enteramente moderno.

NOTAS TELEGRAFICAS

Noticias de Washington

WASHINGTON, Mayo 22.—Después de varias semanas de enfermedad, ha partido para Boston el ministro Weeks, con el fin de someterse a un examen médico.

El ministro Hoover ha presidido una conferencia de representantes de los estados costeros, convocada para discutir sobre el examen de pescados y mariscos.

Los funcionarios de la secretaria de Hacienda creen que habrá probablemente algún retardo en la consolidación de la deuda belga, a consecuencia del derrocamiento del gabinete de Bruselas.

Ha declarado el presidente Bedford, de la Standard Oil Company de Nueva Jersey, que no existe el peligro de que realmente se agoten los campos petrolíferos del país.

En la sesión final de la convención anual de la Cámara de Comercio de los Estados Unidos, fue elegido presidente de ésta el señor John W. O'Leary, de Chicago.

Fallecimiento del General French

LONDRES, Mayo 22.—El Marqués de Ypres, a quien la fama conoce mejor por el nombre del Mariscal de Campo French, primer jefe supremo de las fuerzas británicas en Francia, murio hoy en Deal, a la edad de 70 años. No le pudo devolver la salud una operación que le hicieron en Marzo último, si bien por algún tiempo se creyó que había mejorado un poco a raíz de ella.

El Mariscal de Campo Vizconde French, Teniente Lord y Gobernador de Irlanda, entregó el mando de las fuerzas británicas en Francia y Flandes a Sir Douglas Haig en Diciembre de 1915, después de dieciséis meses de guerra con los alemanes. Hasta ese momento se le había designado con el epiteto del "hombre más afortunado del ejército británico".

Teniendo que hacer frente a un enemigo mucho más numeroso que sus tropas, y sin tener suficiente existencia de poderosos explosivos para detener el avance de los alemanes, había dirigido magistralmente al castigadísimo ejército británico en su estratégica retirada de Mons. Unas cuantas semanas después, con cerca de 1,000,000 de hombres, trabó la histórica batalla de Ypres, la ganó, libró a los puertos del canal de los alemanes y salvó a Inglaterra de la invasión.

¿Habrán Llegado al Polo Norte los Expedicionarios?

KING'S BAY (Spitzberg) Mayo 22.—No se abatió hoy aquí la confianza que se tiene en el éxito del vuelo hacia el polo, aunque ha pasado un período de veinticuatro horas sin que se tengan noticias de los aviadores.

Conviénese en que este retardo indica meramente que los dos aviones han hecho probablemente su descenso en el polo, según los planes acordados; pues si no hubieran podido tomar tierra o mar, habrían regresado a King's Bay a las quince o dieciséis horas de salidos.

Nuestros líderes no están alarmados por la demora. Dicen que no esperaban que volviesen Amundsen y Ellsworth antes de la media noche de hoy. Están ciertos de que se halló un lugar de desembarco en el polo, y que los exploradores están llevando a cabo el anunciado programa de observaciones y ceremonias con toda calma, y sin innecesarias prisas.

Los Franceses Rompen las Líneas de los Rifeños

PARIS, Mayo 22. — Ha anunciado hoy en la tarde el ministerio de la Guerra que se inició esta mañana una violenta ofensiva contra los rifeños. Poderosas columnas de tropas francesas de refresco, al mando del Conde de Chambrun, realizaron el ataque, previos intensos preparativos de artillería y la cooperación de 120 aviones, que bombardearon con energía.

Comunícase que han tenido éxito las primeras fases del ataque. Los infantes franceses, senegaleses y nativos, asaltaron la posición mora, que estaba fuertemente atrincherada, y arrojaron a los invasores.

Los puestos enemigos de ametralladoras resistieron tenazmente, y, viendo los franceses que no podían reducirlos con granadas, los bombardearon. La batalla prosigue.

NOTAS LOCALES

Salteador de Banco Atrapado

Pocos minutos después de haber asaltado y robádole $3437 al First Exchange State Bank, sito en la esquina de las calles Ciento Diez y South Main, Robert Sova, de 28 años, fue capturado por un grupo de vecinos, tras sensacional persecución, y confinado en la cárcel del condado.

El bandido, con la cara tapada por un pañuelo blanco, entró a grandes pasos en el banco a las 2:55 p.m. Charles Kellogg y E. A. French, ambos cajeros ayudantes, estaban detrás del mostrador. M. McDermott, corredor de inmuebles, estaba hablando por el teléfono del banco.

El atracador les gritó con voz ésperа a sus víctimas que levantaran las manos, lo cual hicieron éstas en el acto. Luego ordenó a McDermott que bajara la cortina de la ventana y que cerrara la puerta del establecimiento. Ya interceptadas puerta y ventana, el bandido pasó detrás del mostrador y recogió $3437 en plata y billetes, que se echó al bolsillo.

Entretanto, sin embargo, French había logrado apretar el botón eléctrico de alarma contra salteadores. El timbre repicó en una tienda vecina, y J. I. Smith corrió hacia el banco y asomó un ojo. Pudo distinguir a las tres víctimas con las manos en alto y al bandido encañonándolos alternativamente. Inmediatamente dió la alarma por el vecindario.

Al salir el ladrón por la puerta de entrada con su botín, French se precipitó por la puerta trasera con un revólver, que había sacado de debajo del mostrador. Los vecinos salieron violentamente de sus casas o almacenes.

Sova saltó al coche de McDermott, que se hallaba apartado frente al banco, y se dió a la fuga en él. Pero, al ponerse en marcha el coche, H. Johnson, dueño de un restorán cercano, pudo saltar al estribo, y de éste al asiento de atrás del auto. Dirigidos por French, varios otros vecinos se metieron en otro coche y partieron tras el fugitivo. A una cuadra del banco alcanzaron al prisionero y lo encañonaron con sus armas. Este se rindió y fue puesto en manos del sheriff suplente Maurro, y traído a la cárcel del condado, donde, al decir de las autoridades, hizo cabal confesión de su delito.

WEEKS TO HOLD POST IN CABINET

War Secretary's Illness Will Not Cause Him to Resign Portfolio

[EXCLUSIVE DISPATCH]

WASHINGTON, May 22.—Secretary of War Weeks does not intend to resign immediately as the result of a thrombosis suffered early in April. President Coolidge called at the home of Secretary Weeks this afternoon and found him much improved and confident that he will be able again to take up his duties as a Cabinet member by September 1.

The Secretary had so far recovered that he left for Boston, where he will consult physicians as to the necessity of an immediate operation for the gall bladder ailment, which has given him much trouble during the last few days and seriously interfered with his full recovery. Following his trip to Boston, Secretary Weeks expects to visit his son, Sinclair, for a few weeks and then go to his summer home in New Hampshire until fall.

President Coolidge was pleasantly surprised at the recovery made by Secretary Weeks when he called this afternoon, it was announced at the White House. According to an official spokesman, Secretary Weeks told the President, that he would have attended the Cabinet meeting for a few moments this morning had he not been advised against it by his physician, who felt that he should save his strength for the trip to Boston.

UNION PACIFIC VOTE DECLARED INVALID

RAIL BOARD CALLS PARLEY TO PLAN NEW ELECTION BY JUNE 8

[BY A. P. NIGHT WIRE]

CHICAGO, May 22.—The United States Railroad Labor Board tonight announced its decision that the recent election conducted under the direction of the Union Pacific Company and its system association of clerical employees could not be declared legal. The board reversed its previous ruling that no election should be held to determine representation of the clerks in the negotiation of contracts and ordered a conference between the railroad management, the system association and the Brotherhood of Railway Clerks to arrange an election by June 8. The road is admonished not to negotiate a new contract until after the election.

The election recorded a majority of the employees affected by the present contract as favoring continuance of representation through the Brotherhood of Railway Clerks but a majority of all voting as favoring the system association. The board held the election was invalid because a disagreement over who should vote was not settled before the election. The board ruled a sufficient number of votes was lost for the association to satisfy the board that "there now exists a reasonable presumption" of the desire of a majority for a change.

BAY CITY BROADCASTER WILL USE 1000 WATTS

[BY A. P. NIGHT WIRE]

SAN FRANCISCO, May 22.—Radio broadcasting station KPO here will install new equipment which will increase its power from 500 watts to 1000 watts, it was announced today by O. W. Tuttle, managing director. The improvement is expected to be completed some time in July.

RUPTURE

EXPERT HERE

F. H. Seeley of Chicago and Philadelphia, the noted truss expert, will personally be at the Rosslyn Hotel and will remain in Los Angeles today, Saturday only (from 10 a.m. till 8 p.m. positively no longer.) Mr. Seeley says: "The Spermatic Shield will not only retain any case of rupture perfectly, but contracts the opening in ten days on the average case. Being a vast advancement over all former methods—exemplifying instantaneous effects immediately appreciable and withstanding any strain or position, no matter the size or location. Large or difficult cases, or incisional ruptures (following operations) specially solicited. This instrument received the only award in England and in Spain, producing results without surgery, injections, medical treatments or prescriptions. Warning—All cases should be cautioned against the use of any elastic or web truss with undersraps, as same rest where the lump is and not where the opening is, producing complications necessitating surgical operations." Mr. Seeley has documents from the United States Government, Washington, D. C., for inspection. He will be glad to demonstrate without charge or fit them if desired. Business demands prevent stopping at any other place in this section.

F. S.—Every statement in this notice has been verified before the Federal and State Courts.—F. H. Seeley.
Home Office, 117 N. Dearborn St., Chicago.

FRENCH SMASH RIFF LINES

Violent Offensive Launched Against Moor Insurgents Proves Successful in Early Stages

[BY CABLE—EXCLUSIVE DISPATCH]

PARIS, May 22.—The Ministry of War this afternoon announced that a violent offensive was launched against the Riffians this morning. Powerful French columns of fresh troops commanded by Count De Chambrun attacked after violent artillery preparations and the cooperation of 120 airplanes which bombed intensively.

The opening phases of the attack are reported to have been successful. The French, Senegalese and native infantry storming the Moorish position, which was heavily entrenched, drove out the invaders.

Enemy machine-gun posts resisted stoutly, being bombed and shelled when the French were unable to reduce them with grenades. The battle is still going on.

This afternoon at the Cabinet council, Premier Painleve confirmed the success of the operation, stating that he had received optimistic dispatches. At the same time M. Painleve submitted demands for credits which the government will ask the Chamber to approve on Monday to carry on the Morocco campaign. The strictest secrecy is being maintained regarding the amount the government asks, but a significant fact is gleaned from the Bank of France's weekly statement, issued today, which reveals that the State obtained an additional 150,000,000 francs (roughly $7,500,000) from the bank during the last week making a total of 24,100,000,000 ($1,205,000,000.) The Socialists oppose the credits and the whole Moroccan policy, thereby threatening the life of the Cabinet as M. Painleve has announced that he will not accept a vote of confidence from the center and the right.

SOVIETS GIVEN PORTRAITS

[BY CABLE—EXCLUSIVE DISPATCH]

SHANGHAI, May 22.—The soviet consulate here has received twenty-five large colored portraits of the late Dr. Sun Yat-sen for distribution among soviet organizations in Shanghai and Peking and in Russia. The portraits are a gift of the All-China Seamen's Union. The majority of the portraits have been sent to Moscow.

Official Predicts Mexico Cotton Crop Shortage

[BY CABLE—EXCLUSIVE DISPATCH]

MEXICO CITY, May 22.—Luis L. Leon, Secretary of Agriculture, says his official information is that a poor cotton crop is to be expected in Torreon this year. There had been drought and a plague of the pink boll worm. Less than one-third of last year's crop was planted this year.

As the railroads have prohibited shipments outside the infected zone unless cars are fumigated and other preventive measures taken, all of which cost money, the outlook is a gloomy one for the growers.

The reports apply only to Torreon and give no information on cotton conditions in Baja California.

Minister Leon has received numerous complaints from Torreon, from Gomez Palacios in the State of Coahuila, and from Durango regarding the severe measures of the railroads. Both agricultural and commercial interests ask his assistance in lifting the embargo, asserting the danger of the boll worm plague has been exaggerated.

TWO DIE AS PLANE FALLS

[BY CABLE AND ASSOCIATED PRESS]

BARCELONA, (Spain) May 22. Two men, the pilot and observer of a military airplane flying over this city, were killed today when their plane caught fire and fell to the streets.

FITZGERALD'S for the Advancement of Music

MELBA FRENCH HARR, SOPRANO

WILLIAM TYROLER DIRECTOR

Two Brilliant Artists

who will appear in the opera "L'Oracolo" presented by the Euterpe Opera Reading Club at the

AMBASSADOR THEATER

TUESDAY, MAY 26 at 11 A.M.

The participation of two such splendid Artists assures a superlative performance of this fine opera.

Barr has created a real sensation in her Los Angeles appearances, while Tyroler is considered one of the really great Musical Directors of the day.

How fitting that two such foremost artists should choose the foremost pianoforte, the

KNABE

They have each purchased one for their homes and use it exclusively upon all occasions.

The tonal beauty of the Knabe—warm, human, plaintively sweet—distinguishes it unmistakably from all other fine pianos. You are cordially invited to hear it in our Music Room.

Essex Alone Gives This Quality and This Price

The Reason for Its Amazing Sale

Buyers know what Essex gives can be had elsewhere only at far higher cost. The great Essex sales record is due to no other thing. It is recognition of a value leadership so overwhelming that it is not even challenged.

Today's Essex is the greatest of all Essex values. It is the finest Essex ever built. It is the smoothest, most reliable Essex ever built. It is the best looking, most comfortably riding Essex ever built. We believe its maintenance and operation the most economical of any car in the world. And the price, because of famous patents, with volume manufacturing advantages that are absolutely exclusive, is the lowest at which Essex ever sold.

On every side its hosts of owners praise it with such pride and conviction as we have never heard for any other car. It is reflected in the greatest sales in our history. And the rapidity of this sales increase shows how thoroughly the facts about Essex have penetrated the entire market. Wherever you go, note how they outnumber all new Sixes. It is the surpassing proof of value—greatest sales.

THINK *Where Else So Much for* $895 *Delivered Here $1060*

$290 For those who desire, special arrangements have been made whereby an Essex Coach may be purchased for a First Payment of $290, or your used car will be accepted without the payment of any cash, providing its value equals $290. The remaining payments conveniently arranged to extend over a period of one year and a half. $290

SHIPPING and Los Angeles Harbor NEWS

NEW FREIGHTER TO PLY ON COAST

Isthmian Line's Motorship to Arrive Soon

Craft Said to be Largest to Enter Pacific Run

Entry Points Growing Favor of Diesel Vessels

The motorship Challenger of 5764 tons net will enter the intercoastal freight run at once for the Isthmian Line, it was announced at the line's local offices yesterday. It is believed to be the largest motorized freighter plying between Pacific and Atlantic coasts. The Challenger is loading at New York for her first voyage westbound.

The vessel will usurp honors as the largest Diesel-driven intercoastal vessel heretofore claimed jointly by the motorships Californian and Missourian of the American-Hawaiian Line, with the United American Line motorship Seekonk as a runner-up.

Entry of internal combustion vessels continues to increase in ships engaged in the West Coast trade. Recently the Navigazione Libera Triestina announced the entry of five big motorships, now nearing completion in Europe, in the trade between California ports and Italy, Spain and the Mediterranean. The Shipping Board is converting a score of steamers into motorships. The general Petroleum Corporation recently built two motor tankships. The Standard Oil has a program of building, calling for several internal combustion vessels. The Swedish Johnson line is completing two more for trade here; the Bank Line's first ship, the Birchbank, of a big motorized fleet will make her maiden call here shortly while the Osaka Shosen Kaisha Line is constructing several motorships for the round-the-world service.

FURNESS CARRIER BRINGING BANANA CARGO

Fifteen thousand bunches of bananas, one of the largest shipments in the growing banana trade, are due here Monday in the refrigerated compartments of the new British motorship Pacific Shipper, en route here from Europe by way of Central American ports, thus the newest and of a new fleet recently put on the regular service making this harbor a regular port of call in the European-Pacific Coast service of the Furness Line. The London Merchant recently dropped 12,500 bunches here.

United States Marshal Sittel, acting for the government, yesterday took over the little motorship Katherine R., having her put to the United States from the Los Angeles Ship Yards, where she was tied up. It is understood the seizure may be made under the banner, following a libel suit filed against her. One claim, understood to have been for $4500, was filed against her by the Willmington Transportation Company for having the Katherine R. from Cape San Lucas, when her motors were giving trouble and the run short of fuel. The vessel is owned by the International American Navigation Company of Los Angeles. Her delay in reaching port recently also caused a complete loss of her cargo of bananas, and she suffered other troubles, including the escape of two assorted aliens from her crew at Long Beach. She was built as a yacht to order in Scotland, in 1898, and is said to be still in good condition.

A cruise of 16,175 miles in eight-six days has just been completed on the return here yesterday of the Standard Transatlantic liner Vancouver, by Vancouver, B. C., 4:50 a.m. In ballast to load oil for Union Oil Company.

News of Ships and Sailings at Pacific Ports

[BY A. P. NIGHT WIRE]

SAN FRANCISCO, May 22.—The steamers Mexico and Montezuma have been assigned to the National Navigation Lines, to be operated in the passenger and freight trade between ports on the West Coast of Mexico and California. The steamers were formerly operated by the Mexican government.
With the sailing of the steamer Santa Rosa from Baltimore next Saturday, a new departure schedule will be effected for the Pacific Mail freighters operated from the east coast to San Francisco and Los Angeles. It was announced today by officials of the company.
Hereafter the steamers will leave Baltimore direct for New York, where they will proceed to Philadelphia, after which a short stay will be made in Norfolk. From there the vessels will proceed direct for the California ports.
On her maiden voyage, the tanker Alynbank, arrived in San Francisco Harbor today from New York to take on 6 cargo of fuel oil and gasoline for the Philippine Islands.
Word received from the Canal Zone states that the schooner Rose Mahoney, in tow of the Santa Rosa, passed through the canal and left Cristobal on the 20th inst. The vessels are bound from Puget Sound ports for New York and are both laden with lumber and pilings.
SEATTLE, May 22.—Sailing of the steamer Jefferson of the Alaska Steamship Company the 28th inst., is to make the opening of the Alaska tourist season. The steamers Jefferson and Yukon are to cover Southeastern Alaska, sailing alternately every other week. The tourist season, which is expected to be the heaviest in the history of Alaska this year, is to continue until September.
The freighter Talkeetna will arrive in Seattle from the Far East June 10 with a big cargo, said advices received here today.
While bound for Mood Canal, the motor freighter Aleka of the Puget Sound Navigation Company went ashore early today at Apple Tree Point, about eighteen miles north of Seattle. The vessel stranded with the tide falling and was aground at 5 o'clock this afternoon. No damage was done to the hull, as the vessel struck soft bottom.
Although the Dodecs, new Diesel-powered tug built for the Darr-Davis Tug and Barge Company in Port Blakeley is sixty-five feet long and has an eighteen-foot beam, it draws only five feet of water. The tug was built for towing logs over shallow river bars and went into service yesterday on the Siletz River in Oregon, according to advices here.
PORTLAND (Or.) May 22.—A shipment of 540,000 pounds of flour, packed in tin cans, is being shipped to San Francisco from Portland for trans-shipment on Army transports for Army posts in the Hawaiian Islands and Manila.
A shipment of 1000 tons of wheat, the first to leave here for the Orient in a long period, will be loaded by the new Mitsui steamer Akibisan Maru early in June. The steamer will also take out 750,000 feet of lumber. It is bringing 500 tons of copper contract for Portland discharge.
The steamer Robin Hood will leave Portland tomorrow for Seattle to complete discharging what was a full cargo brought from Atlantic Coast ports. The Robin Hood unloaded 30,000 tons of freight locally.
The Norwegian motorship Geisha started loading lumber here today for South American west coast ports.
TACOMA, May 22.—With a general line of trans coast goods, the Edward Luckenbach is expected to arrive some time tonight. The vessel is to take out Tacoma tallow and cross ties in addition to considerable miscellaneous offerings.
After taking on considerable local freight, consisting of principally lumber, the Osaka Shosen Kaisha liner Africa Maru, left for Seattle en route to the Orient this morning.
The Lumber Mars, which left Wednesday for Vancouver, is expected back here Tuesday or Wednesday for Tacoma work.
Local discharging being finished, the steam schooner Wapama sailed for San

STAR'S NEW PLAY

JANE COWL TO CREATE ROLE AT PLAYHOUSE

By Grace Kingsley

If anybody feels moved to get up a prize for bringing good shows to town, one feels today after hearing the latest theatrical news that Louis Macloon really ought to have it.

Jane Cowl, who is under Macloon's management at present, isn't going to be allowed to leave town just because "Romeo and Juliet" is closing. This noted star is to appear in a new play to be produced by Macloon, called "One Trip of the Silver Star," and was written by Lawrence Eyre, author of the success, "Miss Nelly of N'Orleans," which served Mrs. Fiske during two or three seasons. Mr. Eyre also wrote "Merry Wives of Gotham," in which Grace George and Laura Hope Crews appeared in New York.

The new play will have its first premiere on any stage at the Playhouse on Tuesday night, June 23, and this will, of course, be one of the most noteworthy events of the season.

"One Trip of the Silver Star," we have it on good authority, is a very charming romance of the old South. The play takes its title, as you are doubtless curious to learn, from the name of a famous old Mississippi River steamboat, and has nothing whatever to do with policemen, as you might imagine. The action of the story takes place on the salon deck of the boat as she churns down from Vicksburg to Natchez.

Vernon Kelso, who played the role of Benvolio so fascinatingly in "Romeo and Juliet," is to be Miss Cowl's leading man. Many of the members of her present New York organization will be in the cast.

Louis Macloon is wasting no time dozing on his laurels, however, but is getting "Lady Be Good" ready for rehearsal as fast as he can. An then, too, he is already looking forward to producing "What Price Glory" in September.

Of course, "No, No, Nanette" at the Mason, doesn't need any running. In fact, there's just no stopping it.

ARCHAINBAUD UNDER FIRST NATIONAL FLAG

When First National decided to make "Joseph Greer and His Daughter," naturally they began casting about in their minds for a good director, with the result that George Archainbaud has been signed to make the Henry Kitchell Webster story, which June Mathis is adapting to the screen. Archainbaud recently returned to Hollywood from New York, where he made "The Necessary Evil," another First National release, and said to be one of the best pictures this concern has turned out in recent months. Production of the Webster story will begin about June 1.

They had some visitors out at United Studios yesterday. Sam Spring, secretary and treasurer of First National, and E. Bruce Johnson, foreign manager of that organization, stepped off the California Limited on their first visit to the Coast.

Mr. Spring freely admitted that he believed this will be the biggest year in First National's history, and that a giant production program is under way.

"The foreign market," contributed Johnson, "is one to be classed with America today. During the last severa. years the foreign situation for distribution of pictures has grown to one of the highest standards. Our pictures are just as much in demand abroad as here."

Charles Farrell Signs

Another young sheik has been added to the movies. He is Charles Farrell, a young fellow of only a little over a year's experience in Hollywood, who was signed to a long-term contract by Warner Brothers yesterday.

Charles Farrell.

Farrell hails from Cape Cod, Mass., but this didn't keep him from being bitten by the stage bug at an early age. He managed to stave it off with amateur theatricals while going through college, but immediately upon graduation he went to Boston to try his fortune before the footlights. Things didn't turn out so well there, but by chance he came in contact with a vaudeville man who persuaded him to take a fling at the three-a-day and promised to find him a place in his company. That meaning at least three meals a day and a chance to travel, he accepted. He went over the International and Keith circuits and finally to Hollywood.

His first bit was with Mary Pickford in "Dorothy Vernon of Haddon Hall," and then followed another in "The Thief of Bagdad," and several more. He played comedies a while at Sennett's, and then came to the Warner lot with a number of others for "Thin Ice." Then he did a part in "The Wife Who Wasn't Wanted," which was so good that it resulted in his contract.

Buck Black in It

The small Buck Black, who at 8 years of age is a finished equestrian—though, come to think of it, that is a long word to call a small boy—has been signed by Hunt Stromberg to play an important child role with Harry Carey in "Bad Lands."

This youngster was born in India, where he learned to ride horseback before he had fairly learned to walk.

Ray Hallor Busy

Twenty years is a long time to work for the big opportunity. Particularly if one has only lived to be 25 years of age! This is the experience of Ray Hallor, attractive juvenile, who has been signed to play the romantic lead in "Titans," House Peters's current Universal-Jewel special.

Irving Willat Leaves

The great open spaces are going to be a little less open after today, at least so far as Oregon is concerned. Irvin Willat, Jack Holt, Florence Vidor, Billie Dove, six cameramen and others will leave tonight for Myrtle Point in the Coos Bay district of Oregon to film the log-jam scenes that will be one of the features of Willat's next production for Paramount, viz, James Oliver Curwood's "The Ancient Highway."

Arrangements for the trip have been made with haste. The great lumber companies of the Northwest are making their log runs earlier than had been expected, and the company must either get the scenes required for the picture now while the rivers are high or wait until next spring.

Richard Carle Into Silence

Old-time theatergoers will be glad to learn that Richard Carle, for many years a conspicuous figure in musical comedy and stock presentations, has decided to lend his talents to the screen in the future. His next appearance will be in a featured role in "The Coming of Amos." Rod La Rocque's first starring production under the De Mille banner, which is now being filmed at the De Mille studio under the direction of Paul Sloane.

Acting has been Carle's passion since boyhood, and his line has been devoted to dramatic work, not only as an actor, but as a playwright as well. He has appeared in many successful plays and musical comedies, having a genius for humor, in support of many of the old-time favorites.

"The Belle of Bohemia," "The Casino Girl," "The American Beauty" and "The Doll Girl" are among his starring plays.

Houdini's New Show

From Houdini, master handcuff king, comes agitated word denying a recent story that he was to appear in a play under the management of L. Lawrence Weber.

"I am signed under his management, however," writes Houdini and he is going to pilot me the coming season in a performance that will consist of mysterious illusions—an hour's seance with the spirits, and my $5000 challenge to any medium who will present physical manifestations that I cannot reproduce."

Peggy Hopkins Joyce Arrives

Peggy Hopkins Joyce arrived from New York yesterday, and was greeted at the train by Marshal Neilan, who is to direct her shortly in an independently made picture.

Rita Carita With De Mille

Tip-toeing into the movies is a popular sport these days. Now it is Rita Carita, dark eyed, olive skinned and graceful, who quite unknowingly danced her way into the movies.

Cecil B. De Mille it is who had the honor to discover Miss Carita. He saw her solo dancing at the fashionable El Fey Club in New York and was impressed by her beauty and grace. He watched her carefully all evening, he admits, and then sent for her next day, had a screen test made, and signed her on a long-term contract.

Miss Carita will be seen in Leatrice Joy's starring picture, "Hell's Highroad," which Rupert Julian is directing.

David Torrence Signs

Putting his name on the dotted line is keeping David Torrence terribly busy this year and now comes the interesting announcement that this versatile actor will play one of the important roles in Victor Seastrom's "The Power of Lies" with Lon Chaney, Norma Shearer and others. He is now preparing his wardrobe for a wealthy land owner named "Erick," a characterization that will involve much art in make-up and will register charm and sympathy. Mr. Torrence is a great admirer of the Swedish director and delighted with the part entrusted to him. This is the second call this year from Metro-Goldwyn-Mayer for the actor who has just finished in Tod Browning's "The Mystic."

SCHULBERG REVISES SHOOTING SCHEDULE

Complete revision of production plans for the opening schedule of his 1926 program has been announced by B. P. Schulberg through Sam Jaffe, his general production manager. Announcement of the change was made to Jaffe in a wire from Schulberg, who is now in New York.

Production will begin about June 1 on "Parisian Love," an original story by F. Oakley Crawford, and "The Girl Who Wouldn't Work." These two pictures will replace in the production line-up "The Plastic Age" and "With This Ring," which were originally slated to lead off Schulberg's next year's release.

"The Girl Who Wouldn't Work," from the popular novel of the same title by Gertie De S. Wentworth-James, is now being adapted to screen continuity by John Goodrich. Marcel De Sano will direct its filming. His second picture under the Schulberg banner will probably be "The Plastic Age."

Gasnier will direct "Parisian Love." Casting of these pictures will begin immediately upon the arrival back in Hollywood of Schulberg, who is expected to return within the next week.

PACEMAKERS COMPANY FINISHING UP SERIES

Under the direction of Wesley Ruggles, the F.B.O. company filming "The Pacemakers," H. C. Witwer's college classic, is shooting the twelfth and final episode of the series. George O'Hara, Alberta Vaughn, Al Cooke, Kit Guard and Stanley Taylor, as well as the director will now get a much-needed respite and a little time to breathe between pictures.

A new series of Witwer stories will be started by F.B.O. within a short time, to be followed by a series from the pen of Sam Hellman. Continuities are being prepared on the former series, and casting will commence within two weeks.

STAGE COSTUME USED FOR PHOTOPLAY ROLE

Numerous parts of Virginia Pearson's costume for her featured role in Natacha Rambova's "What Price Beauty" were worn by the actress when she played in "A Fool There Was" on the stage.

There is some similarity between Miss Pearson's present screen part and her former stage characterization. Noting this, Miss Pearson was able to furnish from her own wardrobe valuable garments for her new film role.

THEW NEARING END

Harvey Thew is now at work on the final draft of "A Little Bit of Broadway" for Metro-Goldwyn-Mayer. When he completes the script, the writer will vacation at Coronado for a few days before starting another.

Opening at Loew's State Today

Doris Kenyon and Milton Sills

Who have the leading roles in First National's new production, "I Want My Man," which opens at Loew's today.

BEERY AIDED BY MEMORY OF OUTLAW

Childhood Impressions of Jesse James Help Film Villain in Career

Wallace Beery claims the distinction of obtaining his first impressions of how a villain acted from a master mind of the business.

Wallace and his brother Noah were in Western Missouri, with Jesse James as one of their neighbors, and both retain vivid impressions of the bandit.

The villainy didn't register hard at the time for Noah went on the stage while Wallace joined a circus and became an animal trainer.

Wallace's ability as a villain was to lie dormant for a long time. He gave up the circus and went on the stage as a singer, for some time appearing in musical comedies and in stock companies.

Although now a full-fledged villain of the screen, his latest effort being in "The Wanderer," the Biblical spectacle now being produced by Paramount, in which he plays the part of the cruel sea captain, his introduction to motion pictures was as a comedian.

"The Wanderer" was adapted from Maurice V. Samuel's stage play of the same name by J. T. O'Donohue. Preparations for the scenes now being filmed occupied more than six months. Featured in the cast are Ernest Torrence, William Collier, Jr., Wallace Beery, Greta Nissen, Kathlyn Williams and Tyrone Power.

"NANETTE" REPEATERS TO RECEIVE BADGES

If you are one of the thousands that have seen "No, No, Nanette," the musical comedy sensation at the Mason, two, three, or more times, you are entitled to wear a "No, No, Nanette" repeater badge. Messrs. Macloon and Smith, producers of the big musical show, believe that repeaters should be rewarded for their devotion and in consequence have secured a number of neat badges, showing the number of times the wearer has seen "Nanette." They may be secured at the Mason box office on request. So if you are a Nanette repeater, tell the box-office man and secure your badge and wear it. Incidentally "Nanette" is probably the greatest repeater show that has ever been produced. Scores of playgoers have seen it four or five times, and many thousands have seen it at least twice. There is a badge at the Mason for everyone who has been entertained by this popular musical comedy miss more than once.

INSPIRATION NEARLY WON HIM BLACK EYE

Many a clever remark or paragraph — or screen title — is the result of a form of inspiration — and by the same token, sometimes a black eye maybe. So declares Walter Anthony, Universal's chief title writer, who titled "Peacock Feathers" and other big Universal productions, including "The Phantom of the Opera."

Anthony says that inspiration almost won him a darkened macerated optic. It happened this way:—

He was conversing with Larry Trimble, who hails from Robinston, Me., and who is possessed of a Hibernian temper. Larry, directing "My Old Dutch" at Universal, was describing a village fete in his home town at great length.

"I think it was to celebrate the late of the arrival of the first white man there," he added.

Anthony eyed him innocently.

"And when do you expect the next," he asked politely.

Six stage hands interfered — which is the reason Anthony's eye is still in its uncolored state.

STANTON FINISHES "AMERICAN PLUCK"

Richard Stanton has given the last command on the filming of "American Pluck," the Chadwick production starring George Walsh. The production has just been completed and marks the first American-made picture under Stanton's direction in several years.

Stanton has been in Europe for several years directing the destinies of numerous British, German and French pictures. His hegira to the Old World followed the extraordinary success that attended his first George Walsh productions—"The Beast," "The Yankee Way," and others.

It is an interesting coincidence that Stanton's first production upon his return should be with Walsh. Those who were close to production activities claim that "American Pluck" will strike a new and original note in the comedy-drama field.

HELEN LEADING A DOG'S LIFE

Miss Ferguson's Ponca Pup Making Things Hum in Hollywood

Helen Ferguson is learning that nothing is so inclusive as "A Dog's Life" nor so wearing. Helen returned from Ponca, Okla., with a "Ponca pup," one of the native bread, destined for colossal size. Hollywood has already experienced a new thrill with the advent of "Dingbat" in its midst. On Sunday last it tore into a church in exclusive West Hollywood when Helen had taken it out for a sober walk. On Monday it helped itself to a leg of lamb at a butcher shop on the boulevard. The next day "Ding" chewed up a megaphone and the hero's big Stetson in "On the Show," in which Helen is appearing. If "Ding" misses the oil country, he is keeping it a secret, for the infinite resources of Hollywood seem to be greatly intriguing to his dogship.

Fort MacArthur Gunners Prove Worth of French "155"

Adoption by the Army of the Famous French "155"—appears highly probable as a result of the great shooting record hung up yesterday by gunners at Fort MacArthur. A tiny speeding target 10,000 yards at sea and half hidden in the fog offered no difficulties to the gunners of Capt. Fisher's Battery B, who manned two of the four French guns at the fort. The fact that none of the men of Battery B had ever before handled the "155," makes the record of yesterday more impressive. (Times photos.)

The Annual Circus and Street Parade of the children and members of the parent-teachers association of the Washington-street school, was held today on the grounds at Washington and Budlong streets. Photo shows a participant with his faithful steed. (Times photo.)

"I've Got to Go to Work," the Countess de Morner, better known to the public as Peggy Hopkins Joyce, announced within five seconds after she had stepped off the California Limited here yesterday. She's going into pictures because, she says, she's broke. (Times photo.)

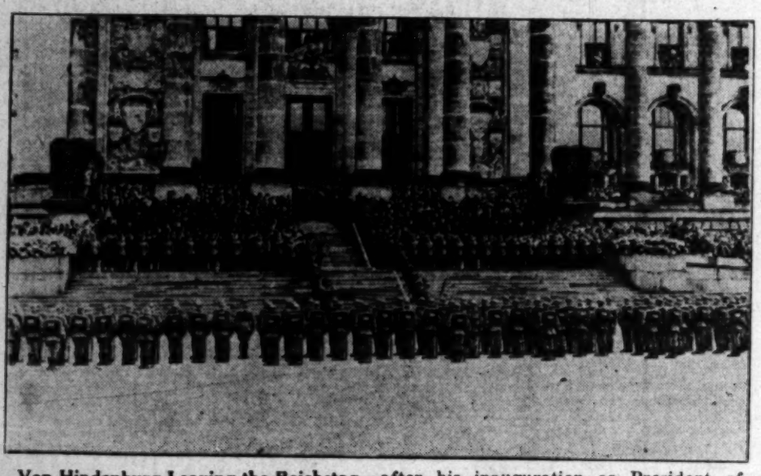
Her Inability to Drink her quota of highballs at parties which she and her husband, Lawrence B. Hutchason, attended, is blamed by Mrs. Agnes Lesley Hutchason (above) for the waning of his affections. The couple were in divorce court yesterday. (Times photo.)

Details of a Rough Battle—in which J. Morgan Marmaduke, well-known local attorney, and Mrs. Ruth Higgins (above) are asserted to have engaged, were aired in Police Judge Richardson's court yesterday. Marmaduke was found guilty of charges preferred by his opponent. (Times photo.)

World's Mightiest Pipe Organ—which boasts a carrying capacity of five miles, was [illegible] day at Roosevelt Memorial Park. One [illegible] Eighty-second street and Western avenue, shows Miss Eleanor Watterman perched on the board of the mammoth instrument. So [illegible] the tones of the instrument that the [illegible] forced to sit in an inclosed apartment at a distance from the pipes. (P. & A. photo.)

Five Thousand Crippled Children have been cured or partially cured through surgical help received in eleven hospitals built and equipped by the Nobles of the Mystic Shrine. In the above photo three little unfortunates are shown with one of their "big brothers."

Approximately 4000 Californians, the majority armed with round-trip tickets, left Los Angeles yesterday on eastern excursions via the three main roads. The occasion was the opening day of the summer railroad rates. Large photo above shows eight sections of the California Limited lined up in the Santa Fe yards, ready to begin the trek east. The photo to the right shows Miss Los Angeles of the Chamber of Commerce in the cab of a Southern Pacific engine which is about to pull out a section crammed with touring Californians. Officials expect that during the next four days eastbound trains will be crowded to capacity with vacationers from the Southland.



Von Hindenburg Leaving the Reichstag—after his inauguration as President of Germany, is shown above in one of the first original photographs of the event to reach the Pacific Coast. An excellent view of the entrance to the Reichstag is afforded in this photo. (P. & A. photo.)

HOW THE BABE HAS SHRUNK!

Babe Ruth, the idol of New York fans, got back into the harness recently after a long illness. The photo below shows him in uniform at the Yankee park. Notice how his suit hangs on his frame, due to the loss of more than fifty pounds. He's a mere lightweight now. [P. & A. Photo]

STATE SWIM MEET TODAY

Prep Stars Tangle in Big Affair at the Los Angeles Athletic Club With Southern Entries Favored

The State high school swimming championship will be decided in preliminaries and finals at the Los Angeles Athletic Club this afternoon and evening in a system altogether different from that used in the past. In other years the State titles have been won by dual clashes, the Southland champ tying into the Northern California victor. This season, those who qualified in the Southern California swim will represent this section, while the best prep mermen from the central and northern sections of the Golden State will uphold the honor of their representive divisions.

Southern California has won the State splash flag only once, that victory occurring last year when the invincible Venice outfit spanked Stockton to a merry count in the northerners' own pool.

That the State title will rest in Southern California after today's meet, is the opinion of most experts. Little is known concerning the potential strength of the invaders, but they will virtually have to be record-breakers to outwit the boys from the sunny southern portion of the State. Palo Alto, Alameda and Stockton are the northern entries.

Kenison of Hollywood will not be easy to pass in the sprints. Kendal, and Novis of Pasadena swim distance events in fleet style. It will take a human cork with a rudder to defeat Elliott of Hollywood in the plunge for distance.

Galitzen, Roosevelt, performs dives with a finesse that would win for him in a strange, strange land, let alone competition before home folks. Hamilton, Venice, is beatable in the breaststroke and medley, neither of which events were negotiated in extraordinary time in the Southern California. Kendall, Pasadena, and Ploessel, Huntington Park, slap their arms in efficient and fleet manner in the backstroke, and will not need to accept much back-talk from the visitors. It is predicted.

Fred Johnson, manager of the meet, announced last night that the heats will only be run in the fifty-yard free-style event.

CELLO WHIPS HOPPE

...PPE LOOKS GOOD

...started good and his body ... had Cello in a rut but ... the round when Cello ... Glendale's fighter ... appeared to forget ... defense and rode ... to a well deserved decision that ... nearly rocked Jimmy Mar... deep in the second round of the semifinal, scoring with a stiff left to the head and a wicked left hook to Marcus's midriff. Marcus flopped and was counted out on his back.

Bennie Berris, 138-pound battler, chased Irving Moak all over the ring to win a technical decision when Referee Holborow stopped the bout at the end of the fifth.

Jackie Carr floored Benny Diaz four times in the first round of the second four-session bout and again in the second round rocked Diaz to the floor for the count of five. In the second, Diaz, still groggy, walked into another stiff jolt to the jaw and after listening to the referee toll six, hopped up and waded into Carr during the balance of the fight. Carr tried hard but couldn't collect a K.O. and Diaz got a great hand for his game struggle.

DEERING WHIPS NESTOR

Jimmie Deering floored Jack Nestor for the count in the curtain-raiser. Deering was too fast for Nestor in the bout that substituted for the advertised Charlie Green-Henry Marcus go.

FINN FAILS TO HANG UP NEW MARK

Paavo Nurmi Wins Mile Run at Cambridge; Leads Rival to Tape by 25 Yards

[EXCLUSIVE DISPATCH]

CAMBRIDGE (Mass.) May 22—Paavo Nurmi won another race today, but he failed in his great effort to shatter his own world's record for the mile. Finishing 25 yards in advance of Jimmy Connolly, former intercollegiate champion, the Finn's time was four minutes, 15 1-5 seconds, 4 1-5 seconds slower than the mark he had hung up in Sweden in 1923.

Weather conditions indicated before the race that Nurmi would not beat his previous mark, a stiff and harsh breeze from the West appreciably holding back the speeding Finn.

William Dooley of Huntington school, Boston, was third, pulling up about 15 yards behind Connolly. Second in the race, Tom Clausen, the Boston athletic club entry, dropped out after covering half of the course.

ROSENBERG SIGNED

[BY A. P. NIGHT WIRE]

CLEVELAND (O.) May 22.—Charlie Rosenberg, New York champion bantamweight boxer, and Pete Sarmiento, today were matched to box a ten round no-decision bout here June 3.

JOYCE WETHERED VICTOR

Wins Third British Women's Open Title by Victory Over Miss Cecil Leitch in Finals

[BY CABLE AND ASSOCIATED PRESS]

TROON (Scotland) May 22.—Before the largest gallery that ever saw women battle at golf on this side of the Atlantic, Miss Joyce Wethered today won her third British ladies' open golf championship by beating Miss Cecil Leitch, three times holder of the title, at the thirty-seventh hole. It was the hardest fought struggle in the history of the British women's golfing classic. The 36-hole final match was squared at the completion of the first round, and again at the end of the second.

Fighting valiantly against a girl 10 years her junior, Miss Leitch squared the match at the thirty-sixth after being two down, only to lose by a putt at the thirty-seventh. On this hole she was short with her approach and needed two putts after she got on. Miss Wethered retained her title by a putt.

Miss Glenna Collett was treated as a guest of honor today. She was escorted to each green with the contestants in order to get a good view of the putting.

The shipyards of Ayr and Troon, and the shops of Prestwick as well as Troon closed their doors and the whole shire took a golfing holiday, even the school children being released to see the afternoon round.

Today's match marked the seventh meeting of Miss Wethered and Miss Leitch since the younger girl, who was then in her 'teens, rose to sudden fame and took the championship honors away from Miss Leitch in the beginning of the post-war period. Of their seven struggles, Miss Wethered has been victorious in five. Miss Leitch is 34 years of age and Miss Wethered 23.

SPAULDING HERE TODAY

Big Ten Grid Mentor Arrives This Morning to Take Over Branch Football Position

BY BRAVEN DYER

Bill Spaulding, the latest thing in Southern California grid coaches, arrives here this morning. The Minnesota University mentor is coming to take over the position of football general and head of the athletic department at the Southern Branch. Grizzly authorities ran their string of consecutive silent days to something like fourteen and as a result this writer doesn't know what time the new mentor arrives. He is due in before 11 o'clock, however, probably about 9:45. Local fans who desire to mitt him at the station should hire Nick Harris and his sleuths to get the exact spot at which Spaulding disembarks.

A delegation of Southern Branch officials, armed with a brand-new contract, which is said to read in terms of $10,000 annually and call for a stay here of some five years, will greet Spaulding at the depot. They will whisk him away to the university, where he will be given the keys to the prominent buildings. A bevy of coeds who rank highest in pulchritudinous ranks will be attractively arranged so as to catch the new coach's eye, and one glimpse of the girls may be enough to cause him to affix his John Henry to the right piece of paper.

Bill Spaulding

That Spaulding will sign either today or tomorrow is taken practically for granted by Grizzly authorities. When he will take over his duties is another question. It is said that he has actually resigned at Minnesota, with the understanding that he will return there for the 1925 season, provided Gopher officials can't secure a man to their liking for the grid year. If Spaulding doesn't take hold here immediately two assistants will be sent to implant the seeds of his system this fall.

The new mentor will succeed Jimmy Cline, former University of California grid and boxing star. Jimmy has been popular at all times, but the Grizzlies haven't won many football games, and that is what grid coaches are supposed to do in this day and age. Fred Cozens, present director of athletics, will also likely be out of a job, as the Grizzlies are paying Spaulding a lot of money and he is supposed to earn it by handling the two positions. This plan is followed in many leading colleges and universities.

BULLDOGS LAND WORKMAN

Former Ohio State Football Star Signs Contract to Teach Grid Sport This Year at Redlands

[EXCLUSIVE DISPATCH]

REDLANDS, May 22.—Harry A. ("Hoge") Workman, who will be remembered by many football fans as the star of the Ohio State team which played at Pasadena in 1921, has signed a contract to join the coaching staff of the University of Redlands. Workman will be here in plenty of time to take up the coaching of football in the fall.

The spring practice to be started next week is to be under the direction of Cecil Cushman, who was coach last year. Workman is an addition to the coaching staff. Cushman is to be made the student manager of the university and will have time to give considerable assistance to Workman and will probably take the football line. Workman will be in charge of football and baseball, it is expected, for he was a star in these two. L. D. Crinklaw, freshman coach, has again signed a contract and these three will have charge of athletics at the university the coming year.

Workman has a brilliant athletic record. While in high school he won individual honors at a State interscholastic meet in West Virginia. He was captain of all four sports at different times during his high-school career, while in college he won his letter three years in football, two years baseball, during one of which he was captain, and one year in basketball. Since graduating from Ohio State, Workman has been pitching for Boston Americans, so the highest degree of athletic coaching and skill is to be expected of the new coach. He is 5 feet 11 inches tall and weighs 175 pounds. During his senior year at Ohio, the new Bulldog mentor was president of the senior class.

TROJAN SQUAD DEPARTS

U.S.C. Track Outfit, 16 Strong, Leaves for I.C.4A. Meet at Philadelphia Next Week

Sixteen strong, the U.S.C. track squad departed yesterday noon for the I.C.4A. meet at Philadelphia. Coach Dean Cromwell and fifteen athletes boarded a Southern Pacific rattler yesterday noon and will arrive in the Quaker city Tuesday. The meet is slated for Friday and Saturday.

Bud Houser, Norm Anderson, Leighton Dye, Capt. Otto Anderson, Ronald Stever, Kenny Grumbles, Keith Lloyd, Brice Taylor, Howard Torkelson, Percy Niersbach, Howard White, Les Hellman, Mike Elwood, Alden Ross and Bill Cook were in the party.

A flock of U.S.C. students gathered at the station yesterday noon to bid the athletes farewell.

At chapel in the morning the Trojan stars got a big send-off.

STING VICTORIOUS IN HANDICAP AT BELMONT

[BY A. P. NIGHT WIRE]

NEW YORK, May 22. — Sting, record-breaking colt owned by James Butler, today won the Metropolitan handicap, feature event of the Belmont Park opening, by two lengths. Shuffle Along was second and Serenader, third.

Sting's time for the mile was 1:37, one and three-fourths seconds behind the record. Sarazen, conqueror of Epinard in the international races last fall and favorite today, was ridden by Earl Sande, victorious derby jockey, but finished seventh.

CALIFORNIA TRACKMEN OFF FOR QUAKER CITY

[BY A. P. NIGHT WIRE]

BERKELEY, May 22.—Eighteen members of the University of California track team entrained here today for Philadelphia, where they will participate in the intercollegiate Association of Amateur Athletes of America meet the 29th and 30th inst. Despite a few setbacks this year the Berkeley contingent hopes to be up among the leaders in the big meet.

"FIGHTING BOB"

That's what they call Robert Roper, a former United States Army captain and champion of Uncle Sam's A.E.F. He fights tonight at the Lyceum, meeting Ed Warner in one-half of the main event.

OBSERVATIONS

BY THE INNOCENT BYSTANDER, BILL HENRY

IT LOOKS a good deal as though the East wasn't very highly regarded as a producer of football coaches by Southern California institutions. The U.S.C. Trojans have Howard Jones, late of Iowa; Pomona has Eugene Nixon of Des Moines, Iowa; Occidental has Sid Nichols of Illinois, and the latest acquisitions are Bill Spaulding of Minnesota, who is due in today to sign up with the local Grizzly aggregation, and Hoge Workman of Ohio State at Redlands. Most of the other local coaches are likewise from the Middle West, which doesn't speak any too well for our regard for the eastern brand.

* * *

The Spaulding-Grizzly combination seems to be pretty well settled. Spaulding is either going to come out here and coach right away or else remain at Minnesota one more year and send emissaries out here to prepare the path—and take the bumps—the way Andy Kerr did at Stanford for Glenn Warner. Spaulding, it is understood, is willing and anxious to start right in out here, but feels that he cannot do so unless a suitable substitute for his job at Minnesota is found very shortly.

* * *

Next fall ought to be the greatest in local football history, with due recollection of recent successful seasons. Howard Jones will attract nation-wide attention to his efforts at U.S.C., and Spaulding will unquestionably do the same thing for the Grizzlies. Nichols, at Occidental, has practically everybody back from his near-championship team of last year and Leo Calland will brighten things up at Whittier. Nixon isn't saying much, but is doing a lot at Pomona and old Fox Stanton is always able to dig up a tough team at Caltech.

* * *

The biggest and brightest surprise of our young life will come if we don't completely jam the Coliseum for the U.S.C.-Stanford tilt next fall. It will be the first big test for the Trojans and we will have a good line on Stanford through its early-season meetings with the Grizzlies and Tigers at Palo Alto. Pop Warner thinks he is going to have a very tough team up at the farm again this year and it will be surprising if we don't have very close to 100,000 people out to see the Trojans and Cardinals do their stuff.

LYCEUM FEATURES HEAVIES

Two Roper Brothers, Warmer and Joe Pena Head Big Bill

At the Lyceum tonight, four of the Coast's best light heavyweights will clash in Dick Donald's pony double main event. In the last half, Bob Roper will fight Ed Warmer and in the other half, Jack Roper (brother of Bob) will take on Joe Pena. Many local fans look for two knockouts. Bob Roper has the call over Warmer and Jack Roper over Pena.

However, Phil Salvadore, Bert Colima and Johnny Lamar look to see Warmer defeat Bob, basing their opinion on Warmer's knockouts of Battling Savage and Jimmy Byrne at Mexicali recently.

Warmer, also, not long ago, defeated Vic Alexander, known as "Flying Ebony," knocking him down five times. Be that as it may, Roper and Warmer are reasonably sure to have the cash customers on their feet soon after the gong for action sounds. Jack Roper has won his last six bouts by knockouts and is regarded almost as tough as brother Bob.

"Pinches" Kunz Failure as Puzzle to Seraphs

BY ROBERT E. RAY

By bunching hits off Earl ("Pinches") Kunz in three innings and eventually driving him from the mound, plus the excellent relief hurling of George Payne, Marty Krug's Angels were anything but big-hearted in yesterday's struggle at Washington Park, downing Ivan Howard's Poison Oaks, 10 to 5, and evening up the series at two wins apiece.

Charley Root was rapped to the showers in the fifth by the Acorns, but was in long enough to get credit for the victory, his eighth of the season, for when he went out in favor of Payne the Angels were leading, 5 to 2.

WALLY HOOD

Wally Hood, who has been hitting the ball right on the nose of late, continued his healthy clouting, smacking out a home run, double and single in four attempts, and driving in four Angel runs.

Babe Twombley also had a good day with the willow yesterday, collecting three hits, one a double in three times at bat. Babe had to leave the game in the sixth because of a strained tendon, Hon an stepping in at right field wi Whaley filling in out in center.

ANGELS SCORE FIVE

The Angels got off to a flyin start in the third, bunching fou hits with a wild heave by Flow ers and a hit batsmen for five runs. The Oaks came back in the fifth with three scores that drove Root off the mound, but Payne who relieved Charley, stopped them in their tracks until the ninth when he eased up. In the meantime, the Angels had collected five more runs and the ball game was in the safe.

Root started the Angels off o their big rally in the third when he opened the inning with a rous ing double to left center. Jacobs was hit in the ribs with a pitched ball. Instead of sacrificing, Twombly crossed up the Oak defense by placing a double down the right field line, Root scoring and Jacobs pulling up at third. Jacobs scored and Twombly took third on Grimes's infield out. Hood lofted a double against the fence and Twombly came home.

Occidental and Southern Branch Teams Tangle Today in Crucial Diamond B

BENGAL SQUAD DOPED TO WIN

Leading Teams Clash at Oxy This Afternoon

Pomona and Whittier in Big Tilt at Whittier

Redlands and Caltech Tangle in Crown City

With the Southern California Conference championship virtually at stake, the Occidental and Southern Branch nines clash this afternoon at Patterson Field, Eagle Rock. Two other games are also on tap for conference fans, Pomona and Whittier, both of whom have a fighting chance for the title, tangling at Whittier, while Redlands and Caltech mingle at Pasadena.

CADDY WORKS

The Tigers look like the best bet for the championship at this writing. They have dropped but two games and a win today will insure them nothing less than a tie for the pennant. A defeat for Oxy will put the Grizzlies and Sagehens or Poets on an even basis, with three games lost each.

WELL-ROUNDED CLUB

Coach Wilkie Clark's outfit is the best rounded in the circuit, but seems to falter a bit when Bud Teachout, the hurling ace of the loop, is not tossing 'em over. Teachout, former Franklin High star, is twirling his first year of varsity ball, and has done his work in splendid fashion. Unless he is decidedly off form today, the Bengals should bowl over their rivals and practically clinch the title. A week from today they meet Caltech, and should win.

Caddy Works has a good team at the Branch, and his players stand a man-sized chance of pulling the unexpected today. Lack of real hurling class has caused the three defeats suffered by his club thus far, and the same trouble is likely to prove his undoing this afternoon.

Pomona and Whittier should have a whale of a battle at Poet-ville, with odds slightly in favor of the Quakers, because of their early season victory over the Sagehens. Coach "Poll" Perritt has done wonders with his club since then, however, and if Ramona doesn't get too stingy with his hits the Claremonters may be able to slip over a win.

OUT OF RACE

Caltech and Redlands are practically out of the race, the Engineers because they don't meet Whittier, and therefore won't have as many wins as either Oxy, the Branch or Pomona, and the Bap-tists, because they have yet to win a clash.

Here's how the teams stand:

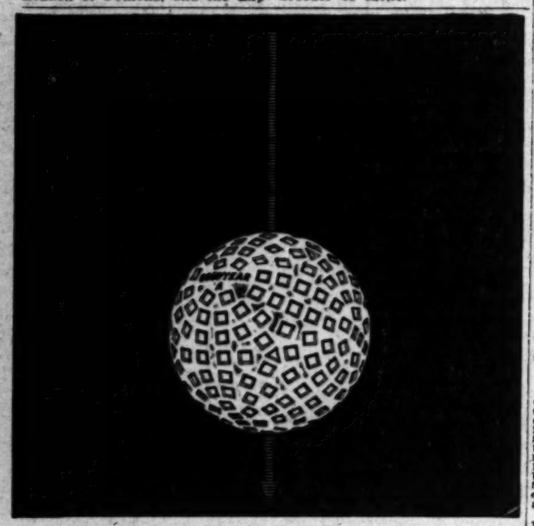
	W.	L.	P.c.
Occidental	3	1	.714
Local U. C.	3	2	.625
Pomona	3	3	.625
Caltech	3	3	.500
Whittier	3	3	.500
Redlands	0	7	.000

STUDENTS STUDY SAFETY

[EXCLUSIVE DISPATCH]

NEW YORK, May 23.—Students in continuation and evening schools in New York City are instructed in accident prevention. The first lesson was a visit to a museum, where almost every known device for the prevention of industrial accidents is on exhibition.

Gen. Sir Ian Hamilton, famous as a soldier and litterateur, is a breeder of cattle.



Do you know what they are saying about

The GOODYEAR Golf Ball

"The only American-made ball on a par with the best imported." At 75 cents, mind you!

In scientific driving tests for distance and true flight, the Goodyear Golf Ball yields nothing to the best dollar balls in use today.

And through many rounds of actual play, it comes through still true and round, the cover uncut and the surface gleaming white. What's more, it's made by Goodyear—and you know that reputation for quality.

Try the Goodyear Ball. Ask your professional

HOCKEY CLUBS TANGLE

Vancouver and Monarchs in Big Clash at Palais de Glace This Evening

Thursday night the Monarchs hockey club shook off the jinx which had followed them through two games with their series against Vancouver, and now have one victory to their credit. This win has bolstered up courage in the locals and they will go after the northerners tonight hammer and tongs, determined to even the series. Should the Canadians win this evening they will cop the title.

It was evident in Thursday's night's game that Vancouver, minus Choppy Anderson on the ice, is not the same aggressive hockey machine that they were in the two previous encounters. Foster, however, filled in nicely at right defense, getting the rubber up frequently, and scored one of Vancouver's three goals. Chum Irwin, the Monarchs' old reliable, has hit his stride again, and turned in a good game Thursday night. Cantillon, in goal, was a veritable stone wall. Time and again when Vancouver got within the blue line he brushed their shots away with ease.

MANUAL DOWNS FRANKLIN

Roy Jellison's Printers threw a big scare into the Manual Arts High School baseball team yesterday and finished more respectably than they were supposed to, the Toilers winning, 5 to 3. With the exception of two bad innings, Franklin looked as good as any team in the city, allowing Manual but three hits in five innings.

Dan Crowley, Manual pitcher, who has more freckles than white spots on his physiognomy, turned out to be a big hero yesterday. Franklin hopped on Dudley, Coach Lougheed's first chucker, for four hits and three runs in the first two innings. The Printers had Dudley's goat for fair, but they were powerless against Dimpled Dan. Crowley retired Franklin in the third inning with thre strike-outs and was very tight with his hits for the rest of the game.

Billy Laird, Franklin captain and shortstop, was Jellison's best bet. Laird handled seven chances without a bobble, got two hits and was a thorn in Manual's side all the time. Bill Argue crashed out a pair of singles for Franklin also. Cutshaw, Goodman and Jannsen each got two hits for the winners.

Franklin started right off, with one run in the first inning. Laird singled. Henry forced him at second. Palm walked, putting Henry on second, and Argue singled, scoring Henry. Two more in the second, put Crowley on the mound. Watson doubled to right. Lee sacrificed him to third. Thomason singled to bring Watson home. Laird walked and Umpire Tipton let the other run come home when Henry attempted to bunt and was hit by a pitched ball. The score:

	R.	H.	E.
Manual Arts	5	11	2
Franklin	3	4	2

Batteries: Dudley, Crowley and Carter; Thomason, Collins and Watson.

"TIMES" PLAYS H.A.C. NINE

The celebrated Times baseball team will make its Hollywood debut next Monday morning when they hook up with the Hollywood Athletic Club tossers at Hancock Park, Hollywood. Manager George Watson's club is fresh from two victories over the Examiner and another victory is likely Monday.

Floyd Carlton is handling the arrangements for the Movie City club and will present such famous stars as George L. Eastman, Tom Gallery, Buster Keaton, Dave Butler, Bert Lytell and many others. The game will start promptly at 10 o'clock, with admission free.

Seals Defeat Essickmen on Poor Decision

[EXCLUSIVE DISPATCH]

SAN FRANCISCO, May 22.—The Vernon Tigers outhit the Seals today, sixteen hits to thirteen, but the Seals won the ball game, 7 to 6, making it three in a row. Bad base running on the part of Blakesley tossed away two good chances to score and a terrible decision by Umpire Schmidt robbed Vernon of one run.

The pitchers on both clubs got a fine parting. Jeff Pfeffer, who has not lost a game this year, was batted out of the box in the sixth. Penner and Bryan were blasted out of the picture by the heavy artillery of the Seals and, although Red Oldham pitched well the two innings and a fraction he worked, the Tigers could not overcome the lead the Seals picked up in the sixth inning and they finished one run shy of a tie. Score:

VERNON	AB	R	H	O	A

MEMBERS IN BRENTWOOD GOLF EVENTS

Westervelt Trophy Play for Men and Medal Competition for Women Golfers

Golfing members of Brentwood will tee off this morning in the J. O. Westervelt trophy play, an added event that is sure to attract many stellar players.

Special arrangements have also been made to care for Brentwood's many fair women golfers who will play in a medal tournament, starting at 2 o'clock this afternoon.

Plans for the congratulatory dinner and medley entertainment dance for this evening have been completed and, as important business will be transacted before the dance, all regular members are urged to be on hand. Several subjects that deal with the immediate future of the popular club will be discussed and other business transacted.

Willie Hunter, hard-hitting golf professional, who shot through the cream of the West Coast pro's in San Francisco Thursday will be on exhibition all day. Willie will leave for Forcester, Mass., and the national open, Sunday morning, and plans to improve each slipping moment. Wee Willie is in earnest this time and while he will have to topple the world's foremost golfers to win the coveted national title, there are many friends here who think he can do just that. They will all unite today in wishing him the best of luck — knowing full well that Willie will supply the shots, if Dame Fortune will just deal out the breaks.

OAKS WALLOPED BY KRUG SQUAD

(Continued from Ninth Page)

Whaley fouled to Read, but Sandberg took second when Flowers threw his roller into the dugout, Hood counting. Beck's single to center brought Sandberg home, but Clyde was out trying to take second on the throw-in, Cooper to Kunz to Flowers.

Root put himself in the hole to start the Oakland fifth by walking the first man up, Makin. Read and Kunz followed with singles to right, filling the bases. Lafayette drove a sacrifice fly to Twombly, Makin scoring. Root filled the sacks again by walking Brubaker. Arlett's infield hit scored Read and left the bags still densely populated. Flowers lifted a sacrifice fly to Whaley, Kunz counting and Brubaker taking third. When Root walked Guisto, once more filling the sacks, Krug lifted him, sending in George Payne. Payne retired the side when Cooper forced Guisto at second, Jacobs unassisted.

HITS LONG HOMER

The Angels failed to score in the fourth, but picked up a couple in the fifth when Twombly singled and Hood hit the ball far over the center-field corner of the scoreboard for the longest home run of the year in the local park.

Just to clinch matters, the Angels picked up three more runs in the sixth, when Kunz was rapped off the mound. Krug's hot single through Makin, Payne's sacrifice, and a walk to Jacobs caused Ivan Howard to derrick Kunz. Delaney who relieved Pinches, was greeted by Horan, who smacked a single through the box, scoring Krug and putting Jacobs on third. Grimes forced Horan at second, Brubaker to Flowers, but went to second and Jacobs scored when the Oak shortstop heaved the ball into the Angel dugout trying to complete a double-play. Hood's single to center brought Bummer home with the final Seraph score.

Lafayette and Brubaker got hits to start the Oakland seventh, but Payne retired the side scoreless by striking out Arlett and Flowers, and getting rid of Guisto on a roller to Krug.

In the ninth, though, Payne eased up and Lafayette's single, Flowers's double and Guisto's one-base knock produced the final Acorn tallies.

Another one today with Whitey Glasner slated to hurl for the home guards, and the veteran Harry Krause due to fling for the visitors. Score:

GIANTS BEATEN BY PITTSBURGH

Pirates Capture Contest in Tenth Frame, 6 to 5

Rhem Weakens, But Cardinals Are Winners Anyway

Walker, Donohue Feature as Reds Ruin Phillies

[BY A. P. NIGHT WIRE]

NEW YORK, May 22.—A brilliant uphill battle failed to save New York from a defeat at the hands of Pittsburgh today, 6 to 5. A freak double by Traynor, which bounded from Terry's shins to the outfield, and a single by Grantham gave the Pirates their winning run in the tenth. Barnhart of the Pirates hit safely for his twenty-third consecutive game. Score:

TRUCK FARMERS FINED

Five at Carlsbad Warned Against Further Employment of Children in Field Work

[EXCLUSIVE DISPATCH]

SAN DIEGO, May 22.—Truck gardeners in the Carlsbad district of this county were given stern warning today against the employment of children on truck farms during the school term, and five of the ranchers were fined $50, half of which was suspended on condition that the State law be observed in the future.

The arrests were made at the behest of Stanley M. Gue, Deputy State Labor Commissioner, and Charles E. Shell school-attendance officer.

Six ranchers appeared before Justice Lloyd Griffin today to answer charges of illegal employment of children. One of them, who had spent the night in jail, was let off without further punishment. The farmers advanced various reasons why they hired the children.

A Japanese, To Fu...ta, said he had hired Virginia Cargia, 13 years of age, to pick string beans because her parents asked him to do so, saying they had a large family and needed revenue. Another explained that the children he employed had just come to the district from Orange county and told him the school they attended there was closed for the summer. All admitted that it was difficult to get adult help to gather the string-bean crop, now being harvested. So children were hired who could do the work.

The standard wage paid the children from 11 to 16 years of age was $2.25 a day.

The arresting officers declared they had warned the Carlsbad farmers numerous times against working children during the school terms and against working them more than eight hours a day.

Rangers Raid Pasadena Boys' Mountain Den

By a "Times" Staff Correspondent

PASADENA, May 22.—A rendezvous of ten Pasadena school boys, securely hidden in the mountains to the rear of the city, was raided by Federal rangers yesterday and ten small boys were returned to the local truant officer.

Although the boys were known to be hiding out during school hours, the exact location of the rendezvous has been puzzling the officers for months. The only possible way to gain entrance to the hiding-place was by way of a secret mountain passage, up a perilous rope ladder to scale a cliff and then through a mountain tunnel. The rope ladder was always pulled up when the boys were in their den and this made the place invincible.

Finding of the rendezvous and capture of the boys by the rangers was made by accident, it is said. Ordinarily camp fires could not be seen because of the location of the den, but when a fog covered the mountains the light of the fires was reflected in the skies. The rangers were led to the spot in this way, it is said.

Because of the age of the boys and because they had committed no grave crime, no charges will be lodged against the ten, Earl Smith, attendance officer asserts. The names of the lads were withheld.

POSTAL TO EXTEND

[EXCLUSIVE DISPATCH]

EL CENTRO, May 22.—The Imperial County Board of Supervisors has granted the Postal Telegraph Company a franchise to construct a telegraph line between Niland and Brawley. It is asserted that the company plans later to extend its lines to all the valley towns.

AIR MAIL GETS HEAVY ORDER

Glendale Company Spends $107 in Postage on Rush Package

[EXCLUSIVE DISPATCH]

GLENDALE, May 22.—An air mail shipment that was sent through the Glendale postoffice yesterday cost the sender $107.72. But so great was the hurry to deliver the package to its destination that the high cost of transportation was cheerfully paid by the Glendale Engineering Company, the sender, which was forwarding machine parts to fill an Eastern order.

The package weighed 28 pounds and at the regular air mail rate of 24 cents an ounce, it ran the total postage cost up to $107.72, the amount being affixed to the package in $2 and $5 stamps.

The shipment left Glendale at 5:50 p.m. yesterday and will be delivered in Bellefonte, Pa., Saturday at 2:55 p.m. It is asserted that this shipment sets a record for a single package from any Southern California postoffice by the air mail service.

Glendale Plans Street and Air Traffic Survey

[LOCAL CORRESPONDENCE]

GLENDALE, May 22.—Plans for a comprehensive survey of traffic conditions in Glendale have been made by the Glendale Traffic Commission, the program to include a major plan that will seek to provide a network of major highways to facilitate street traffic, the regulation of vehicular and pedestrain traffic, rapid transit facilities for surface, underground and elevated lines, and of aviation conditions in and around the city.

M. Walters, president of the commission has appointed a number of committees that will investigate present conditions and present reports looking to the improvement of the present situation.

James W. Everington, was appointed executive secretary of the commission, which will raise funds to meet its expenses by individual memberships.

The commission is to be modeled on the Los Angeles Traffic Commission as far as possible and the members at a dinner last night listened to an address by Dr. Miller McClintock, traffic expert of the Los Angeles organization, in which he discussed major highway plans.

FISHERMEN BLOCKED BY SNOW IN SIERRAS

[LOCAL CORRESPONDENCE]

VAN NUYS, May 22.—Walter Mendenhall and James F. Peters have just returned from a week's outing in the Owens and Long Valley country, where they enjoyed good trout fishing. They report much more snow in the Sierras than at this time last year. Mammoth Lake, they reported, had five feet of snow and Tioga Pass was blocked. Last May a party of Van Nuys persons made a trip across this pass without difficulty. Mendenhall stated that the heavier snowfall of the past winter should add materially to the Los Angeles water supply. While in the north, the Van Nuys men stopped at Raymer's Camp on Convict Lake and enjoyed good fishing both in the lake and in the streams of that vicinity.

Dr. Boucher of Pasadena Dies From Stroke

By a "Times" Staff Correspondent

PASADENA, May 22. — While in the midst of his work in arranging the Pasadena reception for the National Shrine Conclave, Dr. William A. Boucher, one of Pasadena's most prominent citizens, died at his home, 20 Valley street, this morning. Heart disease is said to have been the cause of his death.

Dr. Boucher, who was a Past Exalted Ruler of the Pasadena Lodge of Elks, was chairman of the local Shrine Club committee in charge of staging a great celebration for the national convention of Shriners in Rose Bowl. He was also a Past Grand Marshal of the Tournament of Roses pageant, a Scottish Rite Mason, and a member of a number of clubs and organizations.

The well-known doctor, who specialized in veterinary surgery, was 49 years of age, and was active in his work up to the time of his death. He had just arisen from his bed and was on his way to take a bath when he fell dead.

Dr. Boucher came here in 1901 from Ottawa, Can. He was educated at the Ontario College of Veterinary Surgery. Since he has made his home in Pasadena he has been active in many charitable organizations, he was a director of the Boys' and Girls' Aid Society, was active in the Salvation Army, and was a past president of the California State Veterinary Association.

He is survived by his widow, Mrs. Daisy Boucher; a sister, Mrs. L. Jackson of Hollywood, and a cousin, Gordon Boucher of Pasadena. Funeral arrangements are in the hands of Reynolds & Eberle, directors.

BLAMES TRAINING IN HOMES FOR CRIME

[EXCLUSIVE DISPATCH]

EL CENTRO, May 22.—Greater interest by parents in their children's education and general welfare was urged by Superior Judge Charles S. Burnell of Los Angeles in an address to the El Centro Chamber of Commerce members. The judge asserted that out of his experience on the bench he believed that good home conditions come first as a preventive of crime and the development of criminals. He told of many instances of juveniles coming before him charged with serious crimes and investigation showed that the youngsters had insufficient home training and had been neglected by their parents.

MERCANTILE MEN IN ANNUAL MEETING

By a "Times" Staff Correspondent

LONG BEACH, May 22.—Nearly 250 delegates to the eighth annual convention of the California association of mercantile agencies were in their places when the convention opened this morning at the Hotel Virginia. The visitors were greeted by Squire F. Duree, head of the city recreation department, who represented Mayor Clark. Prominent among the speakers at today's session were Fred G. Stanley of Detroit, president of the American collection service, and Fred Blair Townsend, president of the Commercial Law League of America. An elaborate program of entertainment has been provided for the visitors during their two-day stay in Long Beach.

NEW SCHOOL TO BE BUILT AT ROSCOE

[LOCAL CORRESPONDENCE]

ROSCOE, May 22.—Roscoe residents today reported as having received word from Mrs. Susan Dorsey, city school superintendent that a new school is to be erected here to serve the school population of the rapidly growing Roscoe district. Surveys are being made for the new building this week. It is assured by the Board of Education and Mrs. Dorsey that the structure will be ready for occupancy by next February 1.

KELLOGG BUYS IN SOUTHLAND

Purchases Large Ranch Near City of Glendora

Will Stable His Famous Arab Horses There

Property to be Landscaped for Show Place

[LOCAL CORRESPONDENCE]

GLENDORA, May 22.—W. K. Kellogg, internationally known cereal manufacturer of Battle Creek, Mich., announced here today the acquisition of a 375-acre ranch where his famous stable of Arab horses will be kept. The property will represent an investment of more than $300,000 when the California home of Mr. Kellogg is built this year.

Eleven of the Arab horses will be removed from their desert home at Indio this week in charge of A. C. Schmidt, their caretaker. They were originally purchased by Schmidt in Arabia and represent four of the five strains of Arab horses in the world. In the coming winter horse shows of America it is expected the stable will carry the Kellogg colors to many victories.

The purchase price of the property, which adjoins that of the Phillips estate on the new highway between here and Pomona, was not revealed. The home of Dr. Carl Kellogg, son of the famous manufacturer, is also to be built upon the property.

Mr. Kellogg, who has been spending the winter in Glendora, declared just prior to his departure today for Battle Creek that California is destined to be the greatest State in the Union with Southern California its garden spot.

The huge ranch acquired today is to be developed, not as a commercial proposition, but rather as a great park with landscaping and planting making of it a show place of the State.

Four Mountain Lions Bagged Near Redlands

[EXCLUSIVE DISPATCH]

REDLANDS, May 22.—Four mountain lions in two days have been bagged by Jay Bruce, official lion hunter of the State Fish and Game Commission and Fred I Spellman of this city. Three were killed. Bruce will stay here until about June 1, after which conditions will become unfavorable for hunting.

The animals killed today were found near Keller Creek after a trek of many hours. The cats were half grown and weighed forty-five pounds each after they were brought into Redlands. As one of the chores of the day's sport Spellman shouldered one of the dead animals four miles through the brush back to the wagon, in which Bruce carries his dogs and other hunting equipment.

Bruce and Spellman will return to the canyon tomorrow morning to get the mother cat of the brood killed today.

EXPANSION PLANNED

Alhambra Business Men Preparing for Million-Dollar Campaign

[LOCAL CORRESPONDENCE]

ALHAMBRA, May 22. — Local business men are preparing plans for a million-dollar trade expansion campaign, which is to be held during the month of June. The affair, which will be a concentration of selling effort, is to be staged under the auspices of the Chamber of Commerce, and the Business Men's Association.

On Thursday night of next week business men and their employees will gather for a banquet at the athletic club as a preliminary feature of the coming campaign. Emory E. Olson, professor of economics at the University of Southern California, will be the speaker of the evening and will discuss the subject of salesmanship.

To inaugurate the trade campaign a parade is being planned to be held on June 1, the line of march to take in not only this city, but the neighboring communities of the San Gabriel Valley. J. B. Scullin, secretary of the Business Men's Association, is chairman of the parade committee.

NEW ESCROW OFFICE FOR VAN NUYS BANK

[LOCAL CORRESPONDENCE]

VAN NUYS, May 22.—C. H. Oyler, who for the last nine years has been a banker in Long Beach, is now associated with the Bank of Van Nuys and will be in charge of the escrow department. He succeeds R. J. Fleming, who has been escrow officer for the last two years. Before coming to Van Nuys, Mr. Oyler was escrow officer for the Long Beach branch of the Security Trust & Savings Bank, and later was in charge of the escrow department of the California National Bank of the beach city.

CALIFORNIA PIONEER DIES AT OWENSMOUTH

[LOCAL CORRESPONDENCE]

OWENSMOUTH, May 22.—Lincoln Hall, 65 years of age, who had lived for many years in California, died yesterday morning at his home on Shoup avenue. The funeral was conducted today with interment in the Santa Paula cemetery. Mr. Hall is survived by his widow, Mrs. Laurella C. Hall and three sons and three daughters. Mr. Hall came to California from Illinois when a boy 10 years of age. He settled in San Francisco and later resided in Arroyo Grande, Santa Barbara, Ventura and until about five years ago, at Santa Paula.

REPUBLICAN WOMEN IN CLUB

Organization for San Fernando Valley Perfected at Meeting at Encino Clubhouse

[LOCAL CORRESPONDENCE]

VAN NUYS, May 22.—More than fifty representative women were present yesterday at Encino Country Club to form the new Republican Women's Club of San Fernando Valley, which now becomes a unit of the Republican Women's Federation of California, Southern Division. Mrs. Fred A. Kellogg of Van Nuys, presided. In the election of permanent officers following she was made president of the new organization.

Other officers named were: Mrs. W. A. McCullough, Van Nuys, vice-president; Mrs. A. M. Fellows, Zelzah, vice-president; Mrs. Alex Jeffery, Reseda, vice-president; Mrs. Joseph Baly, Mission Acres, vice-president; Mrs. R. B. Lawrence, Lankershim, vice-president; Mrs. J. T. Shannon, Encino Acres, vice-president; Mrs. E. T. Lodge, Cahuenga Park, vice-president; Mrs. S. K. Strickler, treasurer, and Mrs. M. W. Satterlee, secretary.

The next meeting of the club will be held at Zelzah on the first Monday in June at 1 p.m. All present yesterday voted to attend the coming convention of the federation to be held in Los Angeles.

Among speakers at the meeting was Miss Nellie E. Kelley, national organizer of women's clubs, from national Republican headquarters, Washington, D. C. Miss Kelley spoke of the dangers threatening the country from Socialism, Bolshevism and other forms of political disintegration and urged all to study the American Constitution, to take a more active part in political and civic affairs, and the laws and various forms of government. Local conditions are best to be studied, she said, as such investigation serves to bring about better citizenship to both men and women.

The forming of the club in San Fernando Valley is part of a nation-wide movement among women, headed by Mrs. Alvin T. Hert of Washington, D. C. Mrs. O. P. Clark of Los Angeles is president of the California district of the federation. She also is a Republican national committee woman. Mrs. Florence Collins Porter is president of the Southern California division, and Mrs. Ida R. Koverman is secretary of the State federation.

Monrovia Host to Mayors of Twelve Cities

[LOCAL CORRESPONDENCE]

MONROVIA, May 22. — Twenty-five prominent civic and railroad officials, including Mayor George Cryer of Los Angeles and County Supervisor Cogswell, were special guests of Monrovia today to attend a dinner meeting of the business bureau of the Chamber of Commerce and the Merchants' Exposition and Pure Food Show, being held here this week.

Mayors of twelve cities were present, including Mayor Cryer, J. C. Steele, Santa Monica; J. D. Sparks, Sierra Madre; Dr. M. R. Parmalee, Montebello; C. S. Ranger, El Monte; S. C. Evans, Riverside; Willard Ball, Ontario; Perry Mathis, Anaheim; C. A. Dickinson, Compton; George Maxfield, Covina, and W. H. Evans, Colton.

The other special guests were twelve officials of the Santa Fe Railroad, H. P. Anewalt, general freight agent; F. I. Held, assistant general passenger agent; R. H. Tuttle, superintendent Los Angeles division; G. W. Reed, assistant editor The Earth; E. P. Cruice, assistant general freight; F. A. Bryant, traveling freight agent; Charles Cobb, traveling passenger agent; G. P. Gunnip, division passenger agent; H. W. Beck, chief rate clerk, and Messrs. Semon, Mitchell and McGowan, of the freight department.

A special show was held for the guests at the exposition and group photographs taken.

KIDNAP MYSTERY ENDED BY ARREST

[EXCLUSIVE DISPATCH]

BAKERSFIELD, May 22. — The last remnant of mystery surrounding the recent disappearance of R. I. Branch, Fruitville resident, and two girls and a boy, all of the same district, was cleared today when Louis Dwight, 16-year-old son of a Fruitville rancher, was arrested in Los Angeles by Deputy Sheriff Fickert, according to word received by Sheriff Caswell here.

Branch, his daughter and the other girl returned to Bakersfield Wednesday evening, surrendering to the authorities here Thursday.

Branch had refused, however, to divulge the whereabouts of the Dwight boy and until notified of his arrest local officers had feared for the youth's safety.

The quartet caused a State-wide search several weeks ago when they disappeared from their homes. At the time Branch was believed to have kidnaped the two girls and the boy. He is being held now on a statutory charge while the girls are in the custody of Kern county juvenile authorities.

Bail for the man was set at $5000.

ALHAMBRA POLICE WANTING VISITORS

[LOCAL CORRESPONDENCE]

ALHAMBRA, May 22. — The members of the Alhambra Police Department are extending a cordial invitation to the citizens to pay a visit to the local jail, which consists of two tiny cells and which is condemned annually by the grand jury. The reason for the interest of the cops in wishing to show Alhambrans the facilities offered to transient guests is that on June 2, a $25,000 bond issue to build a new jail will be presented to the voters. In addition to the jail bonds, an issue of $135,000 for sewer improvements and $150,000 for water department extensions will be on the ballot. A campaign committee has been appointed by the city to create favorable interest in the proposed bond issues.

SCHOOL ON CHICKENS PLANNED AT VAN NUYS

[LOCAL CORRESPONDENCE]

VAN NUYS, May 22.—A spring short course for poultrymen under auspices of the Agricultural Extension Service and Los Angeles County Farm Bureau, will be conducted at the Van Nuys High School auditorium on June 1 and 2. On the first day, Prof. Lippincott, an authority on poultry breeding, will discuss this subject in detail. Feeding laying hens and breeding and feeding chicks will be topics on the program. As Van Nuys is one of the fastest growing chicken centers in the United States, with hundreds of poultry growers in the vicinity, it is expected that a large gathering will attend the lectures.

BRAWLEY MAN FACES CHARGE OF MAYHEM

[EXCLUSIVE DISPATCH]

BRAWLEY, May 22. — C. W. Walker of Brawley faces a charge of mayhem following a street fight with Steve Ramos. The latter asserts that he attempted to hold Walker to prevent him from running away after the two had exchanged several blows, and then Walker bit his fingers and also tried to gouge out his eyes. Walker told Justice of the Peace Griffin that he desired to swear out a complaint against Ramos for assault. Ramos asserts that the trouble all started when Walker stood by while he was conversing with friends and insisted on joining in the conversation.

NAB "GORILLA" IN FIST FIGHT

Asserted Noted Pickpocket Caught in Pasadena

Plying His Trade Police Say When Arrested

List of Large Gatherings Found on Him

By a "Times" Staff Correspondent

PASADENA, May 22.—Following a thrilling free-for-all fist fight in the Santa Fe station this morning, Detective Lieutenant Robert O'Rourke, aided by a half-dozen citizens, captured one of the most notorious pickpockets of the Pacific Coast.

Robert Rose, or "The Gorilla," as he is known to the underworld, was seen attempting to pick a wallet from the pocket of an elderly man about to board a train, it is said. He failed and his younger companion, J. Carney, then is asserted to have attempted to get the wallet.

Just then Detective O'Rourke, who was watching the pair, stepped out to arrest them. A terrific battle ensued, during which "The Gorilla" fought and scratched his captors fiercely. The younger pickpocket broke loose and ran. L. M. Crowell, 1953 Corson street, followed and tackled the fleeing man in football fashion. Charles H. Cobb, Santa Fe passenger agent, assisted in the capture and was bitten severely on the hand by the desperate pickpocket.

After the pair were finally arrested, "The Gorilla" made an attempt to destroy a bunch of newspaper clippings which told where there would be large gatherings of people in Southern California. One clipping told of the Pasadena Elks' show now in progress. It is believed that the pair came here especially to fleece the patrons of this affair.

According to the detective, "The Gorilla" is known throughout the country as a clever pickpocket. Although he gave his age as 50 years, the police believe he is 70.

FRESNO DANCE HALLS BEING INVESTIGATED

[EXCLUSIVE DISPATCH]

FRESNO, May 22. — Extensive investigation of conditions in Fresno dance halls and cafes was launched today by Chief of Police Frank P. Truax forwarding a report that 14-year-old Hollies Smith, daughter of a Fresno rancher, had fallen and fractured her elbow on the dance floor of a Chinese restaurant.

The injury to the girl and subsequent investigation revealed that numerous complaints have been made of young girls frequeting the cafes and dance halls, and criminal prosecution for proprietors of these places will be initiated unless they close their doors to boys and girls under 18 years of age, Truax said. Police permits for dancing will also be revoked, Truax said, where the investigation reveals that minors are permitted to frequent them.

Fresno city ordinances require that dancing cease at midnight and that no one under 18 years old be permitted to dance.

ONTARIO BUSINESS MEN CHOOSE NEW OFFICERS

[EXCLUSIVE DISPATCH]

ONTARIO, May 22.—Roy D. Newton will serve the Ontario Chamber of Commerce as its president during the ensuing year, it was announced today following the organization of the recently elected board of directors. Harry I. Deberard was chosen vice-president; Newton E. Trautman was named treasurer, and B. W. Spencer was re-elected secretary.

E. H. Richardson tendered his resignation as a member of the board on account of the press of personal business, and Thomas R. Cummins was named to fill the vacancy. The board meeting was preceded by a membership meeting at which the by-laws were amended so that the president may be elected by the directors instead of by the membership at large, as formerly. Secretary Spencer reported a total of $8900 pledged for carrying on the work of the chamber during the year.

SAN FERNANDO LIBRARY

[LOCAL CORRESPONDENCE]

SAN FERNANDO, May 22.—The Los Angeles County Public Library has opened a branch here at 135 North Maclay avenue, with Mrs. Mary E. Gross as librarian. For some time such a library has been sought. Heretofore the library most patronized was the one in the high school building. The formal opening and reception of the new library will take place next Tuesday. Meanwhile books are being arranged and Mrs. Gross is becoming acquainted with her new duties.

CALLS JURY KU KLUX

Insane Man Sent to Hospital from Kings County

[EXCLUSIVE DISPATCH]

HANFORD, May 22.—Following the shortest trial in history of the Superior Court of Kings county, Herman Derosa, who had demanded a jury trial, was declared insane and ordered committed to the Stockton Asylum. When the verdict was rendered, Derosa called all the members of the jury Ku Klux and demanded that another jury composed entirely of Catholics, be summoned. He appeared in court with his head and arms bandaged, though hospital nurses declared there was no reason for his wearing them. He is a young man evidently of good education and was brought here from a ranch near Corcoran.

ASKS DIVORCE FROM SWEARING HUSBAND

[EXCLUSIVE DISPATCH]

RIVERSIDE, May 22.—Because he "went into a torrent of swearing and swore at the plaintiff" when a tire of the automobile in which he and his wife and a party of friends were riding was punctured in Los Angeles, September 1, 1924, Wilma Dee Mammes today filed suit in Superior Court for divorce from Harry A. Mammes.

Mrs. Mammes also charges that her husband made threats to kill her "in the presence of relatives of the plaintiff to her great humiliation," and that he failed to provide for her. Mammes, she asserts, is a real estate salesman. The couple were married in Indiana in 1917 and separated in 1924. Hewes & Murray are attorneys for the plaintiff.

OPPOSE RATE BOOST

[EXCLUSIVE DISPATCH]

EL CENTRO, May 22.—The El Centro City Board of Trustees has voted an appropriation of $600 toward the fund being collected in Imperial Valley to oppose the increase of power rates by the Southern Sierras Power Company. Imperial Valley and Yuma Valley organizations are joining in the fight against the proposed increase of rates, it being contended that the present rates are high enough.

GIN FOUND IN CAR

[EXCLUSIVE DISPATCH]

BRAWLEY, May 22. — Four cases of asserted genuine Gordon gin were found in an automobile in which T. B. Hensley and Al Walker were riding and now the pair face a charge of illegally transporting and possessing liquor. Hensley was insistent in a statement to City Marshal Charles Verge that he was merely a passenger, having accepted a ride from Los Angeles to Calexico with Walker.

FRESNO FEARS TONG WAR

Chinese Quarter Put Under Heavy Guard Following Finding of Two Dead Orientals

[EXCLUSIVE DISPATCH]

FRESNO, May 22.—Discovery of the bodies of two murdered Chinese in a sedan-type automobile near Caruthers today, led city and county officers to take precautions against the outbreak of a tong war.

One of the murdered men was identified as Lai Chew, 732 Jackson street, San Francisco, while at a late hour this afternoon identity of the second man had not been determined although the body was viewed at the morgue by many Fresno Chinese.

Close guard was placed in the Chinese quarter this afternoon and officers assigned to patrol were armed with shotguns.

Both of the men were shot through the head and had been dead for at least twelve hours, according to the investigation of Coroner John N. Lisle. The sedan with its dead was discovered by two women who were riding in a buggy toward Caruthers.

In the front seat of the car a revolver was found loaded, while fifteen feet from the car in the sand beside the road, another was discovered. It was loaded but six empty shells lay beside it. There was a bullet hole through the windshield of the machine.

Coroner Lisle said this afternoon that there were powder marks on the bodies of the men indicating that the shots might have been fired from the rear seat of the car.

Investigating officers were unable to determine to what tong the men belonged.

A CHUCKLE FOR EVERYBOD

LOCAL LAUGHS

Each week The Times produces a film entitled "Local Laughs," consisting of the fifteen best jokes submitted by local people. Weekly prizes are paid of $5, $3, $2, and twelve of $1 each. A list of theaters showing the film, together with rules for submitting jokes, are given daily in a coupon in The Times. Prize-winning jokes, and names and addresses of winners, appear only on the screen. Jokes receiving honorable mention will be given a place of honor on The Times comic page each week-day, and each of these contributors will receive a souvenir of acknowledgment.

"Do you believe a rabbit's foot ever brings luck?"

"Yes—my wife felt in my pocket once and thought it was a mouse."

—B. Fuiton, R. 1, Box 70, Arcadia, Calif.

"Hey, got a knife?"

"Yes."

"Let me borry it, won't ye. I lost mine last week and I'm jest about dead fer a whittle."

J. M. Mathews, 1758 Childs avenue, City.

"I guess we'll make port," said the gob as he threw in another handful of raisins.

—B. Sieglaff, 3039 Leeward avenue.

Teacher: All those who want to go to heaven, stand up.

(All stood save one boy.)

"Don't you want to go?"

"Not with that bunch."

Arnaldo Fernandez, 445 East Eleventh street, City.

A fence around a cemetery is foolish because those inside can't get out and those outside do not want to get in.

Mrs. William Miller, 3832 Third Avenue, City.

PACIFIC OIL NET EARNINGS GROW

Directors Raise Annual Rate of Dividends

Oil Pickings Show Gain Over Past Years

Company Officials Survey Outlook Building Conditions

The first-quarter operations of the Pacific Oil Company as reported today in the statement submitted to stockholders are representative of the prosperity of the petroleum industry. Net profits for the three months ended March 31, after the deduction of all operating expenses, include depreciation and depletion, were $4,050,-000, an increase of 37.9 per cent over the same period in 1924, and equivalent to $1.16 on the 3,500,000 shares outstanding. This is at the rate of $4.64 annually. The statement shows gross earnings from operations of $7,357,-000, an increase of $2,290,455.43 over the same quarter of last year, a rate of 26.4 per cent. Gross earnings after operating expenses and taxes and including dividends received on January 26, last, on the stock of the Associated Oil Company, amounted to $1,126,337, an increase of $1,047,512 over the same period of 1924, or a gain of 26.1 per cent. Provision for depletion and depreciation is shown at $721,-000, and reserve for Federal income tax $164,175.

INCREASED PRODUCTION

The increase in gross earnings is largely due to the increase in the average price of oil, and the increase in production due principally to the general reopening of the oil fields shut down during the two preceding years, and to production from new wells completed during the year.

The production of the Pacific Oil Company consists principally of crude oil, having considerable value for refinery purposes. In accordance with the company's policy, almost all of the light oil is sold to affiliated companies, payment being made in fuel oil, which in turn is sold to the Southern Pacific Company and other customers.

The Pacific Oil Company board of directors yesterday declared a quarterly dividend of $1.50, payable July 20 to stock of record July 10, an increase of 50 cents over the last semiannual payment. This action was made possible by the marked improvement in the oil industry, particularly in the last few months.

The Pacific Oil Company was incorporated under the laws of Delaware in December, 1919, for the purpose of acquiring the oil interests of the Southern Pacific Company, comprising 359,000 acres of oil land in California held by the Southern Pacific Land Company, of which 31,000 acres were of proven value, and 500,000 shares of General Oil Company stock, representing a controlling interest in the outstanding stock of that company.

The 3,500,000 shares of Pacific Oil Company stock authorized and outstanding are held by 31,972 persons. This stock was quoted yesterday on the Los Angeles Stock Exchange at $3.55 a share.

Heavy May Pickings

The heavy lemon pickings for May will exceed all previous seasons with the possible exception of 1922, according to T. H. Powell, manager of the California Fruit Growers' Exchange, in refuting statements as to the supposed short lemon crop from this State, which has been sent to the trade papers interested in foreign imports.

The daily shipments of sixty cars reported at the present time compare with 40[illegible] cars last year at this time, forty-six cars in 1923, forty-one cars in 1922, forty-three cars in 1921 and forty-four cars in 1920.

The production on the first of May will be 400 carloads as reaching the packing plants as compared with 1,316 cars of 400 boxes, which is an estimated pick on April 1 of 1,041 cars.

Building Costs Lower

A survey of building conditions made by Public Library in connection with the proposition of $500,000 in bonds for the erection of new branches, forms the basis of the statement that the proposed issue is an economical measure.

The survey, members of the Library board say, shows that building costs are lower now than they were a year past, while indications are that the cost of the future will be greater in the near future, with increased building activity and increased property values. It is estimated the bond issue will add but an average property ownership tax of less than 10 cents a year.

INSURANCE COMPANIES MEET IN SEATTLE

The third regional conference of fire insurance companies of the United States will be held at Seattle, Wash., August 4 and 5, it was announced yesterday by Lucius Wilmerding, president of the Chicago Board of Underwriters, as president of the Pacific Coast division of the National Insurance Underwriters' Association.

Mr. Wilmerding, vice-president of the Guaranty Trust Company of New York, will preside at the meeting. Eleven States will be represented, as follows: California, Idaho, Utah, New Mexico, Arizona, Oregon, Montana, Nevada, Idaho and Washington. The program will consist of discussions of fire insurance problems.

PUGET SOUND UTILITY GOLD BONDS

The Puget Sound Power and Light Company has sold $3,500,000 of first and refunding mortgage 5 1-2 per cent gold bonds of 1950 to E. H. Rollins & Co. and Harris Trust and Savings Bank of Chicago. The bonds are due June 1, 1950, and are being offered at par and interest to yield 5 1-2 per cent.

HUNTOON HEADS BANKERS

Hardacre and Day, Los Angeles Financiers, Elected as Members of Executive Council

BY EARLE E. CROWE
"Times" Staff Correspondent
[EXCLUSIVE DISPATCH]

SANTA BARBARA, May 22.—Gov. Friend W. Richardson and George Hecke, director of agriculture, were today extended the warm appreciation of the California Bankers' Association in a resolution relating to the bill passed by the State Legislature appropriating money to repay the banks for funds advanced by them in connection with the foot-and-mouth epidemic.

The convention in its final business session also formally ratified a resolution indorsing the stand taken by its legislative committee in the recent session of the Legislature, in opposing certain bills that would usurp the discretionary powers of the Superintendent of Banking in granting permission for banks to open new branches. This resolution also approves the policy of the superintendent regarding the establishment of De Novo branches outside the city limits in which the head office of the bank is located.

J. E. HUNTOON

OFFICERS ELECTED

J. E. Huntoon, president of the People's Bank of Sacramento, was elevated to the presidency of the association to serve for the coming year, and W. E. Wilcox, vice-president of the Anglo and London Paris National Bank of San Francisco, was elected vice-president to succeed Mr. Huntoon; Ralph B. Hardacre, vice-president of the Security Trust and Savings Bank of Los Angeles, is the new chairman of the executive council of the association; C. L. Smith, assistant vice-president, Anglo California Trust Company of San Francisco, was re-elected treasurer. If the regular order of rotation is followed, Mr. Hardacre will become the president of the association two years hence.

The convention also ratified the nominations of the following as new members of the executive council: J. Dabney Day, president of the Citizens' Banks, Los Angeles; A. J. Mount, vice-president, Bank of Italy, San Francisco, and James D. Lowsley, vice-president, First National Bank, Santa Barbara.

Del Monte is the leading candidate for next year's convention of the association. The invitation was received this morning, but the executive council will not reach a decision until December. Some of the delegates are favorable to the Honolulu trip, while others would like to bring the bankers to one of the Southern California beach cities next year.

This morning's program was devoted chiefly to the discussion of agricultural matters. Probably the most instructive address was delivered by C. C. Teague, president of the California Fruit Growers' Exchange and the California Walnut Growers' Association, in which he outlined the benefits to California of co-operative marketing.

MARKET SMALLER

"It is easier," Mr. Teague declared, "to sell 50,000 carloads of oranges and lemons today that it was to sell 10,000 carloads twenty years ago; it is easier to sell 20,000 tons of walnuts today than it was twenty years ago." In these examples he epitomized the successful operation of co-operative marketing organizations in distributing the constantly increasing supply of perishable fruits to a market that is growing at a much smaller rate of increase.

To demonstrate the efficiency of these marketing organizations Mr. Teague challenged the bankers to equal the record of the California Fruit Growers' Exchange last year. More than 44,000 carloads of citrus fruit were shipped and sold for an f.o.b. price of nearly $51,000,000. The losses from collections were only 4-1000 of 1 per cent. In the report of the agricultural committee of the association, submitted by W. T. Dinsmore, vice-president and cashier, Security Savings Bank of Riverside, the work of the association in promoting more efficient dairy herds in the State was summarized. This committee was also instrumental in preventing the spread of the foot-and-mouth epidemic, and successfully frustrated attempts to contaminate California herds by the importation of diseased cattle from the outside.

The climax of the convention came in the address of Dr. Tully C. Knoles, president of the College of the Pacific, on the subject of "From Republic to Democracy." As a recognized student of government and international politics, Dr. Knoles's contribution to the program proved one of the most interesting features of the convention.

ADVERTISER TALKS

Moore S. Achenback, director food products division of the H. K. McCann Company, national advertising agency, delivered an informative address on California's position in the fruit markets of the nation. Other interesting discussions of timely topics were given by Roy M. Hagen, secretary of the California Cattlemen's Association on "Co-operative Marketing of Beef Cattle and its Relation to Banking," and by George A. Van-Smith, assistant vice-president, Anglo and London Paris National Bank of San Francisco, on the work of the economic council of the association. The report of the foot and mouth disease fund was submitted by W. E. Wilcox, vice-president and cashier, Anglo and London Paris Bank.

It was reported here today that the Federal Reserve Bank of San Francisco has chosen W. B. Motherwell of Salt Lake City to succeed C. J. Shepherd as managing director of the Los Angeles branch of the Federal Reserve Bank. Mr. Motherwell now occupies a similar position in the Salt Lake branch. The vacancy is caused by the recent resignation of Mr. Shepherd to become the president of the People's Trust and Savings Bank of Los Angeles.

In appreciation of his services as president of the California Bankers' Association, the convention presented Leo S. Chandler with a gold watch especially engraved to express the sentiment of the association.

While the business session of the convention came to an end today, the delegates will be entertained tomorrow by the Associated Banks of Santa Barbara in an especially arranged program of pleasures. The finals of the golf tournament will culminate a day of yachting, horseback riding and automobile drives.

London Daily Radio

BY ARTHUR W. KIDDY
[Evening Post Foreign Service. Copyright, 1925, by New York Evening Post, Inc.]
[EXCLUSIVE DISPATCH]

LONDON, May 22.—Announcement of another dominion loan, that of New South Wales, amounting to £6,500,000 and bearing a 5 per cent coupon and offered at 98½ checked activities in investment stocks today. An easier trend in sterling also dampened enthusiasm.

Some of the speculative markets improved, however, oil shares being in good demand. Francs continued dull, but were somewhat easier at almost 95.

The Times, after assailing the propaganda in favor of the purchase of dollar securities by British investors, deprecates such buying in view of our gold standard responsibilities. Intending investors are reminded of the stringent American income-tax regulations.

The Times appears to be rather previous, however, for although some purchases of this kind were made a few weeks ago there recently has been little interest in American securities.

Markets became buoyant in the afternoon and closed strong on reports that £1,000,000 in gold received from Russia was to pay for foodstuffs and other articles. Domestic rails received support on the action of miners in defeating the extremists by an overwhelming vote, which lessened apprehensions of a coal strike.

Discounts were a trifle easier on rumors of more gold coming here. Sterling was dull and the franc turned weak, although the Bank of France shows a decrease of 241,-000,000 francs in note circulation. Advances to the state increased 150,000,000, however.

WATER USERS ORGANIZE

[EXCLUSIVE DISPATCH]

YUMA (Ariz.) May 22.—Farmers of the San Pascuale section are consulting with the Yuma irrigation district management concerning the projected organization of a water users' association.

LOCAL BANKERS ON EXECUTIVE COUNCIL

R. B. Hardacre (upper) vice-president of the Security Trust and Savings Bank of Los Angeles, and J. Dabney Day (lower) president of the Citizens Banks of Los Angeles, who were elected to the executive council of the California Bankers' Association at its annual convention in Santa Barbara yesterday.

Trade in Wool Continues Fair at Firm Prices

[BY A. P. NIGHT WIRE]

BOSTON, May 22.—The Commercial Bulletin tomorrow will say:

"A fair demand for wool has continued this week, although speculative trading in scoureds appears to have lessened somewhat. Prices are fully firm on all descriptions and some houses have been able to get a bit more on certain medium wools. Buying deals in the Far West, but is a bit more active in the bright wool States.

"Foreign foreign markets are hardly changed, although Bradford reports rather less business with prices unchanged and resistance to further advances on the part of spinners."

The Bulletin will publish the following wool quotations tomorrow:

Secured basis:
California: Northern, 1.26@1.25; middle county, 1.18@1.07.
Oregon: Eastern No. 1 staple, 1.26@1.22; fine and F.M. combing, 1.15@1.20; eastern clothing, 1.06@1.05; valley No. 1, 1.05@1.10.
Mohair: Best combing, 70@75; best carding, 65@70.

INDUSTRY FOUND ON SOUND BASIS

View Expressed in Survey by National Chamber

Employment Shows Gain in Twenty-five Lines

Notable Recovery in Those Hit in 1924 Slump

The first phase of the revival of industrial activity which began in August, 1924, came to an end last February, but left industry and business as a whole in a much improved condition as result of the seven months of steady, gradual progress, in the view of the National Industrial Conference Board.

While March figures covering business activity indicate that the upward movement has come to at least a temporary halt, a survey by the conference board covering twenty-five industries shows up to that time a 14.3 per cent increase in employment, with manufacturers handling a greater volume of business and the workers earning more money per week than they were last August. Although the average wage rate per hour has remained practically the same, the number of working hours per employee has increased an average of 7.8 per cent, bringing up average weekly earnings 8.1 per cent from August, 1924, to March, last.

STRONG RECOVERY

Almost spectacular gains were made by those industries which had suffered most during 1924. Employment in the rubber industry during the seven months' period of business revival increased 51.5 per cent, indicating the reopening of some plants and the taking on of new workers in most. In the wool industry, there was a getting back to more of a full-time schedule, work hours per week on the average showing a 24.2 per cent increase, and average weekly earnings 29.4 per cent. The iron and steel industry absorbed 39.8 per cent additional workers, increased working hours 15.2 per cent, and weekly earnings per worker rose 16.5 per cent. Automobile factories took on 20.7 per cent more men, average working hours increased 13.5 per cent, and weekly earnings 14.3 per cent per worker. Employment in the agricultural implement industry showed a gain of 27.6 per cent in employment, and 7.6 per cent in working hours. In the northern cotton industry, employment gained 27.5 per cent, working hours, 20.5 per cent, and weekly earnings, 11.5 per cent. An 18.7 per cent increase in employment is reported in the chemical industry, with working hours increased 9.7 per cent, and weekly earnings 10.9 per cent higher. The furniture industry gained 13.8 per cent in employment.

AT NORMAL PACE

The settling down of industry to a steady, normal pace is reflected in the present level of wage rates, which is close to the average of the last five years, according to the conference board's computation of wages with the period of 1920 to 1924 (inclusive) taken as a basis.

Since September, 1923, hourly earnings have remained from 3 per cent to 4 per cent above the 1920-1924 average, and last February were 4 per cent higher than the five-year average. Following the depression of 1921-22 the index number of average weekly earnings in April, 1923, rose above the average, and remained there excepting the three months of June to August, 1924.

"Real" weekly earnings, that is, wages in terms of purchasing power of the dollar, have remained above the 1920-24 average since September, 1922, the index number rising as high as 110 in May and June, 1923, dropping as low as 101 in July and August, 1924, but rallying to 107 in February, 1925.

OIL FIRM IS TO RETIRE PREFERRED

Corporation Issues 527,987 Shares of Common Stock to Finance Deal

The board of directors of the California Petroleum Corporation has approved a plan to retire the preferred stock of the corporation. There is $11,955,000 preferred stock outstanding subject to redemption at $120 and accrued dividends and is entitled to share equally with the common stock in dividends above the present rate of 7 per cent, which is now being paid on both preferred and common shares.

Financing of the retirement of the stock will be accomplished by issuing 527,987 shares of common stock of $25 par value. These shares will be offered to preferred and common stockholders for subscription at $27.50 a share. This stock is being underwritten by a syndicate headed by Blair & Co., Inc., and Hallgarten & Co.

The California Petroleum Corporation, one of the leading oil companies on the Pacific Coast, has a total acreage of 10,061.46 acres, divided into 4254.56 owned in fee and 5807.30 held under lease. The acreage is about evenly divided between San Joaquin Valley and Los Angeles basin fields.

The company's production for 1924, including 59 per cent of the output of the Red Star Petroleum Company, aggregated 14,914,574 barrels, a daily average of 40,862 barrels. The total exceeded that of any two former years combined.

WOOL GOES HIGHER

[BY A. P. NIGHT WIRE]

BOSTON, May 22.—The wool market is still showing some improvement in tone. Manufacturers are making inquiries regarding offerings in anticipation of the light weight season. They are also making offers, and some sales are being consummated. A sizable amount of territory fine grade of French combing length has moved on a basis of 1.20 to 1.22, clean, this market.

WEEK DULL IN TOOL AND CRANE LINE

Trade Continues Light and Orders Confined Chiefly to Small Machines

BY DON PARTRIDGE,
Associate Editor, "Iron Trade Review"

Iron Trade Review will say this week in commenting on the condition of the Pacific Coast machine tool and crane markets: "During the past five or six weeks sales of machine tools have been few and far between. No outstanding awards have been noted and what business has been offered has come from scattered sources and have involved, with hardly an exception, single installations of small tools. Conditions in the Northwest remain fruiet, due to small operations on the part of the lumber and logging industry.

"The crane market is in about the same condition as the machine tool market, activity being confined to occassional sales. Included among recent awards were two twenty-five-ton locomotive cranes for the Southern Pacific Company secured by the Industrial Works, one seventy-five-ton overhead crane for Puget Sound Light and Power Company to Whiting Corporation, two fifty-ton hand-power cranes for the Pacific Gas and Electric Company, San Francisco to Cyclops Iron Works, one three-ton jib crane for the American Can Company San Francisco, to Cyclops Iron Works and one three-ton stationary crane for the Electric Repair and Equipment Company, San Francisco, to Cyclops Iron Works.

"Pending business includes one seventy-five-ton overhead traveling crane for the Exchequer Dam project, Merced Irrigation District, bids on which will be opened June 2; one twenty-five-ton and two three-ton cranes for the city of Seattle, bids on which have been opened; one twenty-five-ton motor hoist crane for the Pacific Gas and Electric Company, Substation I, Oakland; two cranes for the Bureau of Yards and Docks, Washington, D. C., for installation at San Diego, bids on which open June 10, and one thirty-ton overhead crane for the Bureau of Reclamation, Denver, for Siphon Drop power plant, Yuma project.

"The used equipment market is more active than is the market for new, but little of outstanding importance has developed. The trade generally expects an improvement in both demand and sales within the next thirty days."

Wall Street Paragraphs

[EXCLUSIVE DISPATCH]
[Copyright, 1925, New York Evening Post, Inc.]

NEW YORK, May 22. — Again the trend chiefly was upward. At times today the stock market was confronted with buying of a most urgent character, which was attributed to short covering and which appeared to have its haste created by a concentrated purchasing power indicative of clique effort.

Motors, oils and high-priced industrials still were popular, if the measure were to be found in individual volume and among the rails the lower and medium-priced shares were leaders. More talk of dividend prospects was heard this relating to the institution of payments as well as to higher rates in the offing. The fact that Pacific Oil had advanced its rate was highly regarded in consideration of the petroleum group several of which were supposedly being groomed for similar action. Trade news was encouraging and the street as a whole had assumed an air of quite general optimism. The ease of money affairs was reflected in the weekly showing of the Federal Reserve Bank, while funds still were obtainable at rates making speculative commitments easy of accomplishment.

COVERING IN EFFECT

During the afternoon the urgent buying spurt occurred in the course of which many stocks ran up to higher levels. Short covering was mainly attributed as the cause of the strength especially in such issues as Willys-Overland preferred and Pierce Arrow preferred. Packard preferred ran above its retirement price of 110 as official word was given of plans to call the stock at that figure. Low-priced rails came into demand but liquidation renewing in St. Paul preferred forced down that stock.

A STRONG POSITION

Over $5,000,000 cash in its treasury and no outstanding bank loans were claimed for Studebaker in advices reaching bankers hands. Plans by the management were also revealed in the forecasts of big production which already has shown to be mounting by leaps and bounds. First-quarter output was placed at 29,937 cars with 40,000 to be added from the second-quarter's operations. Current rate was stated to be 630 cars daily. The street had been somewhat puzzled at the failure of Studebaker to more closely align itself with the forward move in the motor shares, but indications today pointed to a period accumulation in which no efforts had been made to keep up the pace for this stock which had been set by others of the same industrial group.

PAPER VS. POWER

Segregation of its water power holdings along the line adopted by International Paper in a similar proceeding was suggested for Union Bag and Paper Company. And with such a step taken dividends were mentioned as likely to appear. Broadway firms which had been on the constructive side of International paper months ago were taking a like position with regard to the smaller concern. Coming at a time when interest strong was bearing on superpower and titups the street gave unusual heed

COMPARATIVE CITRUS SALES

PHILADELPHIA, May 22.—1154 boxes of Florida Valencias sold from $4.15 to $8.45, averaging $7.20 a box; 957 boxes of Florida grapefruit sold from $3 to $6.05, averaging $4.95 a box.

CHICAGO, May 22.—366 boxes of Florida Valencias sold from $6.45 to $7.30, averaging $7 a box; 536 boxes of Florida oranges averaged $5.90.

CLEVELAND, May 22.—Three cars of Florida Valencias averaged $7.50 a box.

CINCINNATI, May 22.—372 boxes of Florida Valencias averaged $7.70 a box.

BOSTON, May 22.—Four cars of Florida Valencias averaged $8.20 a box; three cars of Florida grapefruit averaged $6.25 a box.

NEW YORK, May 22.—3066 boxes of Florida Valencias sold from $4.85 to $9.75, averaging $6.10 a box; 806 boxes of Verdelli lemons sold from $4 to $6, averaging $4.10 a box; 2132 boxes of Macri lemons sold from $4.10 to $7.50, averaging $5.75 a box; 800 boxes of Rictopol ripes sold from $3.10 to $4.75, averaging $3.80 a box.

There is a sale of 27,850 boxes of foreign lemons scheduled for Tuesday, and 39,775 boxes for Wednesday.

BUSINESS TODAY

New York Rubber Dealers Have Cleared Their Store Rooms of Crude—Stevenson Plan Lies at Bottom of Upturn to New High Price Levels.

BY PAUL WILLARD GARRETT

[EXCLUSIVE DISPATCH]
[Copyright, 1925, New York Evening Post, Inc.]

NEW YORK, May 22.—Rubber is one of the most interesting commodities that have occupied the attention of the markets in the last fortnight. Its history for the last decade overflows with romance, but in the events of recent date lie material for a fresh chapter.

"From 17 to 70 cents in a year."

A year ago almost to the week, the price of crude rubber fell to its lowest level of the year at 17 cents and a fraction per pound. Such a price for standard quality ribbed smoked sheets was only about a fourth or fifth of the market prevailing during the year before the war.

There was a reason why rubber fell so low in 1924 and why it had fallen even lower, to 11 or 12 cents, back in 1921. Briefly, over production and the perfection of the cord tire were what undermined the market in crude rubber, but of the two, over production did the more harm.

Hundreds of large plantations came into maturity during the war but trees in many instances were not tapped. When control of the commodity was lifted and a free market ushered in the world suddenly found itself overstocked with rubber.

Meanwhile the cord tire had been perfected. In the old days a man thought he was fortunate to get 5000 miles from a tire, but the improved tire carried him two or three times as far. It was a boon for the car owner, but a blow for the rubber producer.

A dozen other factors entered in but these are the reasons in a nutshell why crude rubber prices dropped to unprecedented levels. Since a year ago the market has been strengthening. The price from 17 cents per pound has bounded to new high ground. It even touched 70 cents a few days ago. What in the situation has been changed to bring such a revolution about?

SCHEME GETS IN WORK

To work out the answer is not very difficult if we go back to November, 1922, when the Stevenson plan was put into effect. By that plan to restrict production the exports from British possessions allowable free of duty were limited to 60 per cent of an amount based on the 1920 production. Exporters were allowed to send out more only by payment of duties. The inevitable result was substantial curtailment of production.

There was a price factor in the plan. About 60 per cent was allowed so long as the price remained on a certain basis. Increases in the price automatically released more free rubber. Thus the recent increase in price has raised the free amount to 65 per cent. The plan had flexibility since sharp advances in the price would automatically allow more rubber to go out free, but it was drawn primarily to keep output within bounds and that is what it has done.

In consequence stocks of crude rubber in London today are not much above 7000 tons although stocks there normally are in the neighborhood of 50,000 tons and have been as high as 77,000 dealers in New York for months have had empty storerooms. They ship the crude out as fast as it comes in.

How long the situation will continue might be answered in part if we knew how long the present demand for automobiles, or rather for automobile tires, would continue. So far the demand has not been abated.

STOCK TRADING SLACKENS PACE

Trend of Prices Irregular on Lighter Sales

But General Course of Values Keeps Upward

Motor List Renews March to Higher Levels

[BY A. P. NIGHT WIRE]

NEW YORK, May 22.—Realizing sales by professional traders imparted considerable irregularity to the price movement in today's stock market, although the main trend continued upward, with the motors giving another remarkable demonstration of group strength. Rail shares gathered strength as the session progressed with several of the western carriers recording substantial gains. Compared with the two previous days, trading showed a moderate contraction in volume, although total sales ran above 1,750,000 shares.

The continued ease of the credit situation, as reflected in the establishment of the highest reserve ratio of the year by the New York Federal Reserve Bank, an increase of 10 cents a barrel in Smackover crude prices and higher lead and zinc quotations, all had a bullish effect on sentiment. The weekly mercantile reviews also reported a more cheerful tone in business circles.

"The improvement is not general or striking," Dun's review says, "but operations have increased moderately in several lines where there had been a reaction from the expansion of the early months this year, and the price situation is strengthening."

RAIL EARNINGS AID

Revival of activity in the rails was in anticipation of favorable April earnings statements by several carriers next week. The Northwestern lines are expected to make a particularly fine showing, which accounts for net gains of 1 to 2 1-2 points being recorded by Atchison, Northwestern, Rock Island, Great Northern preferred, Missouri Pacific preferred and Union Pacific.

The continued demand for the motor shares was ascribed to reports that spring sales were running at unusually high rate with several manufacturers unable to make prompt deliveries. Nash Motors jumped 14 points to 125, duplicating its record high, and Mack Trucks moved up over 4 points to within a very small fraction of its record top, but canceled nearly half its gain on profit taking. Pierce Arrow preferred soared 5 7-8 points to a new top at 70 7-8, and the prior preferred closed 4 1-2 points higher at 114 1-2, after touching a new maximum at 115. The Maxwell issues, Packard Motors common and Willys Overland and preferred also broke through a new peak price, the last named touching 111 and then easing to 109 7-8, up 5 1-2 points.

Buying of the oils was of a selective character, California Petroleum preferred advancing more than 3 points to a new high at 123, while Marland, Texas Company, Union Oil of California, Sinclair preferred and Atlantic Refining clin.ded a point or so. The increase in the Pacific Oil dividend apparently had been anticipated, the stock closing fractionally lower at 59 1-4.

ADVANCE EXPLAINED

Speculative belief that the segregation of the water power properties of the International Paper Company will soon lead to a dividend declaration on the common, accounted for the brisk demand for that stock, which jumped 4 2-3 points to 69, the highest price in several years. Simmons Company responded to the announcement of a favorable court decision involving the use of patents for electrically welded tubes used in the manufacture of steel beds by climbing more than 2 points to a new top at 42 1-4.

Among the many other issues to better their previous top prices of the year were May Department Stores, Mathieson Alkali, Brooklyn Edison, Robert Reis, National Distillers Products, New York Canners, Consolidated Gas, Detroit Edison, Brooklyn Union Gas, American Tobacco and United States Industrial Alcohol.

Call money opened at 3 3-4 per cent, but advanced to 4 in the late afternoon. Time money and commercial paper rates were unchanged. Reactionary tendencies characterized the foreign exchange market. Demand sterling dropped nearly 1-2 cent to 485 3-4, while French francs fell 3 points to 5.12 cents, the lowest figure since the middle of last month.

Stock Market Averages

Wheat Market Up on Adverse News of Crops

[EXCLUSIVE DISPATCH]

CHICAGO, May 22.—A material increase in the number of unfavorable crop reports from the Northwest and Southwest, with hot winds at several points in Kansas and Nebraska, and dry weather talk from the spring wheat territory, led to increased buying of futures and a net gain of 1@2¼c in wheat today, with September leading. Some of the crop comments bordered on the sensational and while there was free selling at times, credited to a local professional and also profit taking, the close was at the top. May finished at 1.08⅝, July at 1.33¼@1.33⅝ and September at 1.47⅛@1.47⅜. Corn gained ⅝@1c, oats were unchanged to ⅜c higher and rye 1¾c lower to 1¼c higher. May corn finished at 1.13⅝@1.13¾, July at 1.18@1.18⅛ and September at 1.13⅜@1.14.

The greater part of the news favored holders, especially as far as crop advices were concerned. The forecast for cooler weather over the entire belt, with probably showers in Illinois, had little effect, and fairly liberal showers in the Canadian Northwest were also ignored. Minneapolis September led the advance in all markets and gained 2⅝c, closing at 1.43⅛, or 2¼c under Chicago.

Commission-house sentiment was much more friendly to the buying side of wheat, and local operators were disposed to sell. Lesnett's report from Omaha said the Russian fly was strongly in evidence in Kansas, and with hot weather, damage would probably result. Temperatures of 98 deg. and over were common in the wheat belts on Thursday. Inquiries from abroad for new crop winters for deferred shipments were received from abroad by local handlers, but none of them cared to do business on account of the old crop situation and the unfavorable outlook for the new.

Liverpool wheat showed fair strength early on buying by a leading importer, a better demand for cash wheat and purchases of four cargoes by Portugal, but broke toward the last and closed 1@1½d lower. Export demand continues fair, with sales of 500,000 bushels in all positions, and a Minneapolis firm reported 100,000 bushels sold to go to a Canadian mill. There was 200,000 bushels sold here to go to store for delivery on May contracts.

Many local traders remain bearish on corn, but the pronounced strength in wheat caused a let-up in the selling pressure, and the market as a whole showed a firmer undertone, although the aggregate trade was light. The spot basis was unchanged to ¼c lower, as compared with May, with local arrivals 174 cars. Warm weather was favorable for the new crop.

May and July oats were changed at the same price, and the market made a relatively poor response to the sales of 500,000 bushels by local handlers to superiors. The seaboard reported 350,000 to 500,000 bushels, mainly domestic, sold abroad, largely in the continent.

Trade in rye was limited, May breaking sharply early at one time on scattered selling, only to rally later in sympathy with wheat. Local handlers sold 10,000 bushels to exporters and the seaboard sold 100,000 bushels abroad.

Provisions were firmer with hogs and grain, but on the advance, a house with foreign connections became a good seller of lard. The close was 5@7½c higher on lard, with ribs up 5@12½c and bellies 12½@20c.

PRODUCE MARKET

Trading yesterday was fairly active with receipts liberal to heavy and fair price changes. Beans were weaker. A few fancy cherries were selling at a premium, but most receipts were ordinary and moving at a sharp discount. The first car of Imperial cantaloupes arrived but was not placed in time for the early market.

APPLES—California, Yellow Newtowns, 6,500 2.50@3.00 per box; Washington, Winesaps, extra fancy, 3.00@3.50 per box.

APRICOTS—Bakersfield, Newcastle, mostly small, poor; few large, 1@3 crates; 1@3 pounds.

ASPARAGUS—Northern, green, 10@ per pound.

BANANAS—Central America, 5@6½ per pound; poor quality and condition, 1@3.

BEANS—Cuchella, Imperial, Kentucky Wonders, 10@11 cents pound.

BUNCHED VEGETABLES—Per dozen bunches: Beets, 25; carrots, 30; onions, 10; turnips, 30; spinach, 10.

CABBAGE—Local, best, 1.25@1.30; poorer, 1.00 cwt.

CANTALOUPES—Imperial, poors, 4.50@5.00; standards, 3.50@4.00; flats, 2.25@2.50 crate.

CELERY—New stock, mostly 4.00@4.75; poorer, 2.50 per crate.

CHERRIES—Northern, Tartarian, mostly cracked, wet, 7@9 cents pound; few best, 4@5 cents; receipts, 12@15; few, 17 cents pound.

CUCUMBERS—San Diego, 1.50@1.75 flat; Imperial, 1.25@1.50 flat.

GRAPEFRUIT—Local, special brands, 5.75@6.00

...OIL ...NEWS

...HOWARD C. KEGLEY ...hundred barrels a ...new production record ...individual well in a single ...the Inglewood field. This ...was reached yesterday by the ...Securities Company's ...No. 1, which came in last ...over 3500 barrels a day ...increased steadily since

...Standard Oil Company's Los ...Investment No. 1-9 came ...completed at about 1300 bar... ...The well is down about ...and is one location from ...which came in on the ...No. 1-9 was report... ...about 1200 barrels a ...day.

...The wells are offsets to ...Company's Rindge No. ...started last week at about ...barrels a day.

...Richfield Oil Company is ...ing to start drilling a wild... ...in Cat Canyon in Santa ...county, according to of... ...reports. Material and equip... ...for a rotary rig is being ...into the field, and active ...work will begin immediately.

...Richfield well will be known ...Williams No. 1, and will be ...on a lease covering about ...acres which the Marland has ...drilled in Section 25-9-32. It is ...in territory, about two ...northeast of the Gilmore Oil ...Company's recent completion in ...Section, which made about 300 ...barrels a day for a short time.

...Activity in North ...Lake and Harold S. For... ...geological experts, have left ...Angeles for Alaska to examine ...leases of the Superior Oil Com... ...on Chinitsin Bay, accord... ...official reports. The two ...will spend several weeks in ...making over the Superior's ...Alaska holdings, recently tak... ...over in the vicinity of Cook's ...Inlet. The property is located in ...the general region as the ...oil fields last well on the Pearl ...Harbor.

...Activity Slowing

...Despite the Arrowhead Development ...Company's drilling in Cajon Pass, ...San Bernardino county, has ...made slight gas showings at ...1000 feet, according to field ...reports.

...Another Well

...Completion yesterday completed ...Richfield No. 1 in the Athens area, ...which is immediately field with an in... ...production of about 2000 bar... ...per day, according to official re... ...The well came in from a ...depth of about 4500 feet, flowing ...through a choke of 37 degrees grav...

...Richfield No. 2 is the first well ...on the E. Combs Trust to be ...drilled in the Athens field. It ...is located at Hoover and One Hun... ...Twenty-fifth streets, and ...is expected in the elapsed time ...of thirty days.

...Activity In

...The Associated Oil Company's ...well No. 1 in the Inglewood ...field was completed at 2545 feet ...with an initial production of 842 ...barrels per day, it was reported ...yesterday.

...The Associated has two more ...wells in this lease which should ...be completed within the next few ...days, and two others which are ex... ...pected to go on production next ...week.

...Wells Nos. 11, 12 and 13 have ...been spudded in and are drilling on this ...property.

...Activity Expected

...Continuation of development of ...the Coyote Creek district near Sig... ...alfa, the most unsettled yester... ...day by the City Council of Long ...Beach, as the result of the vote on ...the question of allowing oil op... ...erations in that part of the field, ...which is in that section of the city ...that is in question is an ex... ...tension of the residential section of the ...city, which was introduced ...by the Council which would have ...prevented the city not to interfere ...with operations at Los Cerritos, ...but failed to pass by reason of ...a tie vote.

...Councilman Walter F. Lineber... ...who recently was enjoined ...by the courts, was the leading ad... ...vocate of the resolution. Walter ...Scott, former postmaster of ...Long Beach, was the principal op... ...ponent. Another attempt will be ...made to get action on the ques... ...tion in the near future, it is an...

THE INVESTOR

Pacific Gas and Electric Company, Leading California Utility, Serves Immense Territory—Furnishes Electric and Gas Needs of Area With 2,200,000 Inhabitants.

[Copyright, 1925, New York Evening Post, Inc.]

Operating on the largest high-voltage transmission of its kind in the world the Pacific Gas and Electric Company, incorporated under the laws of California in 1905, has enjoyed an uninterrupted growth in business and earnings since that time. Gross revenues in 1924, which was the banner year, aggregated $44,935,419, compared with $24,280,418 in the previous year and $8,597,162 in 1906, the first full year of operation, with each year showing consecutive increase.

Since its organization nineteen years ago the company has taken over extensive properties, some with a corporate existence dating back to 1852, and through such acquisitions and construction work has increased its plant account by $176,298,418. Of that vast increase almost $110,000,000, or 62 per cent, has been added in the last six years.

In that interval expansion has been accomplished principally through new construction, as is indicated by the fact that of the total expenditures made for additional facilities $96,088,297 was appropriated for new construction projects, while only $13,773,956 was expended for the acquisition of existing properties.

SERVES VAST TERRITORY

The company serves electric energy and gas to Northern and Central California, its operations covering an area of over 59,000 square miles, with a population in excess of 2,200,000. At the close of the year it was operating thirty-one electric generating plants with a capacity of 616,538 horsepower, the energy from its stations being turned into high-power transmission and distributive lines, which comprise a system of more than 12,000 miles.

Among the principal cities to which utility services are furnished are San Francisco, with a population in excess of 500,000; Oakland, with about 220,000 inhabitants; Sacramento, Berkeley, Stockton, Fresno and Alameda. At the beginning of 1925 the company was serving a total of 763,617 customers, compared with 520,619 at the start of 1920 and 378,705 on January 1, 1915. Last year alone 53,582 new customers were added.

DEVELOPMENT FAST

The company is the second largest producer of electricity through the employment of hydroelectric methods in the United States and ranks fourth among companies producing current in both hydroelectric and steam generating stations. It now operates twenty-seven hydro plants with a combined capacity of 426,239 horsepower and four steam generating plants with an installed capacity of 190,349 horsepower. About 60 per cent of its gross revenues are derived from sales of electric current and over 35.5 per cent from gas sales. The balance comes from the operation of its water properties, street railways and telephone service.

Its major development project at present is the construction on the Pit River of Pit Plant No. 3, which is planned for installed capacity of 108,579 horsepower. Work has now progressed to the point where completion of this plant is assured by about the middle of the year. With the completion of this station the company will have more than doubled its hydroelectric capacity in a period of five and one-half years. When it is placed in operation output of 1,700,000,000 kilowatt hours may be generated annually, compared with approximately $15,000,000 kilowatt hours which the plants were capable of producing at the beginning of 1924.

CAPITAL BADANCED

The capital structure of the company is made up of $154,567,600 in funded indebtedness, including numerous subsidiary underlying issues. These bonds are followed by $54,464,411 in 6 per cent cumulative first preferred stock outstanding and $47,795,832 common, which does not, however, include $21,696,867 held by subsidiary companies. One of its most recent accomplishments in the way of financing through the sale of stock has been the disposal of 28,000 shares of the junior issue at par direct to purchasers in lots of not more than ten shares each.

The company finished 1924 in a strong liquid asset position, with current assets of $28,925,780, including $11,485,163 in cash, and current liabilities of only $8,541,541, indicating a net working capital of $20,384,239. In view of the fact that funded indebtedness is close to the limits of the amount authorized, a special meeting of stockholders was called late last year to approve the raising of the authorized amount to $250,000,000.

Pantages, Seventh and Hill—Vaudeville.

WALL STREET PARAGRAPHS

(Continued from Thirteenth Page)

to the affairs of both these companies.

ACCORDING TO SLATE

Ample forewarning had been given of what was to come but the official word of Packard's plans to retire the preferred created new interest for the junior shares, soon to be alone in their corporate existence. With plenty of cash and urgent demand for the Packard products, the street quickly placed the company among its favorites of the low-priced motors.

LOOKING FOR MORE

A higher dividend rate was flashed over a private wire system as an early development for the Texas Company. The good showing made during the past year, despite the unfavorable prices, had drawn attention to this leader among the independent oils, but today was the first in which open mention was made as to any thought of a greater return for shareholders. That competition still was keen appeared from the day's price changes in this territory. The Pacific Oil board's action in raising its rate which was quite in line with forecasts, and the recent restoration of Marland on the divided ranks, were outstanding factors in building up hopes for the Texas and possibly, other money-makers in the petroleum industry.

CONSTANT ACTION

With the Maxwell Motors plans rapidly approaching completion, the street gave renewed thought to industrial alcohol, as bankers working on the former were known to be interested in the latter concern as well. Definite details were lacking as to what was in mind, but, broadly, it was intimated that a capital adjustment was to be effected, to include subsidiary companies and with dividends being ordered on the new securities which were to replace the present outstanding issues.

DUSTING OFF SHELVES

Many department store shares were given a whirl to the accompaniment of an old refrain having to do with extra dividends or a possible distribution. And as on previous like occasions of this were quick to spike the yarn as made of whole cloth.

WAIT ON DIVIDENDS

A new top was reached by Matheison Alkali which was up more than 30 points from its bottom for the year. Buying was insistent and based on good earnings. From a member of the board it was learned that dividends were in sight but, beyond the assertion that they were probable for this year no more definite statement was forthcoming.

POSSIBILITIES

Further response to its earnings, currently estimated at about an $8 rate, was made by New York canners and in commission houses the dividend prospects were strongly stressed. Paying but $2 a year a higher rate was considered quite likely. In fact, buying of the shares in the past fortnight largely had been based on such hopes.

COTTON IN NET LOSS NEAR CLOSE

Less Favorable Cables and Fine Weather Depressing Factor of Market

[EXCLUSIVE DISPATCH]

NEW YORK, May 22.—The market which was under pressure of scattered liquidation and some speculative selling later causing it then to close rather weak with net declines for the day ranging from 15 to 30 points from Wednesday's closing, quotations went off about 20 to 25 points more early this morning on a continuation of such selling. The Liverpool market made a full response to our decline of late yesterday by ending with a net decline of 21 to 23 of their points, while spot cotton went off 15 points in that market to 12.84d for middling.

These less favorable cables and another almost perfect weather map for all sections of the cotton belt and the circulation of a local private crop report this morning which caused a good deal of the selling of yesterday afternoon were the principal depressing factors on the market. The crop report referred to made the average condition as good as 77.5 per cent, compared with the government's crop report of 65.6 a year ago, and claimed that on that basis and an increase of 5.5 per cent in the acreage the present indicated crop is for as large a yield as 14,900,000 bales without linters.

May contracts here went off to 22.90, July 22.60, October 21.94, December 22.06, and January about 21.78. These proved to be the low prices, however, up to 2:30 o'clock, as a good deal of profit-taking by local and southern shorts developed and there was also a moderate amount of new trade buying.

This rallied the market so sharply during the early afternoon the forenoon's decline was replaced with an advance of 3 to 13 points over yesterday's closing, May recovering to 23.39, July 22.93, October 22.27, December 22.49, and January about 22.00 before enough new selling pressure came on the market to check the advance and cause some fresh setback in the final trading.

The market is discounting in the present depression the expectation the government's crop report due June 2, for the May 25 conditions will be as good as about 80 per cent against the average of about 67 for that date the last five years when the crops got off to bad starts. The weather conditions at present are mostly clear and hot all over the belt, which is just the kind needed for helping along the development of the crop after the recent good rains.

General Trade Reported Good in Los Angeles

Bradstreet's weekly review of financial conditions in Los Angeles reports:

"Wholesalers and jobbers report sales continuing below normal, but collections are somewhat improved. There is some improvement in women's ready-to-wear.

"Plumbing supply houses report an increase in the number of sales, but not much improvement in volume. The furniture trade remains very quiet. General business continues good.

"Citrus receipts continue steady, but the cannery case demand is small. Prices have decreased on all fruits and vegetables, due to receipts beyond demand.

FLAXSEED MARKET

[EXCLUSIVE DISPATCH]

DULUTH (Minn.) May 22.—There was no outstanding feature of the trade in flaxseed here today. The market moved within the same narrow run. Offerings were light and the buying of a few small lots supplied the excuse for a moderate advance in prices. Close: May, 2.80½; July, 2.82¾, asked; September, 2.59¾, bid; October, 2.55, bid; track, 2.80¾@2.82¾; arrive, 2.80¾.

Minneapolis flaxseed demand, good; No. 1 seed, spot, 2.77@2.83¾; to arrive, at 2.77@2.83¾. Receipts, 18 cars.

"...and *barely a month away!*"

A HAPPY GIRL is planning her vacation days. How she'll pack her hours with the most fun, let nature paint her with a coat of tan and health, ride a tippy surf board and hoist a snow white sail. How she'll bury "care" with her school books, deep in sand.

YOU'LL meet this happy girl this summer, at Balboa—on the Peninsula.

HERE, unequalled anywhere on the coast, is the wholesome atmosphere and refined surroundings of a private residential colony. The open surf, breaks on one side of the Peninsula, while calm Newport Bay lays ever inviting for the quieter water sports, on the other side. There is plenty of clean white sand on the Peninsula for the youngsters to play in. Permanent concrete boulevards, kept lighted at night by ornamental electroliers, span the length of the Peninsula.

COME visit the Peninsula at Balboa Sunday—make plans for your summer home, here. Vacation is barely a month away.

THE WEATHER

[Official Report]

LOCAL OFFICE, U. S. WEATHER BUREAU, Los Angeles, May 22.—[Reported by H. S. Hersey, Meteorologist.] At 5 o'clock a.m. the barometer registered 29.95; at 5 p.m., 29.93. Thermometer for the corresponding hours showed 59 deg. and 67 deg. Relative humidity, 5 a.m., 91 per cent; 5 p.m., 74 per cent. Wind, 5 a.m., east, velocity 4 miles; 5 p.m., southwest, velocity 8 miles. Temperatures, highest, 73 deg.; lowest, 57 deg. Rainfall for season, 7.38 inches; normal to date, 15.48 inches; last season to date, 6.67 inches. Barometer reduced to sea level.

WEATHER CONDITIONS. — Showers occurred yesterday at a few stations in South Dakota, Colorado, Utah, Montana, Idaho and Washington, but no precipitation was reported in other portions of the country. Thunderstorms accompanied by high winds visited some localities in Utah and Colorado. It was quite warm in the Missouri and Middle and Upper Mississippi valleys, but moderate temperature was reported generally elsewhere. In Southern California fair weather prevailed Thursday, with moderate temperature. It was cloudy or foggy yesterday morning from the sea to the mountains. Mt. Wilson reported top of fog to be about 1800 feet above sea level. Fair weather and moderate temperature may be expected to continue in this vicinity today, with probably fog or clouds in the morning.

SUN, MOON AND TIDES.—Los Angeles, May 22: Sun rises 4:46 a.m., sets 6:53 p.m. Moon rises 3:45 a.m., sets 3:37 p.m. Los Angeles Harbor, May 23: High tides, 10:09 a.m. and 9:25 p.m.; low tides, 4:07 a.m. and 3:11 p.m.

LOCAL TEMPERATURES. — Minimum and maximum temperatures from Southern California points, reported yesterday to the Los Angeles office of the U. S. Weather Bureau, were as follows:

Stations—	Max.	Min.
Calexico	92	61
Los Angeles Harbor	70	56
Mt. Wilson	64	56
Newport Harbor	68	54
Pasadena	75	53
Pomona	77	53
Porterville	83	53
Redlands	78	50
Riverside	79	50
San Bernardino	78	51
Santa Ana	78	53
Santa Barbara	71	55

LOCAL FORECAST

For Los Angeles and vicinity: Fair, with moderate temperature.

STATE FORECAST

SAN FRANCISCO, May 22.—Weather forecast: San Francisco and vicinity: Fair, but with considerable cloudiness; moderate temperature; moderate westerly winds.

Northern California: Fair, but with considerable cloudiness near the coast; no change in temperature; gentle to moderate winds, mostly northwest.

Sacramento, Santa Clara and San Joaquin valleys: Generally fair and mild; gentle variable winds.

Southern California: Fair, without change in temperature; gentle variable winds.

ARIZONA FORECAST

PHOENIX (Ariz.) May 22.—Forecast for Arizona: Generally fair Saturday and probably Sunday; little change in temperature.

COLORADO RIVER

YUMA (Ariz.) May 22. — [Exclusive Dispatch from the U. S. Reclamation Service.] Gauge height Colorado River, 21.3 feet. Discharge, Friday, 31,100 cubic feet.

DEATHS

With Funeral Announcements.

A WORD OF COMFORT

The great danger for the man deeply immersed in the world's business is that he shall become cynical and hard. Competition is keen and often relentless; one's tenderness and consideration are likely to be stifled.

Respond to the impulse to be considerate toward others which grief has roused in your heart.

ARANTZ. Of 5120 Alnaden Drive, Mary P. Arantz. Remains at Cresse's. Funeral services at the Little Church of the Flowers, today, 2 p.m.

AUBERTON. At 1291 North Avenue 54, Robert Auberton, beloved husband of Jane Auberton. Remains at Cresse's. Requiem mass at St. Ignatius Church, today, 9 a.m.

BARNES. Rhodolphus Barnes, beloved husband of Amelia Barnes, loving father of Harry Barnes of this city and Edith Barnes Dale of Dayton, O.; brother of Harriett Wehrle and Clem V. Barnes of Cincinnati, O.

Funeral services Monday, May 25, at 2 p.m., in the Little Church of the Flowers, Forest Lawn Cemetery. Rowe Brothers Co., directors. (Cincinnati papers please copy.)

CAMPBELL. Funeral services for George Campbell will be held today at 2 p.m. from parlors of Graham & Isbell, 915 West Washington street.

CURTIN. May 22, Maurice Curtin, aged 32 years. Funeral from Mercy Rose chapel, 4900 West Washington street, today at 7 a.m. The White Company, directors.

DUNSHEE. Funeral services for William Adams Dunshee will be held today at 3 p.m. from the Hollywood Cemetery chapel. Graham & Isbell, directors.

GAIGE. May 21, Joseph Moss Gaige, aged 74 years. Funeral services will be held today, 2 p.m., from his late home, 2947 Hallidale avenue, Los Angeles. Strother & Dayton, directors.

GEITER. Michael Geiter, late of 2321 Crenshaw Court, husband of Mary Geiter, father of Mrs. W. B. Collins.

Remains in care of the Ruppe Mortuary, 842 South Figueroa street.

GRIGSBY. The funeral services of Mrs. Jennie Laura Grigsby will be held today at 3 p.m. from the funeral parlors of W. A. Brown, 1335 South Flower street.

GROVER. May 21, Charlotte Bloe Grover, beloved mother of Bloe Grover of Los Angeles and James Hamilton Grover of St. Louis.

Funeral services and interment in St. Louis.

HART. Finley M. Hart, late of 1218 Elden avenue.

Funeral services Saturday morning at 10:30 o'clock from the chapel of the Bramble Funeral Home, 1240 South Flower

CAPT. HOME TO QUIT HIS POST

Veteran Detective Chief in Poor Health

Resignation to Take Effect Late in June

Solved Many Baffling Crimes During Career

Capt. George K. Home, chief of the detective bureau of the Los Angeles police department and whose genius in crime detection has solved more baffling major crimes than any other man in the Western States, will resign his post on June 29, after twenty-two years of service in the department, it became known last night.

Capt. Home is severing all connections with the department upon the advice of his physicians and contemplates taking a long rest to recuperate his health, which, in recent months, has been weakened by his arduous tasks in reorganizing the bureau of which he is the head.

The resignation comes after a series of conferences with Chief of Police Heath and the Police Pension Board, who for several weeks have been endeavoring to retain him in the service of the police department. Their pleadings failed and the date of the resignation was finally agreed upon as June 29, which will give his successor—whoever that official may be—time to acquaint himself with the difficult task.

HEALTH NOT GOOD

From intimate friends it was learned yesterday that Capt. Home's condition of health has not been what it should be since his triumphal return to his office several months ago and that Chief Heath and all those cognizant of the impending resignation have expressed the deepest regret for Capt. Home's intended departure from the post which he had developed to the highest state of police efficiency.

"I am very sorry to see Capt. Home go," Chief of Police Heath was quoted as saying. "He has accomplished most excellent results in his line of duty and it will be most difficult to obtain a man to fill his position as thoroughly as Capt. Home in his particular line of work."

Affirmation of Capt. Home's resignation was contained in the remark, when he was questioned about it:

"I would much rather have this announcement issued officially by those from whom it should come —Chief Heath and the members of the Pension Board, with whom I have discussed it."

Capt. Home admitted that his state of health constituted his principal reason for resigning. He admitted that it was not at its best and that he had been advised by his physicians to take a long rest. He would not deny that, upon the conclusion of his period of rest, he might accept a high executive position with some corporation.

NO HINT ON SUCCESSION

The services of Capt. Home, it has been known, have been sought for many years by several large corporations, both in California and in New York. He intimated that if such a position is eventually accepted by him, it will not be one entailing detective work.

As for what may happen at Central Station upon the departure of Capt. Home, no inkling could be obtained yesterday. Whether or not the post will be taken over by one of Capt. Home's present assistants or whether a new civil service examination will be taken to fill the job remained an unanswerable question last night.

Capt. Home's record as one of the most talented detective executives, has been known from coast to coast for some time, and it was this record that has caused so many large business firms to seek his service.

Capt. Home began at the bottom of the police ladder and steadily climbed each rung to the topmost one — the office of Chief of Police.

He became captain of detectives, succeeding Capt. Paul Flammer in

BLAMES HIS EX-WIFE

Negro Answers Summons in Forgery Accusation

"Mah divorced wife got me in this," Albert Bennie Gibson, 40, colored, yesterday told Postal Inspector C. E. Webster on the charge in the Federal Building in answer to a summons accusing him of forging an $87.50 money order in June.

Gibson's divorced wife is living today in Oakland, where she cashed her forged money order to cash, Gibson said according to Federal officials, but she received but $7.50 of the amount.

The money order was made payable to Merced Falls on June 1 and was made payable to E. Jones of Oakland, who reported he had lost the order.

Entertainers Social Club at Oakland, where Gibson was arrested. Gibson waived exercises when he was held for reasons to be determined by United States Commissioner Turney.

EDISON BUILDING SOLD

A. C. Blumenthal Acquires Home of Million Dollar Theater for Million Dollars

A. C. Blumenthal, Los Angeles real estate man, celebrated his recovery from a recent illness by purchasing yesterday the Edison Building, housing Grauman's Million Dollar Theater. The R. A. Rowan Company co-operated with Mr. Blumenthal in consummating the transaction.

The deal is one of the biggest real estate transfers in the city in several months. Although no information was given out as to the exact price paid, it is understood to be approximately $1,000,000. The terms of the sale call for cash payment. Mr. Blumenthal announced that financial arrangements for the transaction already have been completed.

Mr. Blumenthal would make no statement for the present as to what he intends to do with the property further than to say that he bought it as an investment and that the present tenants will not be disturbed. The building, popularly known as Grauman's Million Dollar Theater, is occupied also by the Southern California Edison Company offices and an Owl Drug Store.

The building was built by the Stability Building Company, an organization composed of some of the city's leading financiers and business men, in 1917. Albert C. Martin, the architect, designed it and supervised its construction. The cost of the building was estimated at close to $1,000,000. It is a twelve-story steel frame structure, with the exception of the balcony of the theater, which is of reinforced concrete. The design of the reinforced concrete arch supporting the balcony is considered unique in the field of structural design. At the time it was put up it was the subject of considerable debate in architectural and engineering circles, but when put to a very exhaustive test it came out with flying colors.

The design of the theater itself it still considered one of the best in the country from the point of view of beauty, comfort, acoustics, ventilation and lighting. The theater at present is leased by the Famous-Players Lasky Corporation. The present deal is one of a number of large deals that Mr. Blumenthal has engineered in the real estate field.

SIXTH STREET TO HAVE NEW THEATER

Final negotiations of a deal involving $1,000,000 and by which downtown Los Angeles will have a new ultramodern theater will

PLANE JOY RIDER DIES; PILOT HURT

Bell Policeman Succumbs to Injuries Received as Craft Falls in Stunt

Several weeks ago big Bob Morgan, Bell policeman and special deputy sheriff, who, in spite of his size harbored a penchant for airplane flights, faithfully promised his wife that he would never go aloft again in a plane. That was after he had experienced a close call in an accident at a local field. He did this not only on his wife's account but also because of his 8-month-old son.

Last Sunday Morgan watched the twenty planes at the opening of the new Bell airport, owned by Paul Nestor and Pat O'Reilly, at Florence and Atlantic avenues in Bell.

Yesterday afternoon he persuaded Roy Windel, civilian instructor at the Great Lakes Training Station during the war, to take him stunting. Before going aloft Nestor told Morgan to keep his feet clear at all times of the controls.

Up 1500 feet Windel went into a tail spin. Several seconds later the plane was in wreckage one and a half miles east of the landing field on the property of U. B. Williams, 1547 East Clarra street. Both men were unconscious and Morgan died soon after his arrival at the Mission Hospital. Windel is in a serious condition, but last night was expected to live.

As reported to Deputy Sheriffs Neighbors and Harris by C. B. Crossan, 1261 Sunset Boulevard, a former aviator, and later confirmed by Windel when he recovered consciousness, Morgan "froze" to the rudder at the start of the tail spin and Windel's strength was not sufficient to counteract it.

Yesterday was Morgan's day off duty as a police officer.

A Coroner's inquest will be held

DO AUTOISTS HEED SIGNALS? SOMETIMES

BY ALMA WHITAKER

It is the rising generation of pedestrians that will insist self-confidently upon their rights.

We who have attained adulthood since the advent of the automobiles have been too successfully cowed. Even the police department admits that not more than 2 per cent of us dare to halt the traffic with our raised hand, as per that charming law conceding our right thereto, elsewhere than in the crowded signal-traffic district, and those don't dare report what happened when they tried it.

Well, I have tried. Being one of those poor things that depend upon the males of the family to drive the car, I am almost a chronic pedestrian. I would love to exercise my rights. I would love to be able to get the other side of the road without waiting meekly for a rare lull in the mad traffic, without saying my prayers and hoping it isn't suicide, without screwing up my courage with fearful effort and darting wildly between the onrushing machines—even if I have become fairly expert at the game.

Sunset Boulevard seemed such a jolly place to try out my new lawful rights. Long dizzy miles of it with policemen only

THRONGS AT VALENCIA FETE INSPECT GOLDEN EXHIBITS

'Big Top' Riot of Color as Anaheim Throws Open Doors of Fifth Annual Orange Show

BY OTIS M. WILES
"Times" Staff Correspondent

ANAHEIM, May 22.—Orange county's greatest festive achievement was launched here today with the opening of the Fifth Annual California Valencia Orange Show. It was a great day also in the lives of Ma and Pa and the family, for they were conspicuously present in the merry throngs that filled the three great tents and the Midway pleasure zone.

Ma had read that the orange festival was to be the most resplendent in the county's history. It was she who urged Pa to take the family to it, and Pa went, though he swore he'd rather stay home and listen to the radio and smoke his jimmy-pipe because he didn't like oranges for they always squirted in his face.

PA GOES ALONG

"Why Pa, it's going to be a mighty fine show," Ma told him. "It's our duty to go since its an exhibition of summer oranges that has made our county famous. And besides, they're going to have a lot of pretty things to look at that the chambers from all parts of Southern California are exhibiting. And there's going to be music and nice entertainment and an automobile show and a merry-go-round—and—and Pa, it'll give that musty old jimmy-pipe of yours a chance to get all aired out a-mingling around those sweet-smelling oranges."

Pa went, and with him went Ma and Ellen and Jane and Sonny and Toots.

Ma was thrilled at the sight of the new and beautiful permanent gateway, pointing its mighty golden tower, like a jeweled finger, heavenward. With difficulty the family flivver found a parking place among the thousands of automobiles and Pa stood awe-stricken as he watched the jostling crowds that were swarming into the big tents.

"Looks bigger'n Barnum and Bailey's circus," Pa mused as a thin lady prodded him with a sharp elbow.

Turnstiles were whirling like roulette wheels as the hundreds of eager revellers streamed through them. And Ma warned Pa and the family to stick together closely as they were swept into the fairyland of flowers and golden oranges. Everywhere were gorgeous pictures in oranges and other citrus fruits, and pretty baskets and beautiful lights. Somewhere, an orchestra was playing—and Ma paused to gaze upon the wondrous draperies that had transformed the ugly circus tent into a living painting reminiscent of Parrish.

Suspended from the big top was

(Continued on Page 5, Column 3)

The Lancer

by Harry Carr

YOUNG ladies—and old—from Iowa and other distant parts, were formally presented to King George yesterday.

I have no doubt that their hearts burned with a just grievance.

Their trains were duly dressmade according to the imperial edict; they wore the three plumes poked up from their bobbed heads—according to the best Navajo and Apache Indian fashion models.

But the show was spoiled. A royal levee can never be the same again after that fresh guy from Iowa rushed up the other day and said: "King, meet m' son."

HARMLESS MELODRAMA

From the bottom of my heart I believe in putting on all the "dog" possible in connection with governmental functions.

The most ardent king hater I ever met is Alla Nazimova, the actress. As a little girl she lived in a town in South Russia where the Czar had a summer palace.

"Now be honest," I said to her. "If you were back there wouldn't you miss seeing royalty ride by?"

"Well, it was an interesting show; that's a fact," she said.

AT THE WHITE HOUSE

Mobs need somebody to cheer for. It's a lucky government that can keep those cheers a harmless noise. The United States government regulates this enthusiasm with singularly skillful showmanship.

We give our President more actual power than any living king; but at stated intervals we let all the folks in to shake his hand.

AN UNHAPPY HERO

Field Marshal Lord French, who is dead in England, found great unhappiness in his great honors.

At the outbreak of the World War nobody knew how to wage modern warfare. In spite of all the years of preparation it was a new game—mad up almost over night; new weapons; new methods; a new strategy.

Lord French had the misfortune to be the goat for the mistakes. He also made the tragic error of trying to defend himself by blaming others.

GENIUS ANSWERS BACK

Gilbert K. Chesterton speaks of coming to America to lecture again.

I heard him in New York two or three years ago. It was his first lecture; he didn't know how and was making a rather sad botch of it. He was so miserable that his voice sank to a mere mutter.

"We can't hear you," yelled some one in the gallery.

"I congratulate you," replied Chesterton.

PLAN BIG FETE AT NEW CLUB TOMORROW

Several hundred horsemen from all parts of the Southland are expected to attend the barbecue and riding exhibition to be staged tomorrow at the new Hollywood Heights Polo and Hunt Club, located on Ventura Boulevard opposite the Hollywood Country Club.

Many prominent social and sporting world figures will be on hand and delegations from all the equestrian clubs in Southern California will attend. The barbecue will take place about 11:30 in the morning and the riding exhibition and polo game will be held in the afternoon. The public has been invited to witness the polo game and riding exhibition.

CHURCH ORGANIZERS QUIT

Two Who Formed Local Branch One of New Generation Scientists Withdraw Following Friction

Trouble in the recently organized local Branch One of the Christian Science Parent Church of the New Generation of Boston has occasioned the withdrawal of the two organizers of the branch together with four other charter members, it was learned last night. The branch, however, has found new leaders and is functioning, it was said.

Last November Mrs. Winifred L. Fisher, a reader and professional church soloist, and Mrs. Francese W. Clough, a Christian Science reader, withdrew from the Mother Church of Christ Scientist of Boston they said. They went to Chicago and studied under Mrs. Anne C. Bill, organizer of the Christian Science Parent Church of the New Generation. On their return here they organized Branch One, the first Los Angeles unit of Mrs. Bill's organization, in January.

Now they and Mrs. Zana Eshbaugh and her son Ted, Miss Iona McCain and Miss Kathryn Clough, Mrs. Clough's daughter, all charter members of Branch One, have withdrawn from the unit they created.

John V. Dittemore of Boston, once one of the leaders in the Mother Church who now is associated with Mrs. Bill in the new venture, is here in the interests of organization work for the new church. However, he has declined to meet with the organizer secessionists, according to persons on both sides of the controversy.

The secessionists from the Mother Church say they left it because it is producing, they assert, no new spiritual unfoldment. Why Mrs. Clough and Mrs. Fisher then left their branch of the new church is set out in a printed pamphlet they are circulating. In it they tell of a controversy with Mrs. Bill concerning what persons should be admitted into the new branch and which broadened to doctrinal dispute and finally Mrs. Bill forbade them to use their names in publications concerning her movement.

From the branch side of the

(Continued on Page 16, Column 3)

WILSHIRE CHURCH TO OPEN

Congregationalists to Conduct Morning Worship in Beautiful New Building

With an elaborate program of music by famous artists and addresses by noted speakers, the 550 members of the Wilshire Boulevard Congregational Church, founded three years ago by Dr. Frank Dyer, will conduct their first morning service tomorrow at the beautiful temple of worship, at Wilshire and Plymouth Boulevards, the first unit of which was recently completed at a cost of $250,000.

The doors will be open for the public at 10:30 a.m. The seating capacity of the new auditorium is 1400, but an overflow service will be conducted by Dr. Charles F. Aked, preaching colleague, at 11 a.m. at the Ambassador Hotel Theater.

The services of rejoicing will follow the observance of Holy Communion at the new church at 8 a.m., and the rally at 9:30 a.m., of the 300 members of the Sunday-school under the direction of John R. Lechner, superintendent. Public recognition of the splendid support of the architects, contractors and workers will be paid by Dr. Dyer in his initial address.

The public is also invited to the oratorio service in the new church at 3:30 p.m., when the program will be given by Arthur Middleton, famous bass of the Metropolitan Opera Company of New York. At the evening hour Dr. Aked will be the preacher at the service in the new building, and will preach on "The Religion of Beauty and the Beauty of Religion."

Dedication of the Hall of Youth will be conducted on the evening of the 28th inst., by the members of the League of Youth, who will present the play, "The Servant in the House." The church proper, which is to be formally dedicated on June 7, in addition to its value as a community social center, and its devotional significance, is a worthy contribution to the architectural structures of the Wilshire district. A combination of Italian, Gothic and American styles, the attempt has been to translate into modern building materials of steel and concrete a portion of the spirit of the forms created in stone by the temple builders of past centuries.

A magnificent tower, rising 140 feet above the busy thoroughfare, is one of the outstanding features of the new building. The tower will be crowned with an illuminated cross to attract the eyes of those who seek a place of worship, while from a splendid set of chimes will go forth the appeal to passers-by and to the inhabitants of that section to visit the house of God.

The spirit of romance has not been forgotten in the construction of the new church, and in the years to come the whispered responses to the minister's questions to brides and bridegrooms will be softly echoed from the walls of the marriage chapel.

CHURCHES TO "MARRY"

The "courtship" is ended, the legal papers signed, the new charter has been received and the old Olivet Congregational Church has promised to take the name of and join forces with the Plymouth Congregational Church. Tomorrow is announced as the "wedding day." Following the Sunday-schools at the two churches, the Olivet Church congregation, the members of which automatically become members of Plymouth Church, will march to the Plymouth Temple, at which the first service under the new dispensation will be conducted by Rev. W. H. Hopkins. The service in the evening will be at Olivet Church, and Mr. Hopkins will preach on "The Rebirth of the Home."

TO REMEMBER BUDDHA

The birthday of Guatama Buddha, "The Light of Asia," whose life and doctrines resemble those of "The Light of the World" more closely than those of any other spiritual leader of history, and whose followers are numbered by millions, will be celebrated at 2 p.m. on Pune 7 at the Buddhist Temple, 299 South Savannah street. The service will be in charge of Rev. J. Izumida and other priests of the temple, and among the speakers will be Dr. E. P. Ryland of the Mt. Hollywood Congregational Church; Manly P. Hall of the Church of the People, K. Wakasugi, Japanese Consul in Los Angeles; Swami Mira, Sydney Sprague, Dr. W. F. Haseldine and S. Fujii. Japanese folk dances will be given by Misses Takaku Yoshida and Mieko Inouye, and a musical program will be given by Miss Jona Haseldine, Mrs. Lillian Hartranft, Miss Julia Bransby and the Temple Sunday-school class.

CHRISTIAN SCIENCE

A lesson sermon on "Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced," will be read at 11 a.m. tomorrow at each of the eighteen Christian Science churches of Los Angeles. The service at 8 p.m. at First, Second, Third, Fifth, Sixth, Seventh, Ninth, Tenth and Thirteenth churches will be a repetition of the morning service. Wednesday evening meetings, which include testimonials of Christian Science healing, are conducted by all the churches.

TO REPEAT ORATION

Eugene McElmeel, high school student, 16 years of age, winner of the second prize in the National High School Oratorical Contest, will repeat his oration on "John Marshall and the Constitution" at the First Methodist Church tomorrow evening. Don Tyler, winner of the first prize last year, will introduce the speaker of the evening. In honor of young McElmeel the Boys' Glee Club of the Franklin High School will give a program of songs, and Dr. E. E. Helms will preach on "The Man Who Dares." Seats will be reserved for students of high schools and colleges, but the public is invited. At the morning hour Dr. Helms will preach on "Growth Under Pressure."

NOTED PREACHER HERE

Rev. P. W. Philpott, pastor of the Moody Church at Chicago, will be the preacher at the Church of the Open Door tomorrow. Mr. Philpott's subjects for morning, 3 p.m. and evening are, respectively, as follows: "A Bible Revival," "Lordship of Jesus" and "Christ and the Common Life."

MASONS TO CHANT

The Hollenbeck Masonic Chanters, thirty-six singers from the Hollenbeck Lodge, No. 319, F and A.M., under the direction of E. W. Matteon, will give a program at the Immanuel Presbyterian Church tomorrow evening. The public is invited. Following the entertainment Rev. G. G. Dowey will preach on "Wise Fools." At the morning hour Rev. John A. Leusinger will preach on "The Tears of Jesus."

TO SPEAK FOR KHJ

"The New Day" is the subject of an address to be given from The Times broadcasting station at 10 a.m. tomorrow by Miss Annette Foster, pastor of the First Emerson Church. Walter B. Roberts, choirmaster of the church, will give a musical program in connection with the address by Miss Foster.

FIRST PRESBYTERIAN

Dr. Graham C. Hunter of Fullerton will be the preacher tomorrow morning at the First Presbyterian Church, according to announcement made yesterday by Rev. Paul C. Elliott. The evening program will include an address on "Missions" by Mrs. Lena L. Fisher, professor of comparative religions at the University of Southern California, and the presentation by the young people of a pageant entitled, "A Wheelbarrow Full of Chinese Life."

DIVINE POWER CHURCH

"Misunderstood" is the subject of a sermon to be preached at the Morosco Theater tomorrow morning by Mrs. Leila S. Castberg, pastor of the Church of Divine Power. A song service will precede the sermon and violin numbers will be given by Maurice Stoloff. Sunday-school will be conducted at 9:45 a.m. at 833 South Spring street.

VETERANS INVITED

Veterans of all wars are invited to the service in their honor to be conducted at the Temple Baptist Church tomorrow morning when Dr. J. Whitcomb Brougher, the pastor, will preach on "Our Nation's Heroes and Heroines." The G.A.R. posts and auxiliaries will attend in a body and patriotic music will be given by a fife and drum corps, the church choir and soloists. The evening program will include an address on "The Name Forbidden," by P. L. Klingerman, and a sermon on "Nicknames," by Dr. Brougher.

FIRST BAPTIST

Dr. G. Campbell Morgan, noted Bible scholar of London, Eng., will be the preacher tomorrow morning and evening at the First Baptist Church. Dr. Morgan will also speak at 2:30 p.m., and 7:30 p.m. every day next week, excepting Saturday. Preparations for special musical programs have been made for the week-day services.

DR. EBY RETURNS

"The Flirt," a motion picture, will feature the service at the Wilshire Presbyterian Church tomorrow evening. Dr. J. A. Eby, who has returned from his visit in the East, will preach on "Is He Your Father or Your 'Old Man'?" The sermon subject for morning is "Self or Service, Which?" The Eby Men's Bible Class has changed its meeting place to 265 South Western avenue, at which location the meeting will be conducted at 9:45 a.m. Men of any and all religions, and of no religion, are invited.

ST. PAUL'S CATHEDRAL

"The Place and Value of Personal Religion" is the subject of a sermon to be preached by Dr. William MacCormack at St. Paul's Cathedral tomorrow morning. At the evening service the Daughters of the Empire will be honored guests and Dr. MacCormack will speak on "The Heart of the British Empire." A musical program by Dudley Warner Fitch and Adolph Bock will precede the sermon.

"PLAYING THE FOOL"

Dr. Theodore Kemp, pastor of the Hollywood Methodist Episcopal Church, South, announces for his sermon topics, tomorrow morning and evening, respectively, "Christian Enthusiasm" and "Playing the Fool." The services in the morning and evening will be featured by vocal selections by Stanley Sutton and Mrs. George Carpenter and harp solos by Miss L. Patland.

"THE MIND OF CHRIST"

In the absence of Dr. G. A. Briegleb, now attending the General Assembly at Columbus, O., the preacher at the Westlake Presbyterian Church tomorrow will be Dr. Weston T. Johnson, Pacific Coast secretary of the Board of Foreign Missions. Dr. Johnson will preach in the morning on "The Command of Christ and the Changing Missionary World" and in the evening on "A Study of the Mind of Christ."

"MIND AND BODY"

A psychological address on "Mind and Body," by Rev. E. Burdette Backus, will feature the service tomorrow morning at the First Unitarian Church. In his lecture, Mr. Backus will recite the conclusions of psychologists concerning the relation between the physical organism and the mental body. In celebration of the one-hundredth anniversary of the organization of the American Unitarian Association, Mr. Backus will preach in the evening on "From Authority to Freedom in Religion."

"PSYCHIC DANGERS"

In his sermon on "Spiritualism and Salvation by Psychology," to be preached at the Trinity Methodist Church tomorrow evening, Rev. Bob Shuler will discuss "The Dangers of Psychic Influence, Wrongfully Used," "Perils of Modern Hypnotic Manipulations" and "Communion With the Dead." The subject of the morning sermon is "The Price and Reward of Giving."

Why You Should Go To Chu

By Rev. G. Campbell Morgan—First Baptist Church

Dr. G. Campbell Morgan
First Baptist Church

"The will of God for man is that he should work. It is also that at the several interval he should cease his work, and worship. The work of the six days, being the outgoing out of a Divine purpose, is in itself practical worship of the highest description. The worship of the seventh day, in which he turns to the places of contemplation, meditation and adoration, is work in the highest realm. Each is the complement of the other. He who never works is unfitted for worship. He who never pauses to worship is equally incapable of work."

"The Church is a place in which human beings come together, that they may meet God in communion. Man demands God. He is never at rest or comforted until he finds Him. God is not confined to a Building. He may be found anywhere. But, in the hurly of life, it is good and necessary to have times and places consecrated to the business of remembering, realizing and renewing our relationship with God. To neglect such activity is to impoverish life, and at last to destroy it."

Go To Church Sunday

To the Glory of God ✚ *The Honor of His Son* ✚ *The Service of Humanity*

Opening the New Wilshire Boulevard Congregational Church

On Wilshire Boulevard at Plymouth (10 blocks west of Western) *Sunday, May 24th—11 A.M.—3:30 P.M.—7:30 P.M.*

Rev. Frank Dyer, D.D., Minister — Rev. Charles F. Aked, D.D., L.L.D., Preaching Colleague

Dr. Frank Dyer

RESOLUTIONS ADOPTED BY ADVISORY FINANCE COMMITTEE

These gentlemen met, inspected our building, examined carefully our finances, wrote and adopted the following resolution:

Resolved, that the undersigned, members and friends of the Wilshire Boulevard Congregational Church, hereby take this means of expressing their grateful appreciation of the loyal and wonderful service rendered by Dr. Frank Dyer and the officiary of the Church, including particularly the Building Committee, in providing the membership and the city with the splendid edifice now available for our use.

Money has been economically and wisely expended: provision for the future needs of the Church has been given ample consideration; and most noble and praise-worthy effort has been made manifest on every hand in the outstanding success achieved.

A House of Worship, consecrated to God, and to the Service of His Children, worthy of the great Congregational Denomination, has been erected.

All praise to those whose vision made it possible. All praise to those whose work has made it a reality.

THE CROSS SPEAKS

I am a Cross of Gold, rising skyward from a lofty Cathedral tower. Up here, between heaven and earth, the first warm caress of the morning sun is mine, and, at eventide, the last blood-red rays of a dying day are echoed in my gleam. Then comes the long, sweet, dewy night, when I commune with the stars and gaze afar into the Infinite Country.

Below me, crowds a mighty, throbbing city, bisected, hither and yon, by narrow, ribbon-like lanes, over which rolls an endless chain of traffic.

Glorious is the heritage over which I keep watch.

Higher than the mansion, higher than the business mart, higher than the school, higher even than the starry flag, I raise my head into the clear, pure air,—above all wealth, above all strife and earthly ambition, and it is good.

I am the image, the symbol of another cross, and to the eye that seeks the sky, I am a Cross of Wood on bleak Golgotha's hill.

I am His In Memoriam.

I am Love Divine, revealing through His Master Life, that Service is the Path to the Stars.

I am Faith that does not limit the horizon of Tomorrow by that of Today.

I am the Plus Sign of Being, for, through sacrificial crosses alone, does the Sum of Life grow greater.

In this restless, seeking age, I have been lifted up, and I would call all men to me

Come!
In my light, renew your strength for the Greater Task.
In the Christ-Haven at my feet, find the poise and calm of God.
I am the CROSS OF THE BOULEVARD!

Hildur Peterson.

Dr. Charles F. Aked

The Quartette—The Chancel Choir.

JOHN STEVEN McGROARTY'S TRIBUTE

A New Shrine for an Old Saint

In our mail sack, the other day, was a letter that set our heart to singing.

It was a letter from an old friend who is well beloved of us—Rev. Frank Dyer, pastor of the Wilshire Boulevard Church. Dr. Frank Dyer who sits in our far-flung synagogue regularly every Sabbath morning, and who is also a full-fledged member of the Congregation of the Faithful because he says his prayers every night and every morning.

Well sir, you would never believe how glad the letter made us to be. And this is what the letter said:

"We are building a church which represents Universal Christianity. It has, among other things, a Scroll of Honor around the bays of the ceiling containing the names of sixty men and women who have best served in the fields of religion, learning and service. Your beloved Fray Junipero is among them."

Now, wouldn't a letter like that put a song in any man's heart? And how it must rejoice the soul of Junipero Serra, wandering in his brown Franciscan robe on the winding trails of heaven, to know that he is remembered in a place that you might think he would not be remembered.

There may be someone here and there who will say that Father Serra will not feel just exactly at home in a Congregational church. But, why not? Did he not love his fellow man? And is not Frank Dyer's church a monument in Fray Junipero's beloved California?

And it is such a beautiful church, builded on a beautiful spot in the wonder city of the world. A stately church upon a sunny trail where the footsteps of Fray Serra wandered, sandaled, in the days of the long ago.

Oh, but this was a fine thing for Frank Dyer and his people to do. To make a new shrine for an old saint.

To make a memorial of a Catholic priest in a Congregational church.

Gosh, that's going some!

The Church And Its Builders Invite You

We, the undersigned firms who have designed, built and furnished this great edifice, take the keenest pleasure in inviting the citizns of Los Angeles to come and inspect and enjoy our handiwork. We have put into this building both heart and brain, and the workmen have shared our enthusiasm. We hope you will feel that the building is a credit to Los Angeles.

Allison and Allison, Architects.
Macdonald and Driver, General Contractors.
Farris Brothers and Hart, Stone Contractors.
Tierney and Lawford, Inc., Decorators.
Los Angeles Art Glass Co., Windows.
Alexander Schweitzer, Inc., Lighting Fixtures.
C. L. Passmore Co., Roofing.
J. R. Allen Co., Electrical Engineers.
Main Cornice Works, Sheet Metal.
John Dillenburg, Exterior Concrete Finish.
Ellis Reed Studios, Painters.
Lind-deHaven Co., Bonds and Insurance.
Barker Brothers, Furnishings.
Moller Organ Company, The Great Organ.

FIRST CONGREGATIONAL CHURCH

LOTS OF LATHER

The English soap syndicate is said to have netted nearly $30,000,000 last year. This was all clean money, at that.

CASE FOR THE JURY

An English jury has acquitted a man who killed another who spied upon his love-making. Possibly it was figured as a case of self-defense.

THE HOME FIRES

Most of the European governments are too busy with their various domestic crises to get excited over a World Court or disarmament conference.

HAS NO FRIENDS

A pessimist not only hates himself, but everybody else is sore at him. No wonder he doesn't get anything out of life. He is traveling on a flat tire.

SAFE AND SANE

Dr. Harry Emerson Fosdick said he would not accept the pastorate of any church unless the doors were opened to all Christians and the salary was less than $5000. He doesn't sound very dangerous.

FOR MEN ONLY

The head of one of the leading magazines for women says that men are not crazy about doing anything—they are simply crazy to find things out. What the women are crazy about she does not say, but it is not so hard to guess.

A DOG'S LIFE

One little town in Dakota where German police dogs are raised shipped out nearly $100,000 worth of pups last year and they went to virtually every State in the Union. Two or three of the farmers are making more money out of their dogs than they do from their crops. Going to the dogs is not half bad.

EASY TO CLEAN

The average home of today, with its polished floors, its rugs and its vacuum cleaner, is losing the terror that went with the old house-cleaning time. It is only the matter of a few minutes to shine up the home and it is not permitted to fall into a condition that calls for an organized cleaning campaign. That is why Maytime has lost its terrors to the head of the house.

MATRIMONIAL TRAINING

At Boston University there is a class in matrimonial engineering and forty girls are members. They are being trained in scientific domesticity. They are taught all the branches of housewifery, from preparing culinary surprises for husbands up to playing Mendelssohn music on the saxophone. It is planned to analyze and solve all the problems of married life in advance. That is why they call it matrimonial engineering. It ranges from the selection of engagement rings to the care of children during the teething period. A graduate diploma in that class ought to be as good as money in the bank.

FOR HUMANITY'S SAKE

They speak highly of the Rockefellers in Mexico. The Rockefeller Foundation has done more than any other agency in freeing the land of plague and disease and the government is glad to co-operate with it and share in the expense. Bubonic plague, yellow fever, smallpox and typhus have been virtually eliminated from the land and now the foundation is engaged in a vigorous campaign against the hookworm, which is quite disastrous in some sections of Mexico. For this year's work some $50,000 is supplied by the Rockefeller corporation. There is a five-year clean-up program. The government pays 20 per cent of the cost the first year, 40 the second and 60 the third. In the fifth year Mexico will cover the whole bill, but by that time the land should be reasonably free of all terrors. Surely the Rockefeller Foundation is doing glorious things for the world.

PERILS OF POLITICS

Of course, the California Assembly went through its customary stunt of adjourning without giving any serious attention to the reapportionment of legislative districts—as commanded by the State constitution. Los Angeles may have one-third of the population, but there is no way in which the city can obtain its just representation in the Assembly or Congress. This condition is not unique. In Illinois the Legislature has also regularly failed to provide the apportionment that is made obligatory. Chicago has more than half of the population of the State, but has barely one-quarter of the representation. In Michigan a twenty-year fight for reapportionment has just ended. The city of Detroit more than doubled its population between 1910 and 1920. The Legislature at Lansing has finally passed a bill which increases the representation of the big city by 40 per cent in the State Senate and 50 per cent in the House. This, of course, is not ample justice, but it shows that an apportionment is possible—after twenty years. Some future day we may get action in California.

FAIR PLAY

"Curing the ills of the world by statute does not work," according to Richard F. Grant, president of the National Chamber of Commerce. This assertion is but a concrete restatement of what thinking men have known and said for a generation, but it comes with the authority of the greatest commercial body in the world; and it is a far-flung challenge to those who still adhere to the exploded fallacy of government by commission and decree.

During two terms of Democratic administration with Socialistic tendency, aided and abetted by making use of extra war authority, a number of laws were enacted which have served chiefly to harass industry and to check the progressive development of the natural resources of the country.

Government interference in business is inseparable from political influences; and it has been marked in this country by scant profitable use and vast abuse. Government regulation, like some powerful drugs, is efficacious only when taken in broken doses. A temperate regulation under moderate laws is beneficial; but when administered by addicts of Socialism it becomes deadly to industry.

William E. Humphrey, member of the Federal Trade Committee, told the delegates to the annual session of the National Chamber of Commerce that a number of modifications to the rules had recently been made, with the approval of President Coolidge, for the purpose of rendering the administration of the commission's affairs less obnoxious to business.

"This commission," he said, "is not going to be used as a publicity bureau to spread Socialistic propaganda." Many who have not followed the trend of government by commission in recent years will be surprised that such a statement from so high a source was necessary. But it illustrates the harm that has already been done by giving excessive authority to government officials in the regulation of private business. The Socialists have made use of this authority to spread their propaganda for government ownership and operation of all means of production. The idea back of their propaganda is to force government operation by so harassing private industry that it will no longer be profitable.

While the Socialists are numerically but a negligible minority in this country, they make up in effrontery what they lack in numbers and in logical reasoning. By their unscrupulous activities, especially when they can act under the cloak of a government commission, whether State or national, they sometimes bring about a temporary business depression; and the greater the depression the higher their glee, for it is only when business is bad that they can get any considerable hearing from the working classes.

Idle men are always good prospects for the Socialistic propaganda; and it is for this reason that the Socialists are always working to bring about an artificial business depression.

But Socialistic principles are in their decadence, not alone in this country, but all over the world. They have been tried in many places and have invariably proved impractical. And the people of the United States are getting wise to the Socialist propaganda. The workers have learned that they receive the best wages when business is best; and that anything that harasses the employer tends to injure his business and to lessen the number of employees.

Government regulation of industry is necessary to prevent individual abuses by a few unscrupulous men with more money than conscience. But the great majority of business men are honest; and honesty in modern business is essential to success. Character is its greatest asset.

Government regulation that lends itself to unwarranted interference is pernicious. We suffered from it for eight years in California under the notorious domination of the "Forty Fat Commissions;" and some of the laws passed at that time as a bait for Socialist support are still on the statute books.

Now the pendulum is swinging in the other direction. President Coolidge knows well when regulation degenerates into persecution; and under his administration many of the abuses of the Democratic administration are being corrected. In a more limited field Gov. Richardson is performing a similar service in California.

A BLOW AT PORRIDGE

Science is trying to pull down the stout pillar upon which Scottish genius has rested so confidently for ages. Dr. Mellanby of the British Medical Research Council reports to that body that oatmeal is by no means the wonderful article of diet it has been so long reputed to be—that it is not productive of brain or brawn and that of all cereals he has tested it has "pre-eminently the worst influence on bone formation." This ruthless assault on the stronghold of a great and glorious nation—the land of "Scots wha hae wi Wallace bled"—has been published to the world by the British Stationery Office.

"Stands Scotland where she did?" Who doubts it? Other men of so-called learning have uttered heresies in disrespect of her wholesome oatmeal and she has survived them and gone her triumphant, porridge-eating way. There was the infamous Johnsonian jest about oats being in England the food of horses and in Scotland the food of men. To which a doughty Scotsman replied, "Yes, sir, and where will you find such horses and such men?" One fervently may wish that the land of good oat parritch may rise like a militant star above the wicked Mellanby attack upon its proudest institution. For, if Scotch oats did not make Burns and Carlyle great, then where shall we seek the source of greatness?

Nor are we to be disillusioned by that part of the malicious Mellanby report in which it is hinted that oatmeal is to be suspected of producing rickets and that the evil effects of this food may be averted only "by exposing the animal eating the cereal to some source of ultra-violet radiation." Science, which has sought to destroy our faith in the food value of good white, finely bolted flour, in refined sugar, in polished rice and even in the succulent rhubarb and would demolish our age-long tradition as to the potency of the onion, cooked or raw, cannot bring its malignant skepticism successfully to bear upon the dish so highly prized by the noble porridge-eating Scots or their stanch allies, the mush-consuming Americans. Rickets or no rickets, neither Scotsman nor Yankee can be led to the patronage of the violet-ray practitioner on such a superficial showing as this Mellanby report. The Scots grew to greatness on oatmeal and not in spite of it, as Dr. Mellanby would have us believe.

One can fancy the tumult created in the Caledonian oatfields, from which "old Scotia's grandeur springs," when the slow-to-anger but mighty-in-wrath Scots learned what had happened. Dr. Mellanby never will hear the last of it. And we mush-eaters on this side will join hands across the seas in support of our Scottish brethren, with the slogan, "Oatmeal forever!"

Rickets forsooth! Perish the thought and bring on the porridge.

FLIVVERS AND FLYERS

Henry was not satisfied to clutter up the earth with flivvers; he is now threatening to fill the sky with flyers. About the only unoccupied scenery in the universe left intact is in the heavens and now it is to be desecrated.

The empyrean will no longer be the home of quietude; it will be filled with rattles. The morning stars will no longer sing together; they will rattle together; for it will be difficult to differentiate the morning star from a flying flivver returning home after a night out.

There is one question which should be settled: will the Ford flyers have to turn around and back up to get over a cloud or rise to an unusual height in the zenith? Of course, if their engine gets to boiling they can tank up at one of the clouds.

All men can sing with the immortal Longfellow: "First a flivver, then a flyer, till the air is dark with Lizzies."

Just exactly what the traffic regulations may have to be along the Milky Way it may be well to ponder over. If that Way be as crowded as some of our highways, what will the other stars do? Will the man in the moon have to become a traffic officer. This will take him off duty for the lovers and may materially affect the efficiency of courtship.

How will Mt. Wilson be able to figure out planets from flivvers? It will be embarrassing to have the learned astronomer announce a new star in Orion, only to find out later it is a new model of Henry.

Also consider how a poet will feel who indites an ode to the evening star, only to find out a little later on it is a flying flivver mussing up the sunset. The sky will never be again what it once was.

There is just one bright spot in this new order of things: there is some hope that we may yet own a flying machine!

WILBUR AND NAVY REFORM

Secretary Wilbur has made a wise recommendation in urging that Navy deserters be given individual treatment in order to send them home as useful citizens after their liberation. His method of sounding the mind of the Navy deserters themselves to discover why they joined and why they deserted the Navy is particularly illuminating.

When boys become apprentices to a trade they are influenced by many ideas and motives. The same may be said about the selection of a profession. In trades and professions they may change their first and later choices, or at least they are given a period of probation to satisfy themselves and their masters as to their capacities for succeeding in the vocation selected. But when a boy "signs up" for the Army or Navy he is irrevocably committed to his choice for the term of his enlistment. He may not suit the Army or Navy and the service may not suit him. His future officers are no more consulted about the boy's desirability as a soldier or sailor than he is himself about the beneficial influence which the officer is likely to exert over himself.

Employers picking their employees do not take them on term contracts until they have proven their usefulness to the concern which has tried them out for a certain length of time. Employees may satisfy themselves likewise. But in the Army and the Navy enlisted men are just "recruited" and that settles their fate for the near future.

Without finding fault with the system which has, after all, reliability for its foundation (and the Army and the Navy would be unreliable were men free to come and go as they please) Secretary Wilbur's suggestion appears meritorious for the reason that in cases where lack of congeniality severs the sailor from the service through "French leave" it does not prove that the deserter could not be made into a decent citizen otherwise.

BREEDS CONTEMPT

Is it a proof of higher civilization that the young man of today gets less of a thrill from the sight of the gartered knee of the female of the species than his father got from a glimpse of a trim ankle on a windy day? Or is it that familiarity breeds contempt?

High and Dry

Just About It
by James J. Montague

REVENGE AT LAST

A European entomologist has discovered a worm which makes a regular syncopated sound.

I often have longed, as I harked to the band
While the dancers hopped 'round to their rhythm,
To yank the musicians right down from the stand
And break a few window panes with 'em.
But a longing like this is far better suppressed
If one hasn't the muscle to back it,
And I knew if my prowess were put to the test
I would get much the worst of the racket.

I often have thought, when a soloist roared
His fervent devotion to Mammy,
Or sang of the soot-colored dame he adored
In some village in old Alabamy,
That I would assault him before he was done
If my physical strength would permit me,
And that e'en though I did for the son of a gun
A jury would surely acquit me.

When I sit on a night at my radio set
And, passing from station to station,
I hapiy tune in to a throaty quartet
Indulging in hoarse syncopation,
I would mix with all four in a hideous fray
Could I do it by mental suggestion,
But fighting with folks who are ten miles away
Of course, is quite out of the question.

But lately I've learned that a scientist has
Through some up-to-date apparatus,
Discovered a worm which is partial to jazz
And is constantly singing it at us.
And if ever I meet with this species of worm
It will be my intensive endeavor
To walk upon him with a step strong and firm—
And quiet his music forever!

THE NICK OF TIME

I sometimes court the Lyric Muse
And live in the days when Greece held sway
And the Appian Way was a place to snooze
While the Roman sunshine held at bay
The conquests of Father Time.

I sometimes listen to Radio's voice
Or circle the clouds in a Magic Ship
And each fairyland trip makes my heart rejoice
That wherever I was I took the tip
And was born in the Nick of Time.

L. A. FRY.

LOVE AND FEAR

My soul is adrift in the blue depths of your eyes—
Deep, deep where the fierce-loving sun never burns with his kiss;
But my peace is imperfect, for sometimes I tremble to think
That an unkind storm may one day whirl me aloft
And dash me, all broken and bleeding, on some rocky shore.

JAMES M. WARNACK.

LETTERS TO The Times

Mexico Well Pleased

AGUACALIENTE DE BACA (Sinaloa, Mex.)

Editor of The Times:] I have read with great pleasure your valuable paper of April 24, "Oratory Test for Schools," and you have initiated an oratorical competition among the schools of Mexico, on the Constitution of Mexico, which you had in the United States.

You have done a great and good work for Mexico to instill into the rising generation in this country sentiments of patriotism and a practical knowledge of constitutional government.

The circle that formed the government of the "Great Benito Juarez," in the revolution for reform, and the forming of the Constitution of 1856-1857, had no superiors, and the students of today have their acts and speeches, in the history of that congress, to study and imitate. (A copy of that history is in the Los Angeles Public Library.) The Mexican students are intelligent and studious and will take great interest in this contest.

WILLIAM V. LANPHAR.

Henry Ford's Menu

LOS ANGELES, May 5.—[To the Editor of The Times:] Henry Ford says: "The fate of the world—the peace of the universe—rests on its breakfast table.

"The answer to this entire situation is food—the right kind of food.

"Rather, I mean, we are starving ourselves of the organic elements contained in the food which our bodies demand, because we do not recognize the functions of metabolism and the relative value of certain foods."

Henry Ford is old enough to know and ought to know that he does not live by the food he eats for his breakfast, lunch or dinner or the clothes that he wears; but from the organic elementary foods that are supplied and fed to the brain direct, which, in its turn, supplies, feeds and renews its own life—energy—and tells the stomach, through the nervous system, what food to take in. If he wants the real scientific remedy and is interested to go in for the true dietetics, let him apply direct to the Rockefeller Institute of Medical Research and Dr. Alexis Carrel, their brain specialist, will inform him that it is in the brain—the dynamo—where the real metabolism takes place, when it is fed, with its own food, direct, by a real brain dietitian.

Mr. Ford is letting his latest press agent kid him with the newest version of that old-as-the-world "bunk" and his flock of expert (?) dietitians, "some of the greatest world food authorities," are just using him for a soft meal ticket.

A Pershing Square Incident

LOS ANGELES, May 19.—[To the Editor of The Times:] On Sunday, while waiting for my wife, who was attending services at the Temple Baptist Church, I took a seat in Pershing Square. I was approached by a young man having a star emblazoned on the lapel of his vest. He approached me as follows: "Say, can you read English?" I replied in the affirmative. Then he continued, "Why don't you read the lettering back of you on the bench?" which lettering I found to be rather obscure, due to the elements. I replied that I had not noticed the lettering. He continued, "What are you doing here?" I remarked that I was awaiting the arrival of my wife. "Well, you have got to move on," which I did.

He was at this moment reinforced by another so-called plain-clothes man and they two attacked an old man opposite me. They handled the old gentleman roughly when he remonstrated with them. He was then searched for arms, both in hip and inside pockets. The old man was forced out of the park and threatened with arrest. This old gentleman claimed to be a veteran of the Civil War, the lapel of his coat was embellished with a Grand Army button.

If we were sitting on the wrong benches, should we not have received courteous treatment and been politely reminded that such seats were reserved for ladies and their attendants?

A few minutes later they attacked, in the same rough-neck manner, a young man who, too, was sitting alone. This young man, too, remonstrated at such insolence and was pushed out of the zone. This young man I interviewed and ascertained that he was a correspondent of the Buffalo Daily Express. He informed me that he had traveled over most of the world, including Germany, and that he had never met with such rough treatment by a police officer in any city. He further informed me for my own edification that his typewriter would be busy as soon as he reached his lodging preparing an article for his paper entitled "How the People Are Handled in the City Parks of Los Angeles by Ununiformed Officers of the Law."

Is this demonstration possibly a part of the much-promised city clean-up?

FLEMING DENIES RESPONSIBILITY

Refuses Comment on Mine Offer as Case Pends

Associates Rally to Support of His Integrity

Charge Characterized as New Trial Propaganda

Following the whole affair with the statement that it was the result of a coincidence, Judge Fleming of Superior Court yesterday declined to discuss for publication the charges made by Benjamin Brodsky of Venice, that an associate of Judge Fleming had sought to sell mining stock while a written ruling was pending before the judge on a lawsuit in which Brodsky was defendant.

Judge Fleming stated he could not discuss the matter, inasmuch as the case was to come before him on a motion for a new trial and it would not be deemed proper for him to discuss any of the issues until decision on this point had been given. The judge, however, briefly replied to Brodsky in two counter-affidavits in which he stated he did not know until he was so informed by his associate that the latter had approached Brodsky and sought to interest him in the mining property.

FRIENDS SUPPORT JUDGE

In the meantime, other members of the Superior Court bench rallied to the support of Judge Fleming. His associate jurists, in a unanimous voice, stated the judge's reputation for honesty and integrity in business dealings is not, and could not be, impugned, and friends of the judge expressed the opinion that the charges were made solely in an attempt to obtain a new trial of the lawsuit against Brodsky.

Brodsky's affidavit, setting forth his asserted grievance, was one of several filed by his attorney, William Neblett, associate of William McAdoo, in support of Brodsky's motion for a new trial. The plaintiff in the action was the Kinney Company, and in the judge's decision was granted a judgment of $23,634 against Brodsky, who also was found to have violated the terms of a trust agreement under which he was accused to have been advanced moneys by the Abbot Kinney Company to purchase property in Venice. Brodsky had filed a cross-complaint for $40,000 for money he asserted was due him from the Abbot Kinney Company.

In his affidavit, Brodsky stated his belief that he had not been given a fair and impartial trial. Two days before the written decision in the case was handed down, he said, C. R. Houser, an associate of Judge Fleming in a Nevada mining venture, called on him and presented a letter signed by Judge Fleming. The letter, a photostatic copy of which was attached to the affidavit, was addressed to no one in particular, began "Dear Sir," and one paragraph related, according to Brodsky, that "I would not send him to you unless I honestly felt there was a good chance for you to make $10 to 1 on this stock, probably more."

LETTER IS SHOWN

Brodsky said Houser told him Judge Fleming had sent Houser to see him, that he, Judge Fleming, had made a study of Brodsky, and considered him a good business man and one with whom he would like to be associated in the mining ventures.

Houser then suggested, according to Brodsky, that the latter invest $1000 in the mining stock. Brodsky stated he told Houser all the money was tied up in litigation, whereupon Houser informed Brodsky, the affidavit continued, that the papers had not yet been signed in the lawsuit and that in the meantime he could have a chance to make some money. Brodsky also stated Houser told him that if he would come in on the mining venture Judge Fleming and the latter's associates would let him in some oil deals later. Brodsky further declared Houser told him the checks for the stock would be made payable to Judge Fleming, who would then purchase the stock in Nevada.

"Judge Fleming and I do not go into the mining business," Brodsky stated Houser told him. "All we want to do is to promote the company and then sell the stock."

Brodsky asserted his attorney, after a subsequent interview, advised him not to go into the deal, and that Judge Fleming later told him the same. He said that Judge Fleming advised him if he could make a lot of money he could.

ADMITS GIVING LETTER

In his reply affidavit, Judge Fleming admitted giving the circular letter to Houser, but stated he did not know the latter had called on Brodsky, until several weeks after the asserted interview. He said he wrote the letter and gave Houser the names of several of his friends and acquaintances in the business world who he thought would be interested in the proposition.

After being advised that Houser had called on Brodsky, Judge Fleming said, he visited Brodsky and told the latter that under the circumstances he did not think it best for Brodsky to get in on the venture. If Brodsky wished to do so, the judge's affidavit continued, Judge Fleming wanted him to proceed only after the most careful and thorough investigation of the project.

At the time of his meeting with Brodsky, Judge Fleming said, Brodsky attempted to bring up the matter of the lawsuit. Judge Fleming told Brodsky, according to the affidavit, that the suit had been settled insofar as he was concerned and he did not wish to nor could he discuss it.

At that time Brodsky was asserted to have told the judge that he felt he had had a fair and impartial trial and that his attorneys thought likewise, and that he had no fault to find with the court's decision. Brodsky was declared to have told the judge that he wanted "the court's mind disabused of the idea that he was such a crook as has been indicated during the progress of the trial."

Immediately after the trial of the lawsuit was completed, Judge Fleming said, Brodsky's attorney arose in court and expressed the opinion that all litigants had been accorded a fair and impartial trial and stated he was glad the case had been tried before Judge Fleming.

In reply to the other charges in the affidavit, Judge Fleming admitted his wife had talked to the Kinneys during the trial of the lawsuit, but stated she knew nothing of the action before the court. His wife, he said, was an old friend of Mrs. Kinney and had not seen her for five years and the courtroom meeting was merely an incidental one where old friendships were renewed.

Judge Fleming's affidavit was supported by those of Houser, who declared that at the time he called on Brodsky he knew nothing of any lawsuit between him and the Kinney company; Mrs. Fleming, and L. C. Busby.

Attorney Neblett also filed a notice of appeal to the Supreme Court from Judge Fleming's decision in case a new trial is not granted. The matter probably will come before Judge Fleming next week for hearing.

PHOTOGRAPHS TO BE BROADCAST BY RADIO

EXPERIMENT TO BE GIVEN TEST AT SHOW TO BE HELD HERE

Broadcasting of a photograph or painting in colors by means of a new radio process, claimed so simple that within a few months the method may be in frequent usage, will be a feature of the forthcoming first annual amateurs' radio show, according to announcements yesterday by M. M. Young, local wireless expert, who will be in charge of the experiment.

According to his plans, Young will cause the picture to appear on the wall of one of the exposition's rooms at a considerable distance from the one in which his sending apparatus will be placed. The experiments will be made, it was said, during the show from June 1 to 7 in National Automotive Building, Santa Barbara and Figueroa streets.

Sam Bender, manager of the show, warned contestants they must have receiving sets entered not later than a week from today to compete for $1150 prize money. Only home-made sets my nonprofessional radio outfit makers will be considered, he said.

LAWYER GUILTY IN RENT FIGHT

Landlady Asserts She Was Kicked and Choked

Lawyer-Defendant Denies Story of Assault

Details of Amazonian Row Are Told Court

After a trial that lasted virtually all day in which details of an Amazonian battle were related, J. Morgan Marmaduke, well-known Los Angeles attorney, was found guilty by Police Judge Richardson yesterday on a charge of battery preferred by Mrs. Ruth Higgins, secretary for a local law firm. Mrs. Higgins charged that Marmaduke choked and scratched her and kicked her in the stomach in ejecting her from his home, which he rents from Mrs. Higgins in a dispute over rent.

Denying flatly that he had struck Mrs. Higgins, Marmaduke asserted that he tried to persuade her to refrain from talking loudly because his baby was critically ill in the house and that she engaged in a verbal and later a fistic combat with Mrs. Marmaduke. Mrs. Higgins was finally led from the house by her mother, Mrs. Marion Fisher and Mrs. Marmaduke, the attorney declared. Marmaduke's version of the affair was corroborated by his wife and Mr. and Mrs. Sidney Reynolds, the latter a nurse who was attending the sick baby.

DEMANDS RENT

Mrs. Higgins testified that she went to Marmaduke's home at 1732 El Cerrito Place with her mother, and demanded the rent. She carried with her a copy of a complaint she had sworn out against Marmaduke in Justice Court, seeking to collect the rent. She said the attorney refused to talk to her and ordered her and her mother from the house.

At the conclusion of a wordy battle, Mrs. Higgins declared, Marmaduke assaulted her and put her out of the house. During the altercation, she said, the attorney used "rough language" and called her a "rough cookie," which angered and humiliated her, she declared.

Marmaduke testified that he informed Mrs. Higgins of his baby's illness and also told her that inasmuch as she had taken the matter to court, he did not care to talk about it then.

Despite the request to leave or to be quiet in her conversation, he said, Mrs. Higgins continued in a loud tone of voice and pushed her way into the house. He said he took her by the arm and tried to lead her from the house, but she struck him in the face twice.

Just then, Marmaduke testified, his wife came on the scene and took part in the argument. Mrs. Marmaduke invited Mrs. Higgins to take off her glasses, he said, and promised to slap her if she did. When Mrs. Higgins failed to remove them, he declared, his wife did so and slapped her, whereupon Mrs. Higgins rushed at the attorney and stumbled on his foot.

Finally, Mrs. Higgins and her mother left the house. During the argument, Marmaduke said, Mrs. Higgins's mother begged her daughter to leave the house.

Judge Richardson ordered Marmaduke to appear for sentence today at 11 a.m.

BOY ORATOR TO ARRIVE TODAY

(Continued from First Page)

try, but think California best of all. Greatly appreciate messages from kind friends everywhere. Greetings to The Times."

The festivities prepared for the reception of the youthful orator upon his arrival home are only a part of the honors that will be bestowed upon him. He will be the guest of honor at six other functions to take place within the next few days after his homecoming.

He will be tendered a reception by the First Methodist Church tomorrow night, where he will tell of his contest experiences before an audience of 3000. On Tuesday he will deliver his oration before the Los Angeles Advertising Club at the Biltmore, and later in the week before the Ebell Club.

GUEST OF HONOR

He will be the guest of honor of the Better America Federation at the finals of the Intercollegiate Oratorical Contest at the Philharmonic Auditorium on June 5, and again at a banquet given at the Biltmore on the evening of June 6 in honor of the contestants who will appear at the intercollegiate finals. Robert Sessions of Birmingham, Ala., this year's winner of first place in the high school contest in Washington, also will be present at this function as will Don Tyler, national champion in 1924, and Arthur Syvertson, winner of first prize in the contest conducted in Southern California in 1923.

Young McElmeel will received his diploma from the high school department of Loyola College at the commencement exercises of that institution to be conducted at Trinity Auditorium on the evening of June 9. This event will be made the occasion for a formal reception given in his honor by his school. In addition to his high school diploma he will also be presented at that time with a gold medal by Loyola, offered for the highest attainment in oratory, and will likewise receive the certificate awarded winners in district eliminations in the high school oratorical contest.

MRS. CRYER REPORTED AS MUCH IMPROVED

The condition of Mrs. Isabel Cryer, wife of Mayor Cryer, who was operated on for appendicitis at the Westlake Hospital last Monday, was reported yesterday as much improved. Mayor Cryer said that Dr. Clarence Moore, who performed the operation, said that Mrs. Cryer was now rapidly recovering.

NEWSPAPER WOMAN HERE

Miss Annie Hopper of Louisville, Ky., literary and musical critic of the Louisville Courier-Journal, is a guest at the home of Mrs. J. J. Naive, 330 North Plymouth Boulevard.

DOG AMUCK AT REDONDO; 11 INJURED

Airedale Believed to Have Rabies is Finally Shot by Police Sergeant

Jaws snapping savagely as it ran down the busy section of the El Camino Real Boulevard in Redondo Beach shortly before noon yesterday, a small Airedale dog, its growls mingling with the screams of scurrying pedestrians, succeeded in seriously biting eleven persons before being killed by Sergt. Kirocase of the Redondo police force. The dog is believed to have been suffering from rabies. The head has been brought to Los Angeles by county authorities for examination.

The dog first appeared in the yard of the North school during recess. The yard was filled with playing children. The first warning given of the dog's approach was the screaming of the children at one end of the yard. Before it could be driven out three children had been torn by its teeth.

The dog then continued down the street to the C. A. Sweetzer market, biting Mr. Sweetzer and several customers in the market at that time. Four workmen repairing a gas main in the street near by, were also attacked and bitten. All victims of the dog's attack were treated at the Emergency Hospital and were advised to take the Pasteur treatment.

Sergt. Kirocase finally cornered the dog and killed it. Police were unable to find the owner of the animal.

This is the second dog to run amuck in this vicinity in the last two days. On Thursday three persons at Hawthorne were bitten by a dog later found to have rabies. They were Arthur Smith, 10 years of age, and his grandfather E. C. Echixon and Mrs. Mary Cowle.

GODFREY IS ACQUITTED IN HOLD-UP

Youth Convinces Jury He Was Forced to Assist in Pasadena Car Robbery

So impressed was a jury in Judge Reeve's court with the story of Mark Godfrey, 18 years of age, that he was forced by his brother-in-law at the point of a pistol to take part in the robbery of a Pacific Electric train, that it yesterday acquitted Godfrey of a charge of robbery. Godfrey's brother-in-law, James Hovermale, has been convicted in connection with the robbery and is serving a term in San Quentin.

A verdict of guilty of second-degree robery, however, was returned by the jury in the case of Russell Smith, accused jointly with Godfrey. Smith will be sentenced Monday.

The pair were accused of the hold-up of the crew and ten passengers of a Pasadena Short Line train near Valley Junction in 1923. Godfrey was 16 years of age at the time of the robbery, he said.

Branch Vocation Class Will Get Diplomas Today

A class of seventy-five will be graduated from the division of vocational education at the University of California, Southern Branch, tonight, at Millspaugh Hall, on the campus of the university. The exercises will start at 8 p.m. Dr. E. C. Moore, director of the school, will preside, and present the diplomas. The State Board of Education will be represented by Mrs. Carrie P. Bryant, chairman of the credentials committee, in charge of the Los Angeles office.

Nicholas Ricciardi, State Commissioner of Vocational Education, will make the address of the evening.

Graduates of the class of 1925, who are expected to become teachers in vocational schools and classes of California public schools, are as follows:

Course completed August, 1924: George Ahler, Benjamin F. Anderson, Drew C. Amo, Alexander J. Badger, Earl E. Bigzan, Harry R. Black, Augustus M. Bryn, Mrs. Nina G. Carson, Harrie D. Chapel, Anthony Cleere, Winifred Chinamon, Charles W. Crumley, Percy V. Dawson, Lawrence E. Derlin, Charles Eberling, Robert I. Evans, Mark C. Francy, Maicie L. French, Mollie Goetz, Mrs. Harper, Joseph W. Hawthorne, George Heald, Harry C. Huribut, Clyde N. Irwin, Aleah L. Keener, Raymond A. Keirle, James R. Kennedy, Lorgan C. Lindsey, Alexander C. MacDonald, Mrs. Rosetta P. Mackey, William L. Morehouse, Milfred J. Parker, Frank R. Ridge, Cleil M. Rogers, Theodore N. Rogers, Grace I. Russell, D. Ray Shaffer, Edgar B. Smith, Claude E. Sparks, Ira O. Woodard, Margaret F. Young, William L. Martin.

Course completed May, 1925: Arthur E. Bishop, Louis M. Bloch, Mrs. Beatrice Bower, Bernard G. Breen, W. Linton Crowell, Arthur W. Dahm, James L. Davis, George E. Des Rochers, Norman Duxbury, Henry B. Dyson, Walter B. Ford, George G. Greene, William T. Haglund, David M. Halliday, Mrs. Marie Heinecke, Pearl Henderson, Gordon J. Hunt, Hartley F. Huntley, Chalmer H. Jones, Mrs. Martin A. Martino, James E. Morgan, Bradbury S. O'Donnell, Earle T. Price, Willard H. Parrett, Mary Rowley, Edward A. Schneider, Willard L. Staples, Fred Taggart Travis, George B. Wall, Charles W. Wells, Virgil G. Wilkinson.

Clothing Given in Bundle Drive Fills 300 Bales

Three hundred bales of clothing—gifts for the children of the Near East—have been garnered through the schoolboys and girls of Los Angeles, who celebrated bundle day Thursday with a generous response to the appeal of the local Near East committee.

While this is but 75 per cent of the tonnage represented in clothing gifts last year, it is expected other donations contributed during the forthcoming week will bring Los Angeles up to its record of last year when 500 bales were shipped from the port at Los Angeles Harbor.

The bundle stations located at the different schools of the city will be maintained during the coming week for further contributions.

While no definite date has been announced for the departure of the bundle ship it is expected the U.S.S. Sirius, sailing the middle of June, will serve the Near East Relief.

ANAHEIM OPENS VALENCIA SHOW

(Continued from First Page)

a mighty canopy of purple hues. From the center poles dangled numerous curtains of old rose, lashed in graceful folds to the gilded center pillars. Around the rim of the scene, mountains of orange exhibits were fringed by an oval avenue studded with other gilded columns and gilded pedestals surmounted by great baskets of gladioli that sent a fragrant perfume out into the joyous night.

It was all a splendorous picture transplanted from the Renaissance period of France, with golden Fleur de Lis dangling from the purple canopy midst dreamy lights.

Ma awoke from her reverie and found herself alone. Pa and her family had been engulfed in the seething vortex of jubilant folks who milled around the exhibits.

"Has anybody seen Pa?" she asked of everyone.

Her quest for Pa and the kiddies took her first to the big horn of Beauty and Plenty, the Fullerton exhibit. She forgot Pa for a moment as she raveled at the beauty of the giant cornucopia with its thousands of gladioli blooms pouring from it, and at the thought of peace suggested by the white doves that hovered above it.

She passed on to other dreams of gilded beauty, to the terrace of oranges entered by the Pomona Chamber of Commerce. And she paused in her search to admire the marble form of "Pomona—Goddess of Fruit" enthroned upon the uppermost terrace.

PA NOT TO BE FOUND

Through the merry chattering throngs the thrust herself, to the mastodonic revolving golden globe from Brea, the sparkling city in the center of Orange county's oil industry. The golden globe represented an orange, an appropriate setting for a complete miniature oil derrick and engine house silhouetted against a canopy of blue sky and snow-tipped mountains.

Pa was not to be found at the regal entry of the Los Angeles Chamber of Commerce. She forgot him and the kiddies for the moment that her head became dizzy with the beauty of it—a massive gold diadem, crowning the entire scheme of loveliness, a huge golden crown with settings of picturesque panarama of Los Angeles' institutions of industry, education, recreation and commerce flashing on and off in floods of soft lights.

The crown of gold was near the dais upon which the orchestra was playing, and Ma squirmed through the crowds toward it, shrugging her pretty shoulders to a jazz-time tune, Ellen was found. Ellen was the one in the family who was old enough to dance jazz-time and young enough to enjoy it. The music had lured her to that feature which interested her most, and there Ma found her.

Ma and Ellen plodded onward in quest of the other lost ones.

They found beauty in the majestic St. Mark's Campanile of Orange county—an architectural triumph builded of oranges. It was an exact replica of St. Mark's of Venice, set upon a field of purple dotted with oranges and surrounded by a canal studded with tiny gondolas. They were told it won the first prize at the San Bernardino Orange Show and was not eligible to a prize. But Pa and Jane and Sonny and Toots must be found and they continued the search.

TOOTS IS FOUND

They sought them at pyramid of oranges from the Santa Ana Chamber of Commerce, a pyramid surmounted by a miniature skyscraper planted amidst the various industries of which Santa Ana is proud. They visited the realistic topographical panorama of Orange County Harbor, a life-like vista of hills and mountains and twinkling cities resting upon a terrace of citrus fruits. They searched the purple pagoda, with its brightly tinted lanterns, of the Pasadena Chamber of Commerce and the exhibit of avocados of the Avocado Association of Los Angeles.

And, lastly, they entered the pretty little garden of gladioli of the California Gladiolus Society, and, weaving about the winding paths—they found Toots, the baby, squatting upon the grass and picking flowers.

The main tent had been searched thoroughly, then Ma and Ellen and Toots passed into the industrial department. Here they found scores of exhibits of household appliances, washing machines and such, and Ma thought how nice it would be if Pa would buy her a few and ease her household burdens. Up one aisle and down the other, through the maze of electrical wonders and shuffling through the thick sawdust trails. Then, at last, at the last booth—Jane was found and dragged back into the family fold.

"Jane, you see, hasn't been married very long and she was picking out some of those contraptions that will do her work while she goes to a movie.

From the industrial tent, the family passed out into the night and into the pleasure zone with its ferris wheel and its merry-go-round, its snake charmers and sideshows and barbyhoos and pink lemonade. They took them all in in quest of Pa and Sonny and then they heard a voice from heaven. They looked upward, and high on the upper rim of the ferris wheel was Sonny, shouting himself hoarse with glee.

AND SO IS PA

Ma strung her family together and led them onward in quest of Pa, the last runaway to be retrieved. They passed from the pleasure zone into the Automotive Department, a third great tent housing Orange county's biggest automobile show. How different they were from the family flivver. Ma searched in vain. She was all tuckered out and wanted to go home. The band was putting the instruments back in the cases. The crowds were thinning and some of the lights were going out.

"Hey, ma!"

And over in a corner stood Pa, pulling his check book out of his pocket.

"Just bought a new car, Ma," chirped Pa. "The family flivver gets a pension now."

Ma and Pa and Ellen and Jane and Sonny and Toots staggered out of the big show toward the family flivver. Pa said he was coming back again, because it was going to keep open until June 1, but Ma said she thought she'd stay home because she didn't think she could go through such another ordeal. She did say, though, she had a wonderful time.

And the funniest thing of all was—that when Pa climbed into the family flivver he had his pockets crammed with oranges and he was munching one of those deprecated things which he had always hated because they squirted in his face.

Store Open All Day Saturday

Coulter Dry Goods Co
FOUNDED — 1878
Seventh Street at Olive

To Fashion-Loving Dancers

OF course you love Georgette dresses; every fashion-wise girl has a flowery frock coloring her vacation dream. But did you know that the most distinguished of them all that will a-dancing go are wearing sleeves long and flowing? The sleeve is a vogue, we cannot deny. So go sleeved when you trip the light fantastic, and buy the gown at Coulter's.

$49.50 to $75
(Third Floor—Coulter's)

That Your Loveliness May Be Preserved

$5.95 slips $4.50

Imported Voile Dresses—for children's graduation wear; trimmed with lace, tucks and ruffles, for girls of 8 to 14 years; only $6.95.

Third Floor—Coulter's

SURETY MEN WIN STAY IN AUSTIN CASE

Two More Weeks Granted to Bond Agents to Effect Capture of Bail Jumper

Two more weeks were granted Bertelson & Groves, agents for a New York bonding company, in which to capture J. D. (Jack) Austin, bail-jumper and accused perjurer, yesterday when their representative revealed to United States Commissioner Turney that their organization was conducting an intensive hunt for him throughout California, had enlisted the help of the W. J. Burns Detective Agency, and had circularized the Orient, South and Central America, the United States, England, Canada, France and Spain.

Austin, convicted of misuse of the mails and liable for immediate committment to Leavenworth prison to serve a sentence of four years, two weeks ago failed to appear before Commissioner Turney on examination in answer to a charge of perjury asserted to have been committed during his trial on the mail fraud. There are $23,500 in surety and property bonds posted with Federal and State officials, and these are in balance. A reward of $250 for his arrest has been offered by the surety company.

San Francisco police reported that Austin narrowly escaped arrest twice early this week, once in the Hammon Baths in San Francisco, and once in Sacramento.

STREET NAME FIXED

The City Council has adopted an ordinance establishing the name of Tujunga avenue from Strathern street to Ventura Boulevard.

AUTOISTS FAIL TO HEED SIGNAL

(Continued from First Page)

at the school stops and traffic signals none.

UPHELD HAND IGNORED

So behold me step cheerfully off the curb and duly raise my hand. Never a motorist glanced my way. Sternly they gazed ahead nor condescended to mark my existence.

So bimeby I waggled my hand. Maybe a waggle would help. It did a trifle, especially when I also stepped a few feet farther out into the road. A motorist saw me that time, all right, and performed a wonderful sweep out and round me and something was wafted on the air that sounded very naughty, indeed. I caught myself meekly apologizing to the air. But that got me about fifteen feet off the curb anyway.

Things felt a bit hectic then but I held my arm aloft and waggled ardently. Courteous motorists carefully avoided knocking me down, did some wonderful stunts skimming around me but not a one stopped.

I arrived right in the middle—nice broad thoroughfare, Sunset. I waved and waggled in vain. So, taking it in jumps and runs, I did finally reach the other side. Then a stern motorist stopped beside the curb and seemed to be wishing to converse with me.

"Hi, you!" said the gentleman, informatively. "There is a school stop two blocks up, why don't you go up there—balling up the traffic and trying to get yourself killed?"

"But — but, pedestrian's rights," I murmured, miserably. "I held up my hand."

"How's that? I don't get you," remarked this protector and went off muttering something about "fool women."

SON HALTS TRAFFIC

I recited this painful episode at home and my small son offered to come to my rescue.

"Yey stops for me, mainma," he boasted proudly. "You come down wiv me to school. I'll show you."

This young man is 5 years of age. He spoke with sumptuous confidence. I had to know. And sure enough that mighty atom stepped off the curb at a corner that wasn't a school stop, either, raised his young arm imperially and five machines came to an instant stop, while the young man crossed with calm assurance in the utmost safety.

So you see, it's like prohibition—the next generation will reap the benefits. We old ones have been cowed too long. We have no prestige. We hold the wrong thought. We don't expect the dashed machines to stop for us and they jolly well don't. But our youngsters, strong in the experience of school stops, know, actually know, that motorists can be reasonable and descend on occasion and bless if it doesn't work—for them.

RETIRING COUNCILMEN WILL BE HONOR GUESTS

To honor Councilmen Walter Mallard and Fred C. Wheeler, who are retiring after each has served several terms in the City Council, James R. Martin will be host at a luncheon to be given next Wednesday noon at the Biltmore Hotel. The Councilmen's colleagues and other city officials will be present.

Celery Ripe Olives
American Sponge Cake
Iced Tea

What to order, from where to order? Why be perplexed about the grocery order, dear madam? Here is a wee bit of advice indicating the easiest and the simplest and the best way to supply the family larder. Telephone the May Company—Broadway 3540—ask for the grocery department, read off a list of the things you need, and you won't be bewildered any longer. Ask to have a catalogue of the goods they sell, and forever after you will have a service beyond compare. If you want a thrill of delight visit the May Company's Grocery Department at your first opportunity! Make it your personal and family duty to go. You will be interested, nay, charmed with the splendid exhibit of groceries and delicacies of every description gathered for your appreciation and delectation from the corners of the earth. In the display marshaled before you are pungent curried chicken and jams from Crosse & Blackwell, London; piquant hams from Westphalia; tasty teas from India, Ceylon and China; Pohn jam from Honolulu. And, oh, so many, many things that you can find itemized in the catalogue, and which are shown on shelves and counters. Kept radiantly clean, amid surroundings fit only for her majesty, Madam Los Angeles. Telephone an order **today**—the earlier the better.

A dear old gourmet told me that boned sardines rubbed to a paste with lemon juice and paprika and spread between slices of bread spread with creamed butter make delicious sandwiches.

Line after line, yes, regiments of ants will literally devastate your home soon unless you have "Calpro" protect you against these vexatious pests. The Calpro system will permanently rid the house and grounds of every single ant. For further information phone Calpro Ant Co., 1842 W. Washington st. BEacon 1360.

I simply must tell you all how to make an appetizing fruit salad I tasted recently. Take one cupful of diced pineapple, three peeled and diced oranges, three peeled and diced bananas, two cupfuls of finely sliced celery; cream salad dressing. It's real ambrosia—plus.

Your skin, madam, roughened by ill treatment or the wrong kind of soap will respond quickly to Mission Bell kindness. Perhaps no one knows better than the chemists of the Los Angeles Soap Company what is the right kind of soap needed for use in our city's water, and other cities' water out West. They have experimented for years and at last have perfected a toilet soap, named it, Mission Bell Soap, placed it on the market, and now all of our best people are using it in preference to eastern and imported soaps of the highest quality. Get a box of Mission Bell Soap and you are going to be delighted. It is a luxurious bath soap.

All ye good housewives, take heed! Want an easy job when washing dishes or clothes or paint? Then add two or three spoonfuls of Bobrick's Genuine Cloudy Ammonia to the water, and the deed is accomplished, oh, so easily. At druggists and grocers, or phone VAndike 6412, Bobrick's ammonia sure ends a lot of trouble.

Drinking Arrowhead Springs Mountain Water freely is becoming more of a necessity than ever. Your body needs the purest of water, free from germs to keep it in a healthy condition. And purity is assured by the company supplying our residents with this fresh mountain springs water. Two glasses on arising each morning and several between meals will help you to avoid numerous summer ailments. As a table beverage it cannot be bettered. Caught up in the lovely Arrowhead country—bright and clear and sparkling—it is brought to the city in large glass-lined tanks—put in five-gallon demijohns—delivered fresh at your home for 50 cents. So cheap, you can't afford to do without it. Telephone HUmbolt 6300 for trial order. You won't regret it.

If you are in the habit of using a great number of candles for lighting purposes, try this method of lengthening the usage of them: Hold the candle by the wick and give it a good coating of white varnish. Put the candles away for a few days to harden. This process prevents the grease from running down and so lengthens the life of the candle.

In the past, mi'ord did all the investing of the family funds. But, "Nous avons changez tout cela"—or it's different now; milady lays out the cash. And there is no better investment than that which is put into home industry. Do you know, dear ladies, that Kahn-Beck Company, 602 Aliso street, Los Angeles, manufacturers of those famous Arizona Chocolates, assorted crackers, small cakes and candy, are offering shares in their company to earn 8 per cent, just twice as much as the best savings banks offer? Really, one ought to find out more about this offer. Why not write the company for further information? Do it now before you forget!

May I tell you of six rules for making better coffee: Make a note of them: (1) Keep your coffee fresh; (2) measure carefully; (3) use grounds only once; (4) don't boil your coffee; (5) serve at once; (6) scour coffee pot each time used, and presto, mes amis, you'll thank me heartily for the advice.

Have you any soiled furniture or threadbare upholstery? Then do get Simank Bros., 725-727 W. Ninth st., to repair and reupholster it. Simank Bros.' reputation for best quality work is unexcelled. They have years of experience behind their work and do all they claim. They have exclusive and pleasing materials for your inspection; fabrics that you cannot find in the largest emporiums, because here they have been personally chosen by these master craftsmen, who can make your old furniture good as new.

This my friends is a tomato sauce par excellence: Three slices bacon cut into small pieces; one slice, onion, chopped; two tablespoonfuls flour, one and one-half cupfuls of strained tomatoes, one tablespoonful of chopped green peppers, one-half teaspoonful salt, few gratings of nutmeg, cayenne. Put bacon into saucepan, add onion and brown slightly. Add flour, tomatoes, which have been heated, and stir until thick and smooth. Add seasoning, and you have a relish beyond all criticism.

The big idea about Lily Brand Brick Ice Cream is that, although it is delicious and nourishing, it matters not how much you eat of it there are no bad after effects. Lily Brand Brick Ice Cream is good for each and every member of the family, from great-grandmother to the baby. As a dessert it is much better than heavy puddings and pies, and you know every spoonful is rich in vitamins. Ask your near-by dealer for the new flavors this week. Made by the L. A. Creamery is a surety of its wholesomeness. For health and strength and because it's dainty, eat Lily Brand Brick Ice Cream!

The number of good house-wives who responded to Schleuter's offer of a free demonstration of the wonderfully efficient Maytag Washing Machine, far exceeded their highest expectations. The offer still holds good. Drop in at the store, 745 South Figueroa street, and have a salesman demonstrate the remarkable good points of the Maytag to your own satisfaction. When you own a Maytag, wash-day troubles are ended. The Maytag Washing Machine is the crest—the pinnacle—the height of achievement in labor-saving machines. The wash is done so easily and withal so quickly that at least three-fourths of the time—and all of the drudging work—is eliminated, and then, beyond this relief is the ease with which the Maytag can be kept spick and span for an indefinite period of time. The tub will not warp, nor rust, nor corrode. Dirt cannot collect because it is built with round corners. But really, if you want to learn about all the good qualities of this excellent washer you should see it in action. Oh, yes, one word more, you can purchase it from Schleuter's on very easy terms. Telephone TRinity 4801 for your own sake.

I wonder if you know it is a fallacy that mayonnaise cannot be redeemed when it curdles? If mayonnaise does curdle the easiest way to utilize the materials already mixed is to begin again at the beginning with a fresh egg yolk. Add the first three installments of oil, beating it well into the yolk, according to the directions above. To this emulsion add the curdled dressing, a little at a time, beating well after each addition.

The purest of the pure—Virgin Olive Oil. Perhaps, mind you, perhaps, there is another brand that almost compares with Virgin Olive Oil, but there is none just as pure. Wherever you find the best of fruit or vegetable salads there you will find this exquisite oil. Imported from abroad by Castruccio Bros., it is for sale at the better grocers. Besides its fine quality for table use, it is a splendid oil for medicinal purposes.

Let me initiate you into the mystery of a zippy home-made beverage named Hong Kong cup. Take two cupfuls of cold tea, four cupfuls of mountain springs water, juice of two lemons, four tablespoonfuls chopped preserved ginger, two tablespoonfuls of ginger syrup, one-half cupful of sugar and one cupful of chopped cherries; pour into cold bottle.

As a tablecloth for kitchen ta-ble, or breakfast nook table, or for wall covering, there is nothing quite so good as "Sanitas." It is so clean and may be kept so spotless with slight effort. Then there are some nobby luncheon sets in Sanitas. They are adorable. The oil colors and stenciled designs are most unordinary. Call John Lucas & Co., 950 South Main street, and they'll tell you more about the good qualities of "Sanitas." Of course, one might mention the beneficial effects one reaps from a hygienic standpoint by using "Sanitas." It must be seen, however, to be thoroughly appreciated.

Those seeds and shrubs you want, get them from Winsell-Gibbs, 211 S. Main st. A choice variety all this week at half price.

To keep cheese moist and to prevent it from drying out, simply wring out a cloth in vinegar and wrap around the cheese.

Epicures — bon vivants — the Latin Quarter atmosphere—surpassing food—cuisine superb—all of these are found, good sir, fair madam, at Mora's Grill, 107 W. Market street, near the Postoffice. Service second to none, indeed, one receives the attention accorded patrons at Europe's noted caravansaries.

Diet and Health

By Lulu Hunt Peters, M.D.

ANSWERS TO CORRESPONDENTS

ROUGH SKINS

Miss R.: The best thing that I know for ordinary rough skin on the arms and legs is scrubbing with a scrubbing brush, soap and hot water, and then applying a glycerine solution. Do this daily.

The glycerine must be thoroughly diluted to be soothing, however, for glycerine is hygroscopic—that is, it will abstract moisture—and if this property is not satisfied it abstracts the water from the skin and so acts as a drying agent, just the reverse of soothing. At least four times as much water or other diluant such as rose water, should be used with it. Or you can drop a few drops of the undiluted glycerine into the palm of the hand and rub it over the rough parts while they are still wet.

FRESH FIGS AND DOWNFALLS

Miss R.: There is no difference in the fattening quality of fruit, dried or fresh, considered item for item, but there is a difference if considered weight for weight.

For instance, one fresh fig would have the same caloric value as one dried fig of the same size originally. But one ounce of dried figs would have more caloric value than one ounce of fresh figs, for in the ounce of fresh figs there would be considerably more water, which doesn't count in calories. Measured by the ounce, dried fruits come approximately 100 calories to the ounce, and fresh fruits from fifteen to twenty-five calories per ounce.

The California thoroughly ripe fresh figs—Umm! I trace my summer downfall to them. They are powerful gaining foods.

Mrs. W.: Send for the article on care of the scalp and hair.

OVERWEIGHT AND TROUBLE SOME FEET

"Dear Doctor: I am 45 years of age, weigh 235 pounds and am 5 feet 8 inches tall. I am troubled with pain in my heels so that I can hardly walk. The skin is in perfect condition and does not hurt. I know I am overweight, but I have been this way for about ten years and have never had any trouble before.

"C. H."

Did you ever hear the story of the man who complained to the innkeeper (in the unsanitary days) that his roller towel was dirty, and the innkeeper responded: "Fifty men have used that towel and you are the first to complain."

There is always some point from which the troubles from overweight begin to manifest themselves, and perhaps you have reached that point, Mr. H. I suggest you reduce your weight (the reducing booklet was sent if you followed the directions) and that you also have a very thorough physical examination.

Sometimes pains in the feet are caused by systemic nerve disturbances. Often they are caused by falling of the arches and the legs being strained. You are about eighty pounds overweight. 'Bout time your arches or somethin' fell. Your physician will tell you whether you need to see an orthopedic physician, and if you do he will advise exercises and other measures necessary. Here are a few you can practice. (It takes some weeks before you will see results.)

Walk for five or ten minutes a day, toeing in, and part of the time practice toeing in and walking on the outer edge of the foot; rising on the toes for five minutes at a time, three times a day; twisting the foot in and out; picking up marbles and pencils with the toes, etc.

Those of you who missed our reducing and gaining instructions may have them by sending a fully self-addressed, stamped envelope and 10 cents in stamps.

My Dear Followers: When sending for material which we offer you, please remember to inclose a stamped, self-addressed envelope bearing your full name and address. The pamphlet on reducing and gaining is the only one for which you must inclose 10 cents in stamps extra. Address your letters to me in care of this paper. Make them as brief as possible, and over 200 words, and type or write them legibly with ink. Please sign your name as evidence of good faith—we will not use it in any way. Remember it is impossible for me to diagnose for you or to answer you personally. I appreciate very much the beautiful letters you send me and regret that it is impossible to give you individual advice. The questions you ask will be answered in the column as soon as possible, if they are of general interest. Don't forget the stamped, self-addressed envelope if you expect me to send you the information I have offered.

RICE WAFFLES

Sift one and three-quarter cupfuls of sifted flour with two tablespoonfuls of sugar, one-quarter of a teaspoonful of salt and four teaspoonfuls of baking powder. Thoroughly mix into these three-quarters of a cupful of cold-cooked rice; add one and a half cupfuls of milk, beat well, add the beaten yolk of one egg and a tablespoonful of melted butter; beat two minutes and fold in the stiffly beaten white of the egg. Bake in a hot well-greased waffle iron.

BOILED CHICKEN

Clean and truss a five or six-pound fowl, rub all over with half a lemon, place in a deep saucepan, cover with boiling water, bring to a boil, skim well, add one onion stuck with two whole cloves, six white peppercorns, one sliced carrot, one bay leaf, and two branches of parsley; reduce the heat and simmer until the chicken is tender. Strain off the stock, place the chicken on a serving platter and pour over oyster sauce.

OYSTER SAUCE

Wash two cups of California oysters, place in a saucepan, add half a cupful of water and bring to a boil; remove from the fire. Melt three tablespoonfuls of butter in a saucepan, add three tablespoonfuls of flour, work smooth, do not brown, beat in two cupfuls of milk and heat and cook ten minutes, add a seasoning of salt, pepper and celery salt, the cooked oysters and one teaspoonful of chopped parsley; heat up and use.

FLEUR D'ORAU SUNDAE

Peel and chop fine three oranges, remove all white skin and seeds, add one cupful of sugar and stir until the sugar is dissolved. Place a serving of vanilla ice cream in sundae cup, pour over four tablespoonfuls of the orange mixture, top with a spoonful of whipped cream, add a dash of orange flower water and place a candied violet on the whipped cream.

PALACE GRILL SALAD

Peel and cut in narrow match sized pieces four cupfuls of crisp white celery, place in a bowl and mix with two cupfuls of drained canned shredded pineapple, two chopped sweet peppers, green, and two chopped pimientos; mix well, add one cupful of mayonnaise mixed with one cupful of whipped cream and serve on hearts of lettuce.

FRENCH PANCAKE

Beat the yolks of two eggs until light and beat into them two cupfuls of milk, two tablespoonfuls of sugar, and one cupful of sifted flour sifted with one teaspoonful of salt; beat two minutes, add the stiffly beaten whites of four eggs and one tablespoonful of olive oil. Heat small frying pans, rub with olive oil, pour in enough of the mixture to cover the bottom, brown on the bottom, turn and brown on the other side; slide out onto a board covered with sifted powdered sugar, spread with soft jelly and roll up and serve.

Port Chamber Approves Two Bond Projects

The San Pedro Chamber of Commerce last night indorsed two bond issues on the ballot June 2, Propositions No. 4 and 5, sponsored by the Los Angeles Traffic Commission.

Proposition No. 4 is the $500,000 bridge bond issue to pay the city's share of the construction of three bridges located at Glendale and Hyperion avenues, Fletcher Drive and Mulholland High Way.

Proposition No. 5 is the $350,000 school tunnel bond issue to provide funds for the construction of forty school tunnels.

INFANTRY BAND WILL GIVE CONCERT SUNDAY

A band concert by the One Hundred and Sixtieth Infantry band, Los Angeles' own, will be given at 2 o'clock tomorrow afternoon in Exposition Park. The program will be featured by a vocal solo by Floryane Thompson, the well-known radio singer. Nunzio Lo Forti, bandmaster, will direct the band. The program follows:

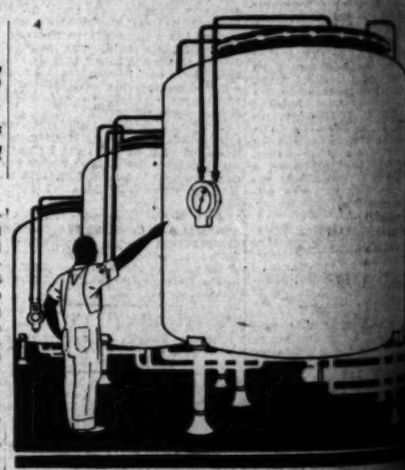
March, Golden West Commanderv	Frankenstein
Waltz, L'Estudiantina	Waldteufel
Overture, La Gazza Ladra	Rossini
Serenade, Ralut d'Amour	Alger
Opera selection, Madame Butterfly	Puccini
March, War Wagon	MacLennan
Opera selection, Dance of the Hours, from "La Gioconda"	Ponchielli
Vocal solo, selected, sung by Floryane Thompson	
Opera selection, Intermezzo, from "Cavalleria Rusticana"	Mascagni
Opera selection, Bohemian Girl	Balfe
"Star Spangled Banner"	

HOSPITAL FETE ON TODAY

A May fete for the benefit of the Children's Hospital will be given by students of Miss Fulmer's School today at the lawn of the school at 1550 West Adams street. Dancing and other entertainment will be offered. The program will last from 1:30 p.m. to 6 p.m.

INDICTS TWO FOR POSING AS OFFICERS

Grand Jury Continues Investigation Into Oil Company's Books



Lonnie D. Kirby, a former immigration officer at this port, and Carl W. Anderson were charged with impersonating Federal officers in an indictment returned yesterday by the United States grand jury. Kirby was discharged from the service about a month ago. It is asserted he and Anderson went to a camp of Mexican laborers at Abbey Hill, near Elsinore, accused the Mexicans of not paying their head tax, and collected $45, besides going off with several passports. Both men are in jail.

Other indictments found by the grand jury accused John W. Long, a veteran at the Soldiers' Home at Sawtelle, of forging a company's pay check. Clyde W. Bennett, alias Jack Silver, was accused of a similar offense. Silvio Amidei, Marino Deligheri, Melonione Bartolotti and Arturo Mutei were charged with violation of the immigration law in entering the country without passports.

The grand jury spent most of the day continuing its investigation of the books of the Invader Oil Corporation, the Invader Oil and Refining Company, and eight subsidiaries, all of Muskogee, and of the Owen Wood Pool No. 3 at Fort Worth. The total transactions of these companies amounted to $20,000,000, and there are about 5000 books in possession of the grand jury. The inquiry was begun last week and will continue next week.

With an eagle eye, *experts* watch the tiny [illegible] on the big tanks in which Burr Milk is scientifically Pasteurized to protect its quality.

At the proper instant, indicated by the guage, the process is shut off and the milk passes to the next link in the chain between the dairies and your table.

Constant vigilance is exercised every step. That's why Burr Milk is best.

"the Bear says"

Plaintiff Fails to Appear in Affection Suit

Failure of any of the principals to appear in court for the trial of Mrs. Mary J. Cornelius's $50,000 alienation of affections suit against Mrs. Carrie Harrington caused Judge Walton J. Wood of the Superior Court to order the case off calendar.

Mrs. Cornelius had charged in her suit that Mrs. Harrington had stolen the affections of C. E. Cornelius, but it was rumored yesterday that Cornelius and his wife had become reconciled. Mrs. Cornelius's suit for divorce, in which she named Mrs. Harrington as co-respondent, was dismissed recently.

San Pedro Man Faces Term in Wife Assault

John W. Norman of San Pedro will be sentenced Monday for assault with a deadly weapon upon his wife, Mrs. Jennie Norman, of which he was convicted yesterday by a jury before Judge Hardy. It was testified that Norman and his wife had a fight over some property in the course of which he chased her to their front yard and felled her with a hammer. He was accused of assault with intent to murder, but the jury, after twenty minutes' deliberation, brought in a verdict finding Norman guilty of the lesser offense. Dep. Dist.-Atty. Vobayda prosecuted.

FINDS HOSPITAL SITE

Police Surgeon to Urge Quarters at Franklin and Spring

The City Council's Finance Committee at its meeting next Monday afternoon will receive a report from Police Surgeon Goodrich recommending that the Receiving Hospital be moved to a new two-story brick building at the northwest corner of Franklin and Spring streets, which the city has recently acquired through condemnation for the City Hall site. The committee asked the police surgeon to find new adequate quarters for the Receiving Hospital, as the lease on the present building at First and Hill street expires July 1. The Spring-street building can remain intact for at least two years while the new City Hall is under construction.

BLIGHT IS NAMED AS MacLAUGHLIN AGENT

Reynold E. Blight, for a number of years actively identified with business in Southern California, has been appointed resident manager in charge of the Los Angeles office of Leo G. MacLaughlin Company which specializes in government, municipal and corporation bonds. For the past two years, Mr. Blight, who is a certified public accountant, has been in Washington and New York.

Artists to Give Services to Aid Club for Girls

Charles Wakefield Cadman, Calmon Luboviski, Frieda Peycke, Princess Tsianina and other nationally known artists of Los Angeles will participate at the annual spring musical festival of evening of the 29th inst., at the Philharmonic Auditorium. All working girls of Los Angeles are invited. The entertainment will be free.

A feature of the concert will be selections by the Girls' Corner Club Chorus, composed of fifty young women under the direction of Mrs. Guy Bush. Mrs. Frederick Hawes and Mrs. Sarah Tracy Wilson will assist in receiving the guests and the program will be in charge of Mrs. Frances Neth, director of the club, which now has a membership of more than 3000.

The Girls' Corner Club, founded four years ago, has for its objects the promotion of friendliness and co-operation among its members and the free assistance in the matter of giving business instruction to and obtaining employment for girls in need of such help. Free classes are conducted in stenography, book-keeping and other branches of business, as well as in music and other arts. All working girls are invited to become members.

To Stop Bleeding

Sometimes it is difficult to stop the flow of blood after a tooth has been extracted. If powdered alum is applied to the cavity it will stop the bleeding.

BUTTER

The All-Nourishing Food!

No other food provides so much energy as good, wholesome Butter! It is a 98% food, supplying what the system needs for work or play. Butter is one of the most economical of foods.

Spread it on thick; use it generously in prepared foods, for nothing takes the place of Butter in cooking. All ages need it for robust health and physical upkeep.

—Challenge Cream and Butter Association.

KHJ SERVED BY MILLER SERVICE

Gypsy Trio Male Quartet on Radio Program

Mary Bower and Operatic Tenor Lend Voices

Miss Juckson, Heindl Also Offer Numbers

BY CLAIRE MELLONINO

Millerized service made famous by F. B. Miller, enacted a new role last evening. The creator of this aid to humanity, wishing to express his appreciation for the confidence extended to him by the public, came to KHJ last night with an unusual program. The occasion was also to manifest Mr. Miller's gratitude for the trust reposed in him which has made it possible to organize three branches at 1120 South Figueroa, 220 West Pico and 733 Central, in which of each is carried on the business of dealing in Hudson and Essex motor cars.

The program, arranged by J. Howard Johnson, presented the Chico de Verde Russian Gypsy Trio, the Harmony Male Quartet, Mary Newkirk Bower, soprano; Henry Cantor, operatic tenor; Catherine Jackson, harp; Joseph Heindl, 'cellist, and Norene Raymond, accompanist.

GYPSY ROMANCE RECALLED

Catherine Jackson, harp, and Joseph Heindl, 'cellist, more affectionately known as the H and J of the station's call letters, by virtue of their performance removed any doubt regarding the reasons for their new titles. They link their respective talents, personalities and common love for good music.

The romance which surrounds the gypsy seems ageless. It was recalled with new fervor by the Russian Gypsy Trio which selected for its program works from the pens of men in whose veins coursed the blood of boundless spirit and the fire of life. Each suggestion of the composer was embellished with the joy essentially a part of the native gypsy disposition. The trio is composed of Chico de Verde, its leader and violinist; William Pestounoff, piano, and Mischa Terr, 'cello.

The Harmony Male Quartet consisting of Edward Hamm, first tenor; Henry Foth, second tenor; John Richert, baritone, and Herbert Richert, bass, are one of the outstanding examples of the perfection in balance and excellent gradation of tone, that can be secured by four male voices, whose interests are one, who have a unified desire to rehearse, and who place individual ambitions second to the success of the ensemble.

Mary Newkirk Bower is one of the supports upon which KHJ reared its imposing frame. Her soprano voice remained on the altar of service through the months of uncertainty. The gratitude of Radioland is always revealed by the letters which invariably flood through the gates she opens with her charm of manner and the finesse with which she delivers a song.

Henry Cantor, whose operatic tenor, has been enjoyed in the past in duets and solos, returned last night to repeat his former successes. Inspired by the able assistance given him at the Knabe by Norene Raymond, he added color to such arias as "Questa o Quella" from Verdi's "Rigoletta," and "Una Furtiva Lagrima" from Donnizetti's "Elixir of Love."

AFTERNOON GLIDES SWIFTLY

The afternoon hour given through the courtesy of the Pacific States Electric Company, glided swiftly into the past under the hands of the Titian Trio, comprising Winnifred Shutten, violin; Mona Content, piano, and Marion Mathews, 'cello; Karl Brandenburg, tenor, and Urban Thielman, jazz pianist.

The snappy dance orchestra from the Ship Cafe under the leadership of Walter Lyon, kept our youthful roof audience gliding through ballroom calisthenics with no thought of Old Sol's fury.

Prof. Walter Sylvester Hertzog delivered his lecture on American history.

There was also little plump Vyola Von representing fifty pounds of unsuppressed and talented youth; Walter Wilkinson, 8-year-old boy actor; Majorie Thornton, 16-year-old gifted pianist pupil of Ethel Sanborn; Nathan Kleinberg, 12-year-old violinist, and Billie Haynes, 12-year-old singer.

Upon conclusion of this hour we welcomed back Gladys De Witt, who has been absent from our midst, touring the Santa Fe System, and leaving the sunshine of her smile in places where it is not often found. She picked up the thread of her story last night pertaining to the "Romance of the Santa Fe Trail."

If you don't tune in on KHJ tonight you will miss one of the finest programs ever given from our station. Through the generosity of George La Shell of Long Beach, you will hear the noted Philharmonic Wind Quintet composed of all first-chair men of the Los Angeles Philharmonic Orchestra; Vera Barstow, famous woman violinist, and Leonore Killian, contralto.

KEMP HOLDS NEW WATER BONDS VITAL

Importance of Supporting Colorado River Aqueduct Issue Stressed

Declaring that Los Angeles is faced with the absolute necessity of securing an additional water supply from the Colorado River if the people wish the city to continue to grow and prosper, John W. Kemp, prominent attorney, yesterday stressed the importance of voting the $2,000,000 Colorado River aqueduct bonds on the June 2 election ballot.

"Since we are confronted with the absolute necessity of maintaining an adequate water supply for the city's needs and are able to vote bonds to do this work without incurring 1 cent of additional taxes, the two water bond issues should be carried by a unanimous vote," asserted Mr. Kemp.

"The need for these two bond issues is so imperative that the importance of their adoption cannot be overestimated.

"Even under normal rainfall conditions and when fully developed our Owens River Aqueduct water supply can meet the needs of not more than 2,000,000 people. In dry years, such as we have been experiencing, our present water sources are strained to meet our needs at the present time.

"The $2,000,000 water bond issue, which appears as Proposition No. 2 on the ballot, is to be used to make detailed and complete studies of the Colorado River aqueduct and to carry forward preliminary work in connection with the proposed domestic water project. The $8,000,000 water bond issue, which appears as Proposition No. 1, is needed to enlarge and improve our existing water system in order to meet the people's month-by-month water needs. Voting this issue is a pressing business necessity."

Always on the Move

Mrs. Kawler: I suppose you are bothered a good deal by the servant question.

Mrs. Hiram Daly: Yes; the question of mine seems to be: Where do we go from here?—[Boston Transcript.

BAPTISTS ELECT OFFICERS

George P. Cortner of Redlands Chosen President at Final Session of Long Beach Convention

By a "Times" Staff Correspondent

LONG BEACH, May 22.—George P. Cortner of Redlands, was chosen president of the Southern California Baptist convention here today. He succeeds the Rev. F. O. Belden of Bakersfield. Other officers chosen for 1925-26 were Rev. J. A. V. Peters, re-elected clerk; Miss Irene McNally, elected assistant clerk, and George E. Reid of Los Angeles, re-elected treasurer.

The new board of trustees for the three-year term were chosen as follows: D. K. Edwards, Mrs. A. B. A. Briggs, Mrs. W. J. Schultz, Dr. James A. Francis, Rev. George C. Wright, Prof. J. H. Montgomery, Rev. F. I. Beckwith, Rev. Otto Russell and Verner Olson.

Members of the new board of trustees of Redlands University are W. H. Geistweit, Jr., of San Diego; W. H. Bennett of Hollywood, D. K. Edwards, Los Angeles; James Whitcomb Brougher, Los Angeles; J. H. Strait, Redlands; W. H. Fowler, W. F. Harper, Mrs. Martin Bekins, J. M. Curtis, all of Los Angeles, and J. M. Paige, Pomona.

Activities for the final day of the convention, in addition to the election of officers, included a conference on plans and methods for the new year and an address at the afternoon session by L. W. Hattersly of Rangoon, India. Speakers at the final session tonight included James Holmes and J. Bunyan Smith of Los Angeles.

RETURNED SON SINGS OF SOUTHLAND GLORY

Paraphrasing an old song, Monroe Salisbury told members of the Masonic Club yesterday that "We never miss this lovely land until we go back East. No first visitor to Southern California was ever more enthusiastic over the beauty and the soft fragrant air of this section than was I as I stood on the observation car that brought me back home," said Mr. Salisbury. Dr. Mars Baumgardt, who was to have given an address, was reported to be ill, as was also Irving Mitchell, president of the Masonic Club. The meeting was presided over by Charles Means and the program included Mr. Salisbury's recitation of the classic "The Prophet of the Blackfeet" and the rendition of Indian songs by Samuel Pettigrew, a Navajo Indian, accompanied by Miss Mabel Wilson.

CONTRACT AWARDED FOR SEWER CEMENT

The California Portland Cement Company was yesterday awarded a contract by the Board of Public Works for 11,000 barrels of cement to be used in building Section 23 of the outfall sewer. This is one of the laterals serving the main outfall sewer, which was completed last year at a cost of $7,500,000. The company's bid was $2.40 net per barrel for the cement, f.o.b. Los Angeles.

"BROWN MILL" COFFEE
~JEVNE'S very best, with a saving of 5¢ per pound, because of the "economy" package—instead of the extravagant tin.
JEVNES "Hotel Blend" coffee is a good coffee at a surprisingly low price.
~at your grocers

The Rich Flavor of "SALADA" TEA
GREEN TEA
is due to the tiny fragrant leaves used in the blend. Superior to any Japan or Gunpowder. Insist upon SALADA.

Electric Ray Captured

Russell Coles, whose hobby is deep sea fishing, recently captured a giant electric ray near Morehead City, N. C. The fish, which weighed 120 pounds, was presented to the Museum of Natural History in New York. According to Coles, the ray had enough electric charge to "stun an elephant." He did not catch the fish in the regular way. It was stranded near his boat by the receding tide and members of his crew prevented it from getting back into the sea. When the fish was dead the "batteries" near its head contained practically no electric energy. —[Pathfinder.

ROBBER OF BANK SEIZED IN CHASE

Window Washer Proves Poor Hand at Banditry

Amateur Thief Caught After Fleeing With $3437

Citizens Respond to Alarm in Time to Take Him

Robert Sova, 28-year-old window washer, tried his hand at bank robbery yesterday, but with extremely poor results. He took the plunge into crime with the thought of realizing enough to meet the payments on an expensive car he had bought. But his career as a bandit was cut short promptly and effectively by the embattled residents in the neighborhood of One Hundred and Tenth and South Main streets. They piled out with their rifles and revolvers and overtook and arrested the amateur bank bandit within a block of his crime.

Robert Sova

Last night Sova was occupying a cell in the County Jail. He had made a complete confession and laid his disastrous venture to his penchant for high-priced automobiles and the inability to pay for them out of his meager earnings as a window washer.

Shortly before 3 p.m. yesterday Sova stalked into the First Exchange State Bank at One Hundred and Tenth and South Main streets. In his hand was a gun and across his face he had draped a white handkerchief in the approved bandit fashion.

Charles Kellogg and E. A. French, Jr., both assistant cashiers, were behind the counter. M. McDermott, a real estate operator, was using the telephone on the counter.

"Stick 'em up," barked the amateur gunman and as the three men obeyed, Sova ordered McDermott to pull the shades down and to close the bank door. His momentary lapse at this point proved his undoing. One of the assistant cashiers succeeded in touching off the burglar alarm. While he was scooping up $3437 in silver and currency from the counter, J. I. Smith, who had been attracted by the alarm, peered through the window and saw the victims with their hands in the air and the bandit with his gun trained on them.

He immediately spread the alarm through the neighborhood and a dozen or more men, with shotguns and revolvers, promptly responded. As the bandit ran through the front door and vaulted into McDermott's automobile, which had been parked in front of the bank, French raced out of the back door, gun in hand and the members of the volunteer posse ran for the automobile.

H. Johnson, owner of a cafe in the neighborhood, was in the lead. He jumped on the running-board before the car dashed away and jumbled into the rear of the machine. Led by French, the other members of the posse, including Frank Roach, Mark Anderberg and Sidney B. Cox, commandeered another machine and gave chase. A block from the bank they overhauled the fleeing gunman and placed him under arrest. A short time later Sova was in the County Jail.

EDISON BUILDING BRINGS MILLION

(Continued from First Page)

be closed this morning in the Marsh-Strong Building when the Mutual Theater Building Company will contract with John M. Cooper, architect and builder, to erect a playhouse on the north side of Sixth street, between Grand and Hope streets, next to the Savoy Hotel.

Purchase of the land was announced yesterday by the Mutual Theater Building Company. The seller was F. E. Keifer.

The new theater, which will be known as the Harry Carroll Theater, will cover an area 88x115 feet and will have a seating capacity of 1100.

The new structure will be of concrete facade with stenciled and reverse form work. No plaster or art stone will be utilized. Polychrome exterior treatment will be emphasized by lighting. The interior will be of exposed concrete with paintings on beams and walls. Symbolic statuary will lend color and tone to the lobby. The proscenium arch will be of massive, rusticated concrete with deep channels. The stage will be deep and arranged in such a manner as to accelerate movement behind the stage.

Work by the John M. Cooper Company will start next month. Officials of the building company were announced as president, Edwin H. Flagg; vice-president and secretary, Maurice Saeta; treasurer, Charles L. Webber.

ORGANIZERS OF CHURCH QUIT

(Continued from First Page)

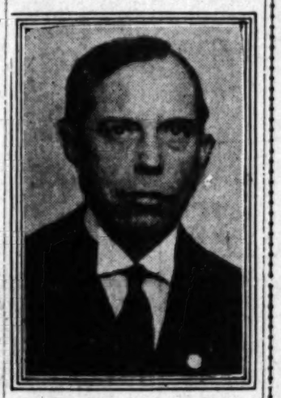
controversy comes the statement from Charles L. Newell, whose wife is chairman of the branch's board, that Mrs. Fisher and Mrs. Clough left because they were more worldly than spiritual in their branch activities.

Mrs. Anna Bailey and Mrs. Ula V. Beauchamp have succeeded Mrs. Clough and Mrs. Fisher as first and second readers, respectively, of the branch. Mrs. Fisher and Mrs. Clough said they will not go back to the Mother Church but will seek new unfoldment in other circles. They formerly were connected with Hollywood and Long Beach units of the Mother Church but withdrew from them because of controversies.

GRAPE JUICE LIBELED

Libel action by the government against three cases of grape concentrate, asserted to have been adulterated, was filed in Federal court yesterday by Asst. U. S. Atty. J. Edwin Simpson. The three cases of grape juice were asserted by the complaint to have been shipped from Los Angeles to Portland, Or., by the Pacific Coast Distributing Company.

CLEVEREST SOLVER OF CRIME TO RESIGN



Capt. George K. Home

CAPT. HOME TO QUIT HIS POST

(Continued from First Page)

May, 1917, and has since retained that rating. During his regime as detective captain, he conducted personally the investigations — and solved — scores of the city's most perplexing crimes.

SOLVED MANY CRIMES

Capt. Home's first notable achievement in his new office was the solving within a few hours the riddle of the murder of Motorcycle officer Kronschnable a few weeks after he was appointed captain of detectives. The officer was pursuing a car for a minor traffic infraction. The driver of the car without warning, shot the officer and sped on. It was at this time that Capt. Home first placed into operation his plan of "checkerboarding" the city with every available officer on the department in the manhunt. Within a few hours he learned that the murderer had kidnaped a girl a few months before the killing. The girl was rescued, the identity of the criminal was obtained and later apprehended in the East through Capt. Home's work.

Other solutions to fameus crimes accredited to Capt. Home included the apprehension and conviction of "Tuffy" Reed for the murder of Jacob Weingarten, trunk dealer; the arrest and conviction of the slayers of Officer Hathaway, and of Officers Bret and Chester and other slayers of policemen; the bombing of Oscar Lawler's Wilshire home; the Westlake Bank bandit case; the First National Bank robbery, in which Sem McGee was slain, and numerous other bank robberies—and many other cases of major crimes, their solutions and the conviction of the participants.

GOES TO TEXAS

Capt. Home temporarily left his post as detective captain to take over the duties of Chief of Police, having been appointed to that position in July 7, 1919, by Mayor Snyder. After fifteen months in office, during which he placed every department into the highest stage of police efficiency, he resigned as Chief of Police to become associated with a Texas oil company, having obtained a year's leave of absence to do so. He remained in Texas for about a year, still retaining his civil service rating, and then returned to Los Angeles and shortly thereafter again took over his post as captain of detectives.

During the regime of Chief of Police Oaks, Capt. Home was transferred to Hollywood police station as divisional commander. Popular demand brought about his return to Central Station as detective captain, but upon the advent of Chief of Police Heath as Oak's successor he was again transferred to a sub-division, this time to Sawtelle Police Station. Again the demands of those familiar with Capt. Home's achievements as head of the detective bureau resulted in a second return as head of the detectives and his re-appearance at Central Station developed into the greatest reception ever accorded to any local police official in the department's history.

Eagle Rock Has Installation of Mason Chapter

The new Masonic Temple in Eagle Rock witnessed the most brilliant event of its career last night when Eagle Rock Chapter No. 134, Royal Arch Masons, was installed. A banquet was served at 6:30 o'clock with local chapter members, their wives and grand officers as guests. At 8 o'clock 200 persons witnessed the presentation of the constitution and the installation of local officers.

Mattison B. Jones presented a Bible to the chapter in behalf of Mark T. Lee, Excellent High Priest, and on behalf of the chapter, Dr. James Whitcomb Brougher made the speech of acceptance. Rollin L. McNitt presented a gold compass and square to the chapter, a gift of David M. Mears.

Guests of honor included Charles Henry King, Grand High Priest from Sebastapool; James B. McLees, Deputy Grand High Priest from San Diego; David M. Reese, Grand Scribe from Ventura; Angus Cavanaugh, Grand Captain of Host from Sawtelle, Samuel A. Clarke of the Grand Royal Arch Chapter of San Francisco; James Whitcomb Brougher, Grand Chaplain; Mattison Boyd Jones, General, Grand Royal Arch Chapter of U.S.A., from Glendale. New chapters of the Royal Arch Masons were formed last week in Hollenbeck, Van Nuys, Long Beach, San Fernando and Eagle Rock.

MURDER EVIDENCE IS SOUGHT IN SAN DIEGO

Dep. Dist.-Atty. Davis departed for San Diego yesterday to search for the weapon used in the slaying of Albert R. Rosenblum, real estate salesman, who was killed November 16, 1924. If the gun is located it will be important evidence in the second trial of Russell Van Bibber, charged with the murder. The retrial is set for Tuesday in Judge Hahn's court.

"Local Laughs" Prize Coupon

EVERY WEEK the Los Angeles Times produces a humorous film, paying fifteen cash prizes for the best jokes submitted—$5, $3, $2, and twelve prizes of $1 each. Prize-winners are announced on the screen of the theaters where the film is shown, each joke bearing the name and address of the contributor. Every one is eligible to compete, the only rule being that jokes must not exceed thirty words. Jokes should be written on the blank below or on paper of similar size, and be mailed to "Local Laughs" Editor, Los Angeles Times, Los Angeles, Cal.

DIOGENES OVERLOOKED THIS ONE

Couple Walk Into Court and Nearly Shock Judge Off Bench By Insisting Upon Paying Fine for Speeding Before They Depart Jurisdiction of the Court

Miracles apparently still do happen. Presiding Justice Baird had one happen to him yesterday. It came about in this way:

A few days ago F. E. Lungren of 1132 East Fifty-seventh street was presented with a traffic tag for passing another machine at an intersection. Yesterday Mr. Lungren and his wife walked into Justice Baird's chambers and showed him the tag. They wanted the matter straightened out.

"Why, your case doesn't come until next Wednesday," Justice Baird remarked after glancing at the card.

"Well, judge, I know that. But you see my wife and I are leaving for New Mexico tomorrow. We're not coming back and we don't like the idea of leaving and having this thing hanging over us."

Justice Baird, who had come to think himself absolutely shockproof through his varied experiences on the bench, almost collapsed with surprise.

"Do you mean to say that you are leaving the State and are coming up here voluntarily to pay a fine, when you know you won't have to pay it if you leave the State?"

"Well, I know that, too," Mr. Lungren replied, "but just the same I want this thing settled before I leave even though I could escape and nothing would happen to me."

Justice Baird, recovering partly from his surprise, asked Mr. Lungren if he had actually committed the offense charged. He received another shock.

"I can't really say," was Mr. Lungren's answer. "You see I was busy driving but I don't think the officer would lie. I suppose I did."

Thereupon, Justice Baird fined Mr. Lungren $25, suspended the fine and wished him the best of luck on the trip to New Mexico.

"But I do wish you'd come back," he said. "This county needs citizens like you." And as they departed, Justice Baird murmured: "And to think that Diogenes spent a lifetime looking for an honest man."

ALIMONY DEPENDS ON WEATHER

Once Case Was Continued Because of Drouth, but Second Time Judge Grants Delay Because Downpour Spoiled Crops So Husband Couldn't Pay Any Part of $160

"It never rains but it pours."

Two months ago Reuben H. Kirkham, San Fernando alfalfa grower, explained to Judge Gates that if Jupe Pluvius stayed on the job, he might be able to arrange the increase of alimony demanded by his wife, Mrs. Grace Kirkham, who is suing him for divorce.

This sounded reasonable to Judge Gates, and he continued the proceedings for an increase sixty days, to see how the weather might go.

So when the Kirkhams appeared before him yesterday, after several recent havy rains, for a judgment, Judge Gates greeted them with a congratulatory smile.

"Well, folks, we sure have had some nice rains lately. We ought to be able to fix this matter up satisfactorily to all concerned now in a mighty short hearing," he hailed the litigants.

But Kirkham did not smile. On the contrary, he looked glummer than at the previous hearing.

"Too much rain, Judge," he grumbled. "Ruined my crop. It was all ready to sell at a good price, and this rain comes along and spoils it."

"What!" exclaimed the court. "Do you mean to say that you avoided this increase once because of lack of rain, and now you come in to avoid it again on account of too much rain?"

"That's about it, Judge," Kirkham admitted. "That's the farmer's life all over."

After a bitter argument between counsel, the matter was just where it started. Kirkham said he didn't have any money and would have to sell his alfalfa at a loss. So he was granted another continuance, against the next crop. Mrs. Kirkham is getting $160 a month up until then.

"This just goes to show that there is no such thing as prosperity in alimony court," Judge Gates commented sadly.

BEAUTY SPECIALIST IS FREED

Judge Dismisses Charge Against Woman in Death of Pasadena Realty Operator

A manslaughter charge against Mary Electra Lawrence, beauty specialist at 1825 Morgan Place, was dismissed yesterday by Judge Hardy on motion of Dep. Dist.-Atty. Dennison, who declared the evidence insufficient in his opinion and that of Dist.-Atty. Keyes.

Mrs. Lawrence was accused of causing the death of Mrs. Jessie Gilchrist, Pasadena real estate dealer, who died in her operating room while undergoing a facepealing operation, March 4, last.

Mr. Dennison said he did not believe a conviction could be obtained because she was properly licensed to conduct a beauty parlor, had obtained the prescription for the carbolic acid paste used in the skinning operation from a licensed physician, had had it filled at a licensed pharmacy, had called a licensed physician to administer an anesthetic, and had called in a licensed physician when Mrs. Gilchrist showed signs of illness.

A chemical analysis of a portion of Mrs. Gilchrist's brain, he continued, showed traces of carbolic acid, and it had been calculated that if the drug was present in all her body in the same proportion there was enough to cause death; but there was no evidence, he said, that such an even distribution actually existed.

Mrs. Lawrence was represented in the court proceedings by Attorney Russell Bray.

Volunteers of America Parley Ends With Tour

Concluding one of the most interesting conferences of its history, members of the twenty-eighth field council of the Volunteers of America will close their week's session at noon today.

Gen. Ballington Booth, who presided over the gathering of scores of officers from every State in the Union, will leave this evening for San Francisco and Oakland.

Yesterday's program was devoted principally to inspection by Gen. Booth and his officers of the various departments through which the Volunteers of America administer local philanthropies: Home for working men, the industrial department, the employment bureau, the Gospel Missions and the Maud Ballington Booth Home for Boys and Girls. At this latter place a special dinner was served.

Actor in Local Theater Held on Check Charges

Ross W. Forrester, said by police to have a character part in a play at a local theater, was arrested yesterday on bad-check charges. According to Detective Lieutenants Neece and Page of Hollywood division, who arrested Forrester, he has passed about forty bad checks in the past month, some signed with fictitious names. The largest amount obtained on any check was about $50, the officers declared.

Forrester was arrested at his home, 1823 North Garfield Place, and booked at the Hollywood Station.

STORK IS SEEN IN THE OFFING

(Continued from First Page)

Chaplins, Lita went to live with her mother about two months ago. This followed the negotiations held by attorneys and relatives of the couple, and the subsequent public appearance of Charlie Chaplin and his bride.

The change from the Chaplin mansion, to the smaller, hillside home of Mrs. Spicer was made in accordance with the suggestion of a physician. Mrs. Chaplin's friends said and was advised because Lita wanted to be near her mother.

Yesterday, and during the last two weeks, all inquiries at the Spicer home brought the reply that Mrs. Chaplin and her mother are living "at the big house." The Japanese servant who keeps guard over the Iris-Drive house said his employer and her daughter were "over there"—pointing in the general direction of Beverly Hills.

Tradesmen and persons living in the vicinity of the Chaplin home in Beverly Hills say they have not seen Mrs. Chaplin for nearly three weeks. Nor has she been seen in any of the Hollywood shops, where up to a few weeks ago, she made purchases.

POLICEMAN DIES IN PLANE FALL

(Continued from First Page)

at the funeral parlors of Afferdyce & Fox, 1017 Baker avenue, in Bell this morning. Following funeral services at Morgan's home, 236 South Otis street, the body will be shipped to Texas, the home of his mother. Windell's home is in Wilmington.

The plane was the ordinary Curtis biplane type with dual controls. In this machine, however, the control stick had been removed from the front cockpit where Morgan sat and only the foot rudder remained.

Funeral Rites for R. B. Pierce Set for Today

Funeral services will be conducted at 2:30 p.m. today for H. B. Pierce, principal of the H. B. Pierce detective service, who died suddenly Saturday, short time after leaving his office. Mr. Pierce had been in Los Angeles since 1921, when he was transferred here from Philadelphia as division superintendent of the bureau of investigation, Department of Justice. He resigned to manage the Charles A. Jones Detective Agency, and took over the agency under his own name six months ago. He was associated with
